GOSSIP.

A COMING SALE OF JERSEYS.

Mr. Geo. Latsch, Freeport, Ont., advertises in this issue that on June 30th, at his farm, two miles east of the town of Berlin, he will sell by auction his choicely-bred herd of Jerseys—12 females and 4 bulls. For the number it would be difficult to find as large a proportion of richly-bred animals descended from large-producing ancestry, and we are informed that the cows are large, have strong constitutions, and are heavy milkers. The catalogue shows that there are among the females two granddaughters and three great-granddaughters of the great show cow, Signal's Rosa May, with a record of 22 lbs. butter in a week, and winner of 1st prize and sweepstakes at Toronto Industrial Exhibition four times—a show record never equalled by any cow in Canada. Five are descendants on the dam's side of the fine imported cow, Black Diamond's Queen, from the Island of Jersey, record 15 lbs. 8 ozs., and on the sire's side, Niobe's St. Lambert King, by Canada's John Bull 5th, dam Niobe of St. Lambert, 21 lbs. 9 ozs., of Yankee's Pegasus, son of Yankee's Dream, 23 lbs., one of the 1st prize herd at Toronto, shown by Mr. V. E. Fuller, and of Bugle of St. Lambert, whose dam gave 53 lbs. milk daily. Two are granddaughters and great-granddaughters of Mrs. Jones' great cow, Topsy of Malone, 14 lbs. 4 ozs. as a two-year-old.

JUDGES OF HORSES AT THE WESTERN FAIR. At a recent meeting of the Western Fair Board, the following judges were appointed for the breeding classes of horses:

Clydesdales, Heavy Draft, and Agricultural—John Gardhouse, Highfield. Roadsters—R. W. Jackson (harness); H. B. Kennedy (line). Clydesdales and Shires—P. McGregor, Brucefield.

WM. HOWE'S YORKSHIRES.

Mr. Wm. Howe's stock farm is within sight of the village of North Bruce, in Bruce County, Ont., where much of its owner's attention is devoted to his herd of Yorkshire swine, which he founded some three years ago upon females selected from the noted Oak Lodge herd. The first sow selected was Charnier's Maid 2279, by Geneva 1432, dam Charnier's Daughter 1908, with pedigree tracing direct to representatives of the famous Holywell herd. The two years' service has made a strong impression, and started the nucleus of what promises to be by far the most important herd in that section that we have seen. At a later date Mr. Howe made the personal selection of Oak Lodge Victress 236, a member of the famous prizewinning Victoria family, being a full sister to Mr. Brethour's '98 show sow and winner under two years, as well as figuring conspicuously among the best winnings at the fat stock show in '97. In confirmation she possesses such good quality rightly placed. Beauty 2685, by Oak Lodge Magnate 2nd 1917, was farrowed in February of '97, since when she has won many first premiums in active showyard competition. She suckled a litter at the time of our visit that would do credit to the most noted in the breed. The present stock boar, Oak Lodge Clarence 2nd 2886, by Oak Lodge Jacko 2809, dam Oak Lodge Cicerella 2nd 2819, was farrowed in the fall of '97, and although we had estimated him at sight as a very superior animal, he grew in that estimation when his pedigree was produced, and Mr. Howe informed us that his grandam farrowed the sweepstakes bacon pen at Brantford in '98, as well as the three of family that won the same year, and visitors will readily recall the excellency of that exhibit and importance of the honorable winning. Mr. Howe informed us that all young litters at foot were by this boar, and all the sows on hand were being bred to him this season. Parties desirous of obtaining healthy, fresh young stock will do well to watch Mr. Howe's advertisement.

NOTICES.

Suffolk Flock Book.—Volume XIII. of the Flock Book of Suffolk sheep, has been issued by the Secretary, Mr. Ernest Prentice, Ipswich, Eng. It contains pedigrees of rams Nos. 1869 to 5431. It also gives a history of the Suffolk sheep, scale of points, index of registered flock owners, show records, list of members, and much other official information. The price of the volume is five shillings. It is like former volumes—well gotten up.

Ontario Fruits.—Mr. L. Woolverton, Secretary of the Ontario Fruit Growers' Association, has prepared an admirable volume of nearly 100 pages describing and illustrating all the principal fruits of Ontario, such as apples, pears, peaches, quinces, cherries, grapes, currants, and berries. The engravings are excellent, being from photographs and as nearly actual size as possible. It has been published in handy pamphlet form by the Ontario Department of Agriculture, Toronto, and should be of great service to farmers and others in identifying fruits and in the choice of desirable varieties for planting. Mr. Woolverton is to be complimented on the way in which the work has been done.

Going to Michigan.—The North Middlesex (Ont.) Farmers' Institute has arranged an excursion to the State Agricultural College at Lansing, Mich., on Thursday, June 22nd.
