

Quick Fertilizer

There is nothing in the American market today that acts so quickly and surely as a fertilizer as

Nitrate of Soda.

Apply to the surface in the spring. A small quantity does the work. Watch the crops closely and when they look sick or make slow growth apply the remedy promptly. Book, "Food for Plants," tells all about it. **John A. Myers**, 12 R. John St., New York, will send you free copy on request. Nitrate for sale by fertilizer dealers everywhere.

Hatches are often reported by those who use these Incubators. One reason for this record is absolute uniformity of temperature in egg chamber; correct instructions for operating; has fireproof lamp. THE "ROB ROY" MINES.

OUR stock was never as valuable as it is to-day. Each succeeding report just confirms our first impressions. We do not owe a dollar and have sufficient stock subscribed to carry us a long way yet. Last week we got an order for 10,000 shares at regular Company's price, and hope to close a deal soon which will enable us to quit offering stock. Over 60,000 shares have been taken by that very conservative class, the railroad men. An investment in our stock is absolutely safe.

DON'T IMAGINE THAT

Spraying Apparatus

are all alike. Quite the contrary. Some never work well. Some work well at first, but soon give out, because not honestly made. Some are gotten up to sell. The Spramotor works well at first, and continues to work well, because it is honestly made.

We guarantee our machines in every detail against all defects that may arise, and our guarantee is good. We can satisfy you in this point. We could not afford to do this unless we did our work well. All we ask is that the Spramotor be given reasonable care. We will tell you all about these things if you write us. A 76-page copyrighted treatise on the diseases affecting fruit trees and their remedies, for the asking. We pay the postage. Address,
