

Industrial Exhibition, Toronto.

THE EXPOSITION HEADQUARTERS OF

BATTLE'S THOROLD CEMENT.

ACROSS THE ROAD FROM THE DAIRY BUILDING.

Every Farmer Visiting the Exposition is Invited to Call and See this Model Barn.

All will be Welcome. Hundreds Who Have Called Say it is the Coolest Building on the Grounds.

In this building will be found actual demonstrations of the adaptability of THOROLD CEMENT for use in the construction of Concrete Houses, Bank Barns, Horse Stables, Cow Stables, Piggeries, etc. Also the office of the ESTATE OF JOHN BATTLE, where our MR. JAMES BATTLE will be constantly in attendance, and will be pleased to give all information.

ESTATE OF JOHN BATTLE, THOROLD, ONT.
MANUFACTURERS OF THOROLD CEMENT.

THE NATIONAL Cream Separator

MANUFACTURED BY THE RAYMOND MFG. CO. OF GUELPH, CAN.

Has every valuable improvement to make it serviceable, reliable, easy and handy to operate.

Has no complicated parts to wash, only two loose pieces inside of the bowl.

Anti-friction ball bearings, to save power and cost of oil.

The neatest in design and finish.

Proven beyond a doubt to be a necessity to make dairying profitable on the farm when making butter or when sending cream to the creamery or city trade.

It makes more butter and improves the quality so as to command the highest price.

Saves labor, and earns an extra increased profit of from \$1 to \$8 per cow annually.

Ask those who have them. Consider the waste of money by feeding the most valuable constituent in milk to calves, when grain meal, having the same feeding value, can be substituted at 1-16 of the cost of the butter-fat.

"NATIONAL" NO. 1 HAND FCWIF.

The "National" is sold entirely on its merits. A free trial given at your own home.
