

Japan tea drinkers express a decided and lasting preference for

"SALADA"

CEYLON GREEN TEA because of its purity and delicious flavor, while, from an economical standpoint, it's money in pocket, one pound serving the place of two of Japans. Sold in the same form as famous "SALADA" Blacks, in lead packets only. 25c., 30c., 40c., 50c., 60c., per lb. By all Grocers.

TRADE NOTES.

In addition to former lines of implements carried by the Frost & Wood Co.'s agent, Winnipeg, shoe and single disk drills and Milner-Petrolia wagons will be kept in stock this season. Trade is brisk at present, and indications point to a continuance of such.

The product of the eastern factories of the Deering Harvester Co. at Hamilton and Brockville will find a ready sale again this year in Western Canada. Spring-tooth cultivators, disk and smoothing harrows are now coming from these factories. Business with this company is very satisfactory.

With the Balfour Implement Co., the introducing of the Milner-Petrolia wagons has been a great success. This wagon is well adapted for Western use. The J. I. Case plows and Dowagiac grain drills are ready sellers, and are giving good satisfaction. This firm is handling exclusively these lines of goods.

The Maw-Hancock disk plow has again been slightly improved in a manner which makes it more easily handled. The draft has been changed to the center, thus overcoming a weak spot in its former make-up. This business is being formed into a joint stock company; Mr. Alfred Maw, of Calgary, and members of the present staff being the only additions. The Bissell disk cultivator and the Champion fanning mill are being added to the list of implements formerly kept. The Winnipeg carriage trade is calling for a higher quality of goods than has been kept in stock before, so it has been necessary to import to keep pace with the progressiveness of the city.

THE NORTHWEST THRESHER CO. have lately opened in Winnipeg. Mr. Rooney, the genial manager here, reports a great rush of business at their southern offices. During Bonspiel week a separator and engine will be on exhibition.

TREES SUPPLIED TO FARMERS.—In another column will be noticed the advertisement of E. Stewart, Superintendent of Forestry for Canada, giving notice of how trees for planting in 1904 may be obtained free of cost by Western farmers, by applying before the first of March of this year. Over 400 farmers have now plantations of which either the trees or the seeds were supplied under this system, and the number will be greatly increased after next year.

E. E. DELVIN & Co. have exclusive rights of sale of the Chicago Airmotor Co.'s house, and although only one year established in Winnipeg, a large and rapidly-increasing trade is being carried on. They make a specialty of assuming all responsibility in the erection of windmills. Mr. Delvin employs experts, and guarantees satisfaction. Five different sizes are kept on hand, some for pumping and others more powerful. The Eiffel wood tower or the Airmotor steel tower are both offered for sale.

THE PRIVATE SECRETARY.

A Unique Combination

The practice of the veterinary profession in Manitoba by any other person is in direct contravention of the statute, and renders him liable for prosecution.

F. TORRANCE, REGISTRAR.

PLEASE MENTION FARMER'S ADVOCATE.

FOR OVER 20 YEARS

We have been supplying the people of Manitoba with the highest grade of PIANOS AND ORGANS, at legitimate, fair prices, and if you intend to buy an instrument, YOU NEED our catalogues and price lists.

As we sell direct from the factory to your home, we can save you money.

We rely on a large output to make up our profit, so that the percentage you pay is very small.

WE PAY FREIGHT. SENT ON TRIAL. NO MONEY IN ADVANCE.

We will send you an organ or piano to any part of Manitoba or the N. W. T. on trial. We prepay freight charges, and do not ask you for an advance payment or deposit. If the instrument is not satisfactory after 15 days' trial in your home, we will take it back entirely at our own expense. You pay nothing unless you decide to keep the instrument. Old instruments taken in exchange.

Easy payments, quarterly or yearly. We will supply you with

a Thomas organ from \$45 to \$150, and guarantee the price of each to be fair, and the organ worth the money you decide to invest.

In pianos our prices run from \$200 upwards. In high grades we have the GERHARD HEINTZMAN and the MENDELSSOHN. The Gerhard Heintzman is well known as Canada's best and most up-to-date instrument, and the intrinsic and musical value of the Mendelssohn is universally recognized.

Either of these makes we guarantee unreservedly as to quality, beauty of tone, case design and general excellence. Prices low.

In cheaper makes, we have the Craig piano, the Berlin piano and Reid Bros. piano, and we are sure we can prove to you that in this class of goods we can give you better value than you can get elsewhere.

A post card will bring you a fund of information worth many times its cost in saving you money and worry in the selection of an instrument for your home. Everything in Sheet Music, Phonographs and small musical instruments.

THE GRUNDY MUSIC CO.'Y, 478 MAIN STREET, WINNIPEG.
