

Amatite ROOFING

Saves Paint Bills

YOU never see anybody painting an Amatite Roof!

It has a mineral surface that needs no painting.

Roofs that need painting are out of date. A few years ago everybody painted their roofs as a matter of course.

Then came Amatite with its real mineral surface—practically a pitch concrete. This mineral surface is durable and permanent.

It comes in rolls ready to lay, with liquid cement for the laps and large-headed nails packed in the center of each roll, so that there is nothing else to buy. Anybody can lay it.

And remember—it needs no painting.

Sample and booklets free on request.

Everjet Elastic Paint

Low in price. Great in durability. Invaluable about the farm for prolonging the life of "rubber" roofings, fences, iron work, machinery, tanks, etc.

J. Lawrence, Woodstock, Ont. R.R. 8

Tamworths—A choice lot of young boars, large enough for service and sons of first quality.

HERBERT GERMAN St. George Ontario

Their breeding is the best; three, four and five numbered dams; their sires and grandsires are among the most popular, and their size and quality of underpinning are all that could be desired. Smith & Richardson never before in their many years' successful history have had together so many high-class stallions and fillies. Look them up at the fall and winter shows at Toronto, Guelph, and Ottawa.

Gossip.

Attention is called to the change of advertisement of Henry Arkell, Arkell, Ont., who is now offering for thirty days, thirty-five yearling Oxford Down ewes. These ewes are being bred to an imported winning ram. Twenty-five ram lambs are also offered. See the announcement elsewhere in this issue.

CLYDESDALES AND PERCHERONS AT MARKHAM.

For many years one of the strongest line-ups at the leading shows in Clydesdale and Percheron stallions and fillies, has been the exhibit of Dr. T. H. Hassard, of Markham, Ont. The center of admiration of countless lovers of the best in horse flesh, the many honor ribbons and championships that have gone to the Markham stables, honestly won in the strongest kind of company, is evidence of the high standard maintained in Dr. Hassard's importations year after year. In Scotland and in France, the price asked has never been a factor to prevent the Doctor owning a stallion or filly that measured up to his standard of excellence. This, in a great measure, explains why so many Scottish and French prizewinners have come to the Markham stables, to go out again in the big Canadian rings and capture leading honors. All this, of course, is past history, and well known, but for the present, for the coming winter shows, and for the coming season's trade, the big, commodious stables at Markham are full to overflowing with more size, more quality, more style, and more fashionable breeding along illustrious prize-winning lines than ever before. Of Clydesdales and Percheron stallions, mares and fillies, there are about sixty head, many of them winners in the lands from which they came, and a number of them winners since coming to Canada. Among the Clydesdales, four, five and six numbered dams are the rule. An individual review would take more space than is at our disposal, therefore we shall not attempt it more than to mention a couple that landed a few days ago. One of them is the famous Scottish sire of ton horses, Dunedin 15312, a dark-roan ten-year-old, by the noted champion and sire of champions, Marmion, dam by the big, good-breeding horse, Macmurray, grandam by the unbeaten £3,000 Prince of Albion. Dunedin is a massive horse that, in condition, goes considerably over the ton, with big feet, and strong, flat bone. He is one of the great sires, and the breeders around Markham are surely in luck to get his services. The other is a tremendous big, well-balanced bay three-year-old, Lord Elphinstone 15313, by Earl Harding, dam by Lord Stewart, grandam by Johnnie's Style. He was first and champion at the Durham show this year. The Clyde stallions range in age from one to eight years, and represent the blood of practically all the top winning sires of the breed. The Clyde mares and fillies range in age from one to five years, and in both stallions and fillies are many winners and champions. In Percheron stallions there is a selection of thirteen, from two to five years of age, of a quality seldom before seen this side of the water. In Percheron fillies there are ten, from one to four years, exceptional merit and quality being the predominating features. A representative lot of both Clydesdales and Percherons will be out for comparison at the Toronto and Guelph shows. Look them up, and, if interested, a visit to Markham will supply your wants, no matter what the standard required.

"It does not always take brains to make money," observed the father of the college boy, as he looked over the young man's expense bill; "but it sure does take money to make brain."

Roofing That Lasts

GALT STEEL SHINGLES provide the most durable and economical roofing you can put on your house or your barn. They are absolutely weather-proof, lightning-proof and fire-proof. They are light and strong, requiring no extra heavy bracing. They do not corrode or accumulate moss or chaff.

GALT STEEL SHINGLES possess numerous patented features which are well worth looking into.

Write for literature and information which will prove worth hundreds of dollars to you. Simply scribble the one word "Roofing" on a postcard, together with your name and address. You'll hear from us by return mail.
