

WE WANT YOUR MONEY

BUT not until you can say "Here is the dollar—you deserve it"; not until we HAVE EARNED IT, not until you are WILLING to send it to us, not until you want to send it to us, not until you are SATISFIED to pay it, not until we HAVE PROVEN to YOU that we have what we claim, not until that you will be willing to pay, GLAD TO PAY, as hundreds of the readers of this paper, yea, even thousands, have been willing and glad to pay. YOU ARE TO BE THE JUDGE. We leave it to you entirely for you to decide. If you can say that we, and Vitæ-Ore, have earned your money, we want your money, as we say at the top, but NOT OTHERWISE. How can you refuse to give this most remarkable of all remarkable remedies—a natural, curing and healing mineral ore—a trial on the terms of such a LIBERAL OFFER? If you need medicinal treatment of any kind, if you are sick and ailing, if any one in your family is ailing, poorly, worn out, sickly, it is actually a sin and a shame if you do not send for Vitæ-Ore upon the terms of this thirty-day trial offer. Read the offer! Read it again and again! Send for the medicine! Do it to-day! Each day lost makes a case older, obstinate, harder, hurts you more, pains you more. We take all the risk; you have nothing to lose.

WE WILL SEND TO ALL

Subscribers or readers of The Farmer's Advocate a full-sized \$1.00 package of VITÆ-ORE by mail, POSTPAID, sufficient for one month's treatment, to be paid for within one month's time after receipt, if the receiver can truthfully say that its use has done him or her more good than all the drugs and doses of quacks or good doctors or patent medicines he or she has ever used. Read this offer again carefully, and understand that we ask our pay only when it has done you good, and not before. If not, no money is wanted! We take all the risk; you have nothing to lose. If it does not benefit you, you pay us nothing. We give you thirty days' time to try the medicine, thirty days to see results before you need to pay us one cent, and you do not pay the one cent unless you do see the results. You are to be the judge! We know Vitæ-Ore and are willing to take the risk.

Vitæ-Ore is a natural, hard, adamantite, rock-like substance—mineral—Ore—mired from the ground like gold and silver in the neighborhood of a once powerful, but now extinct, mineral spring. It requires twenty years for oxidation by exposure to the air, when it slacks down like lime, and is then of medicinal value. It contains free iron, free sulphur, and free magnesium, three properties which are most essential for the retention of health in the human system, and one package—one ounce—of the ORE, when mixed with a quart of water, will equal in medicinal strength and curative value 800 gallons of the most powerful mineral water drunk fresh from the springs. It is a geological discovery, in which there is nothing added or taken from. ORE has cured more chronic, obstinate, pronounced incurable cases than any other known medicine, and will reach such cases with a more rapid and powerful curative action than any medicine, combination of medicines, or doctors' prescriptions which it is possible to procure.

Vitæ-Ore will do the same for you as it has for hundreds of readers of The Farmer's Advocate, if you will give it a trial. Send for a \$1.00 package at our risk. You have nothing to lose but the stamp to answer this announcement. We want no one's money whom Vitæ-Ore cannot benefit. You are to be the judge! Can anything be more fair? What sensible person, no matter how prejudiced he or she may be, who desires a cure and is willing to take cases. We mean just what we say in this announcement, and will do just as we agree. Write to-day for a package at our risk and expense, giving age and ailments, and mention The Farmer's Advocate, so we may know that you are entitled to this liberal offer.

BEST DOCTORS FAIL

HAD KIDNEY TROUBLE FOR 30 YEARS. DROPSY 20 YEARS, AND RHEUMATISM 12 YEARS.

Vitæ-Ore Triumphs Astonishingly After All These Long Years of Sickness.

In 1867 I was taken with Kidney Trouble and could not do any farm work. I continued in this condition for so long, although I tried many remedies, that it developed into Dropsy, and I have been more or less in a dropsical state for the past twenty years, at times most alarmingly so.

To add to my already heavy burden, I was attacked with Rheumatism some 11 or 12 years ago, and this has been with me almost continuously since that time. I had the best doctors in the country, having continually searched and expended money to bring about a cure, if such a thing were possible, but all to no avail. I also tried my share of all the advertised treatments, as I suppose every sick person does and of Vitæ-Ore I had tried so long and so fruitlessly that I laughed at the claims set forth, but as I investigated further and found that it was not a man-made compound, but a natural mineral ore, mined from a deposit, I grew interested in it and decided to at least give it a trial. I commenced taking Vitæ-Ore three months ago, and still take it, and am now as well and free from all these troubles as I ever expected to be and more. Vitæ-Ore is certainly a powerful remedy, and I only wish that I had learned of it when it was first placed upon the market. It almost makes me heart-sick to think of all the great suffering, pain and illness I could have saved, and the ability I could have had to do all I wanted to do. No ailing person should pass by the opportunity to try it when it is offered to them.

Rheumatism Gone--Gained 20 Pounds

Meredian, N. W. T. Vitæ-Ore is a grand medicine. I have gained twenty pounds and have only used one package—the package which was sent to me on thirty days' trial. My Rheumatism has entirely left me, although no treatment which I used before was able to do anything with it. It is astonishing what a great result has been accomplished from so small a quantity of medicine used in so short time. I will always recommend Vitæ-Ore, and think every sick person should take advantage of your liberal offer to give a trial without a penny of cost until benefited.

PETER HAY.

WHAT CATARRH IS:

Many of the troubles and disorders which Vitæ-Ore is advertised to cure may be traced to a Catarrhal condition of some part of the body. Most people connect the word Catarrh only with a disorder of the head or throat, but such inference is not correct.

Catarrh, as defined by Webster, is an inflammatory affection of any mucous membrane, any condition in which there are congestion, swelling, morbid action or any alteration in the quantity and quality of mucus secreted. It can consequently be present in any part of the body where there is a mucous membrane, the head, nose, throat, stomach, intestines, bowels, bladder, kidney and generative organs, and as a clot of dust will impair the workings of the finest watch, so a catarrhal condition of any organ will enfeeble the power, prevent the proper functional activity and capacity, and result in a complication of ills of many names and symptoms, treated in many different ways, but no cure is possible unless the Catarrhal condition, the primary cause, is checked and removed. To successfully treat catarrh of any part it is necessary to use medications which possess the power of allaying inflammation, arresting morbid action and of purifying diseased mucus.

Vitæ-Ore will positively cure Catarrh of any organ or part of the body, used for the different conditions in the several ways prescribed in our printed directions. It is a natural astringent, presenting qualities as such which it seems impossible to duplicate in any manufactured or artificial product, and immediately allays all inflammation, stops all morbid or irregular action on the membrane, eradicates all catarrhal so as to faithfully perform its individual function and restores the entire system to a state of entire and perfect health.

Its action is **certain**, and results **sure**. It can be relied upon to reach every case more promptly and effectively than any treatment, combination of remedies or doctor's prescription that can be procured, and cure **completely as well as permanently**. Patients afflicted with catarrh of any part should not delay treatment, as delay means a spread of the disease to other parts, a more aggravated condition from month to month, and more difficulty in effecting a cure. **Vitæ-Ore** has cured thousands upon thousands of cases, as the multitude of testimonials in our indexes shows, many of them in which the patient was at such a stage that hope was given up, recalling them from the shadow of the grave.

CURED OF SALT RHEUM

Afflicted for Over Ten Years—No Other Medicine Could Do the Work—Three Packages of Vitæ-Ore Proves to Be a Positive Cure.

I have been in a most unhappy condition with Salt Rheum for the last ten or eleven years, and during that time I have used several medicines, in fact, a great many, in the hope of obtaining a cure, none of which brought me any great relief. The last remedy which I took before I made use of Vitæ-Ore simply did me no good at all. I heard that there was a medicine called Vitæ-Ore, which was known to have cured cases of Salt Rheum in my neighborhood, and I immediately sent for a package on trial. The thirty days' use of the medicine made possible by the trial terms greatly relieved the trouble, and it alone was enough to do more good than any treatment I had previously used. I sent for two more packages, the use of which has completely cured me. I would like all people who are suffering from this ailment to know about my cure.

My cure was due to the use of this wonderful medicine. Although I used the Vitæ-Ore only for the purpose of curing my Salt Rheum, I find that after taking the three packages my general health is much improved, and I feel much better and stronger than I have been for many years. I would recommend my cure to all who are afflicted with this ailment. MR. P. MALLICET, Colonge, Que.
