The character of the School, for efficient instruction, is well known; and is superior to that of any other Educational Establishment in Montreal. The Principal is engaged in making arrangements for further improvements. Parents who have been disappointed in securing an educator for their children, and have been spending their money to no purpose, have an opportunity of redeeming lost time, by placing their Sons at the St. Urbain Street Academy.

The Winter Quarter will commence November first, but Pupils can enter at any time, and will be charged from the time of entrance.

In consequence of the loss sustained by the late fire, the Principal respectfully requests his Friends to forward the amount of Quarterly Fees as early as possible.

PROSPECTUS

OF THE

CANADIAN INDEPENDENT:

A NEW PAPER,

To be published simultaneously in the Cities of Hamilton and Toronto, chiefly designed to promote, by peaceable means, Separation from the Mother Country.

THE Undersigned, having secured the assistance of several gentlemen of ample means and ability, and under the necessary arrangements will publish the above Paper early in this City and Toronto on or before the First Day of October next, a Paper under the above designation, intended, mainly, to promote the object referred to.

In making this announcement, he begs, most emphatically and distinctly, to disclaim all connection with either of the great political Parties at present existing in the Province, and will confine himself, as closely as possible, to the question of *Canadian Independence*, which, in his opinion, must hereafter take precedence in importance over all others.

The Locality of an organ to represent the views, and advocate the principles, of that portion of the people of Upper Canada, who have already come to the conclusion that the time has arrived when the connection between the North American Provinces and Britain is injurious to the interests of both, and ought to be terminated, has induced the Subscriber to undertake the onerous task of becoming chief Editor of the INDEPENDENT. In Lower Canada, with two or three exceptions, the entire Press, both French and English, has declared for the cause of Independence. In this section of the Province, however, the virulence of party, and the complete subserviency of nearly the whole Press to party purposes, have been such as to deter even the Conductors of those Journals, whose opinions are known to be favorable, from espousing the cause.

When so large a proportion of the Press in the other section of the Province, and so many individuals of respectability and intelligence in this, entertain principles and views similar to those which this Paper is intended to advocate, the Undersigned considers it unnecessary, in a mere Prospectus, to enter into the reasons which may seem to justify the advocacy of such a measure. It will be sufficient to state, that these reasons are of both a Political and Commercial nature, and the measure will be advocated on the broad grounds of Political and Commercial necessity.

From the sentiments distinctly enunciated on various occasions during the last few years, by English Statesmen and Writers of eminence, no reasonable doubt can be entertained that, whenever a majority of the people of these Colonies shall, through their Representatives in Parliament, ask to be freed from Imperial connection, their request will be conceded. Indeed, those who have attentively noted the sentiments propounded by the leading politicians in Britain, of the present day, must have noticed a growing desire to be relieved from the government of these Colonies, so soon as it can be done with honor and safety; whilst others, whose influence has already effected one of the greatest Revolutions in the Commercial policy of the Empire which the world has witnessed, do not hesitate to express an opinion that the Colonies should be abandoned without delay. It is believed that a great majority of the people of Canada, influenced by the opinion that the Province would be permanently and materially benefitted by the attainment of this end, are already favorably inclined.

In Lower Canada, which contains considerably more than one-half of the entire population of the Province, and where the Press has taken the initiative, the feeling amounts almost to unanimity; and in Upper Canada, a very large proportion, if not an actual majority of the people, may be regarded as entertaining similar sentiments.

It is quite unnecessary to enter into an explanation of the causes which have led to this desire—mutually entertained in Britain and Canada—for separation. They are known to all. The measures adopted recently by the Imperial Government, have not only placed these Provinces on the same footing as strangers, but they are actually kept, by burrisome and restrictions, over which they can exercise no control, from a participation on favorable terms, in the trade of any country in the world.

As the British Provinces are so geographically situated, in relation to the United States, as to render them commercially dependent upon each other to a very large degree, the attainment of Canadian Independence can only be regarded as a necessary preliminary to admission into the American Union. The advocacy of the one necessarily involves that of the other. The subject is, therefore, one of equal interest to every neighbor on the other side the lines, who will take the trouble to find, in this Journal, a reflex of public opinion on this and other subjects interesting to them as well as to us.

In order to render the INDEPENDENT in every way worthy of public support, a considerable portion of its columns will be devoted to AGRICULTURE, COMMERCE, MANUFACTURES, MINING INTELLIGENCE, RAILWAYS, FOREIGN and DOMESTIC NEWS, and general LITERATURE. It will be published weekly, until a sufficient amount of circulation can be obtained to warrant a semi-weekly Issue—on a large quantity of sheet—similar in size and appearance to the New York *Albion*.

The terms will be FOUR DOLLARS per annum, payable in advance.

Persons desirous of promoting the views above expressed, are earnestly requested to exert themselves in procuring Subscribers and Advertising.

Agents will also be sent through the country, for the purpose of extending the circulation.

As very large editions of the first few numbers will be printed, Advertisements will obtain a wide and general circulation.

Letters on business to be addressed (post paid) to the Subscriber, at Hamilton.

IMPORTANT TESTIMONIALS.

Copy of a letter from "COLONEL HAWKER," (the well known Author on "GUNS & SHOOTING,") Longparish House, near Whitchurch, Hants, October 31st, 1846.

SIR,—I cannot resist informing you of the extraordinary effect that I have experienced by taking only a few of your LOZENGES. I had a cough for several weeks, that denied all that had been prescribed for me; and yet I got completely rid of it by taking about half a small box of your Lozenges, which I find are the only ones that relieve the cough without deranging the stomach or digestive organs.

I am, Sir, your humble servant,
P. HAWKER.

ANOTHER INSTANCE OF THE GOOD EFFECTS OF KEATING'S COUGH LOZENGES, UPWARDS OF TWENTY-ONE YEARS' STANDING.

LIVERPOOL, 6, Bold Place, Jan. 26, 1848.

MY DEAR SIR,—I have great pleasure in informing you that my wife has received great benefit from the use of Keating's Cough Lozenges, you recommended her a short time since. Previous to this she had been troubled with a severe cough, and was under some of our first medical men here without experiencing any relief; however, Keating's Lozenges have done wonders.

With respects, believe me, your's faithfully,

RESTORATION OF VOICE BY KEATING'S COUGH LOZENGES.

GLASGOW, 12th January, 1847.

SIR,—I have great pleasure in informing you of the great good your excellent COUGH LOZENGES have done me. In December, 1845, I caught a severe cold from riding two or three miles, one very wet night, which settled in my lungs, and quite took away my voice, so that I could not speak above a whisper from that time until December last. I tried all kinds of medicines, but they were of no avail. I was then advised to try your Lozenges, which I did only to please my friends; but before I had finished a 2s. 9d. tin, my voice, to my great joy, came back as strong as ever.

I am, Sir, your's respectfully,
JAMES MARTIN.

ANOTHER VOLUNTARY TRIBUTE TO WISTAR'S BALSAM.

WINTHROP, Kennebec County, Maine, August 24, 1846.

DEAR SIR,—If my testimony in favour of your valuable medicine will do you any good, or be of any service to the sick and afflicted, you are welcome to make such use of it as you please. For seven or eight years I have not enjoyed perfect health. In the spring of 1844 I had some cough; I was then in Worcester County, Mass., and applied to a physician, who gave me some medicine, but it did not relieve me. I was not able to work during the summer. Last fall I was much worse, so reduced by coughing, and sweating nights, that I was obliged to take my room. A physician tried in vain to relieve my cough, and restore me to health; but I did not expect to recover; I however concluded to try Wistar's Balsam of Wild Cherry; I was then troubled with very frequent spells of coughing, night and day; before I had taken one bottle, my cough was easier; I continued to take the medicine until I was able to leave my room. I have taken several bottles, and I think Wistar's Balsam of Wild Cherry has cured me; at least, I feel so well and so strong as I have for twelve years.

TURKISH BLACK SALVE.

UNDER THE PATRONAGE OF THE HONORABLE THE EAST INDIA COMPANY.

THIS SALVE, prepared from the original recipe procured from a celebrated Turkish Hakim, (physician) of Smyrna, in Asia Minor, and which has obtained an unprecedented celebrity in Great Britain and the East Indies, from the astonishing Cures performed by it in both these countries, has lately been introduced into Montreal. As might be expected, its popularity has followed it, and its use is becoming general among all classes. The Proprietors, prompted by the very flattering reception it has met with in the Metropolis, have determined on extending its usefulness to all other parts of Canada; and, for that purpose, have established agencies in all the principal Cities. They flatter themselves that when its wonderful properties shall become more generally known, they will meet with that encouragement which the introduction of such a valuable medicament into a country justly entitles them. The contracted limits of an advertisement necessarily precludes their entering into any elaborate detail of its merits, but, for the information of the public, they intend to publish, from time to time, such statements of cures as have or may occur, and for the present will content the natives with merely enumerating some of the complaints for which it has been used with the most complete success. Such as Swollen Glands, Broken Breasts, Sore Throat, White Swellings, Cuts, Wiltlows, Scalds, Burns from Scalds, Sore Nipples, Carbuncles, Scald Head, Gun-shot Wounds, Bruises, Boils, Pustules, Wens, Chilblains, Ulcerated and Common Sore Throats and Bunions. If used in time, it will prevent or cure Cancers, also, Swellings arising from a blow on the Breast, Ring Worm, Pains in the Back, Rheumatism, Gout, Pains in the Chest, Palpitation of the Heart, Complaints in the Liver, Spine, Heart and Hip, Diseases of Blood in the Head, Swelled Face or Toothache. Its benefits are by no means confined to the Human race, but it extends its healing qualities to the Brute creation. It is an excellent application for Saddle and Harness Galls, Broken Knees, Cracked Heels, &c. &c.—In fact, it is impossible to enumerate half the complaints that have been cured by the application of this Salve. It is very portable—will keep in any climate, and requires little or no care in its application, as it may be spread with a knife on any substance, such as chamois leather, linen, or brown paper.

Sold in Montreal by J. S. LYMAN, Place d'Armes; SAVAGE & Co., Notre-Dame Street; URQUHART & Co., corner St. James Street, and LYMAN & Co., St. Paul Street, and in all the principal Cities in Canada.

All Letters must be post-paid, and addressed to Messrs. SOMERVILLE & Co., Post-Office, Montreal.

REDUCED RATES OF PREMIUM—HALF CREDIT RATES OF PREMIUM.

THE great and decided success which has attended this Institution has induced the Directors to REDUCE the RATES originally required in British North America to the ordinary European Rates. The result of such Reduction is to enable parties to avail themselves of the important benefits of Life Assurance at much lower Rates of Premium than those of any other Assurance Company transacting business in Canada.

The Directors have also resolved to extend to British North America the advantages afforded by the HALF CREDIT RATES of PREMIUM which have been so highly approved and are so generally adopted by Policy Holders in the United Kingdom. The most liberal conditions are likewise offered to the Assured in the limits to which they may proceed by sea or land, to other parts of North America without affecting their Interest in their respective Policies.

HOLLOWAY'S PILLS.

CURE OF ASTHMA.

Extract of a Letter from Mr. Benjamin Meekin, a respectable Quaker, dated Cresneagh, near Longhall, Ireland, dated September 11th, 1848.

To Professor HOLLOWAY:

RESPECTED FRIEND,—The excellent Pills have effectually cured me of an Asthma, which afflicted me for three years to such an extent, that I was obliged to walk my room at night for fir, afraid of being suffocated if I went to bed by cough and phlegm. Besides taking the Pills, I rubbed plenty of the Ointment into my chest night and morning.

CURE OF TYPHUS FEVER. WHEN SUPPOSED TO BE AT THE POINT OF DEATH.

A respectable female, in the neighborhood of Loughall, was attacked with Typhus Fever, and lay for five days without having tasted any description of food. She was given over by the Surgeon, and preparations were made for her demise. Mr. Benjamin Mackie, the Quaker, whose case is referred to above, heard of the circumstance, and sent to the innocent sufferer the following letter, which is published at her request:—

SIR,—I have advice just received, it appears that Colonel Dent, who is with the Regiment in India, the 31st Foot, has cured himself of a very bad attack of Fever by those celebrated Pills. There is no doubt that any Fever, however malignant, may be cured by taking at night and morning, copious doses of this fine medicine. The patient should be induced to drink plentifully of warm linseed tea or barley water.

CURE OF DROPSY IN THE CHEST.

Extract of a Letter from J. S. Mundy, Esq., dated Kensington, near Oxford, Dec. 2nd, 1848.

To Professor HOLLOWAY:

SIR,—My Shepherd for some time was afflicted with Water on the Chest, when I heard of it, I immediately advised him to try your Pills, which he did, and was perfectly cured, and is now as well as ever he was in his life. As I myself received so extraordinary benefit last year from your Pills and Ointment, it has ever since been my most earnest endeavor to make known their excellent qualities.

THE EARL OF ALDBOROUGH CURED OF A LIVER AND STOMACH COMPLAINT.

Extract of a Letter from His Lordship, dated Villa Mentone, Leghorn, 21st February, 1848.

To Professor HOLLOWAY:

SIR,—Various circumstances prevented the possibility of my thanking you before this time for your kindness in sending me your Pills as you did. I now take the opportunity of sending you an order for the amount, and, at the same time, to add that your Pills have effected a cure of a disorder in my Liver and Stomach, which all the most eminent of the Faculty at home, and all over the Continent, had not been able to cure. I shall, ever the waters of Chelsea and Marienbad, wish to have another but and a Pot of the Ointment, in case any of my family should ever require either.

Your most obliged and obedient servant,
(Signed) ALDBOROUGH.

YOU MAY BE CURED YET!

HOLLOWAY'S OINTMENT.

CURE OF RHEUMATISM AND RHEUMATIC GOUT.

Extract of a Letter from Mr. Thomas Brentnall, Landlord of the Waterloo Tavern, Cleckheaton, Yorkshire, late of the Life Guards, dated September 28th, 1848.

To Professor HOLLOWAY:

SIR,—For a long time I was a Martyr to Rheumatism and Rheumatic Gout, and for two weeks previous to using your medicines I was so bad as not to be able to walk. I had tried discovering and medicines of every kind, but all to no avail, indeed I daily got worse and felt that I must shortly die. From seeing your remedies advertised in the paper I take to, I thought I would give them a trial. I did so. I rubbed your Ointment in as directed, and kept cabbage leaves to the parts thickly spread with it, and took the Pills night and morning. In three weeks I was enabled to walk about for an hour or two in the day, with a stick, and in seven weeks I could go any where without one. I am now, by the blessing of God and your medicines, quite well, and have been attending to my business for more than seven months, without any symptoms of the return of my old complaint.

Besides my case of Rheumatic Gout, I have lately had proof that your Pills and Ointment will heal any old wound or ulcer, as a married woman, living near me, had had a bad leg for four years, which no one could cure, and I gave her some of your Pills and Ointment, which soundly healed it when nothing else would do it. For your information, I had the honour to serve my country for twenty-five years in the 1st Regiment of Life Guards, and was eighteen years a Corporal. I was two year in the Peninsula War, and was at the Battle of Waterloo. I was discharged with a pension, on the 2nd September, 1833. The Commanding Officer at the time was Colonel Lygon, who is now a General. I belonged to the troop of Captain the Honorable Henry Berkeley.

CURE OF A BAD LEG OF TWENTY-ONE YEARS' STANDING.

Extract of a Letter from Mr. Andrew Brash, Blacksmith, Eyemouth, near Berwick, dated the 10th of August, 1848.

To Professor HOLLOWAY.

SIR,—With pleasure and gratitude I have to inform you that since suffering for twenty-one years with a bad leg, which yielded to no kind of treatment, although I consulted, at different times, every necessary man of eminence in this part of the country, but all to no purpose. I was frequently unable to work; and suffered pain and agony I often endured no one can tell. My leg in some so sound as ever it was in my life by means of your Pills and Ointment, which I purchased from Mr. I Davidson, Druggist, Berwick-upon-Tweed, who knows my case well, and will I am sure, be happy to certify with me, if necessary, as to the truth of this wonderful cure.

AMPUTATION OF TWO TOES PREVENTED.

Extract of a Letter from Mr. Oliver Smith, Johnstone, dated Feltkirk, August 13th, 1848.

To Professor HOLLOWAY,

SIR,—I was superintending, about six months ago, the erection of one of our Railway Bridges, and one fell of a large stone my right foot in so perfectly bruised, which ultimately got so bad, that I was advised to go to Edinburgh to consult some of the eminent Surgeons, which I did, and was told that in order to save my foot, two of my toes must be taken off. In despair, I returned home to request the medicine as was to my wife, intending to submit to the operation; it was there a thought struck me to try your Pills and Ointment and Pills, which I did, and was by the means in three weeks enabled to resume my employment, and at this time my toes are perfectly cured.
