NEW REVOLUTION TO BE STARTED?

Leaders Who Fought For
Huerta Said to be Forced
to This Action on Purely
Personal Considerations.

El Paso, July 26.—Cientificos, Spaniards and Federal refugees are backing the new counter-revolution which has had its start in Western Chihuahua, and which is expected to become formidable when Pascual Orozco arrives from the south. According to the reports from Mexico City to-day, Orozco is now in the position of a man without a country. Both he and Marcelo Caraveo are said to have offered their services to Provisional President Carbajal to repel Carranza and his Constitutional troops, but their offers have been declined. The Constitutionalists have threatened to execute both leaders if they are made prisoners. Hence, these two former Maderista commanders at least appear forced into a new revolution whether they wish it or not.

Only Hope
The two men will get aid and assistance if they successfully escape from Central Mexico, where they are now operating, and can reach the vicinity of the United States border, for United States Government officials here declare that the Federal land-owners in Northern Mexico have realized that their only hope of saving their properties is to start a counter revolution in the hope that this will bring about intervention.

It is said that \$50,000 and \$75,000 has been obtained for the new movement and that quantities of arms and ammunition have been purchased. Men are being sent to points along the New Mexico-Chihuahua border each night in numbers and are being supplied with equipment after they cross the line.

Depend on Prisoners
The leaders of the counter-revolu-

tion are counting on the possible release of the Federal prisoners at Fort Wingate, New Mexico, who are expected to join the revolutionary movement. Large numbers of Federal officers and soldiers are also expected to join the movement, as they fear that they will be executed if they remain in the territory controlled by Carranza.

All of the "colorados" or former Orozco revolutionists, are being depended upon by the leaders of the revolution, as their deaths have been decreed by Villa wherever caught.

When shown a telegram from the border to-day stating that Carbajal was seeking terms of amnesty for all Federal officers before surrendering Mexico City, Villa declared that the surrender of the Carbajal Government must be complete or the rebel troops would take Mexico City by assault.
