MIGHTY RUSH OF WATER

Washes Campanian's Deck in Big Storm in Mid-Ocean.

Five Lives Lost—Thirty Persons Injured, Some of Them Seriously—The Five Steerage Passengers Were Washed Overboard and the Deck Was Strawn With the Injured—Disaster Came Unheralded.

New York, Oct. 15.—Five lives are known to have been lost and more than 30 persons injured, some of them seriously, on the Cunard Line steamer Campanian last Wednesday, when a gigantic wave rolled over the vessel and swept across a deck thick with steerage passengers. So sudden was the coming of the disaster and so great the confusion which attended and followed it that even the officers of the steamer themselves were unable Saturday, upon the vessel's arrival here, to estimate the full extent of the tragedy. It is possible that the five persons known to be missing from the steerage, may not constitute the full number of dead.

When the Campanian reached quarantine Saturday ten of the injured passengers were still in the ship's hospital, some of them seriously hurt, and a score of others were nursing minor injuries. The steamer was ploughing along under full head way last Wednesday afternoon. A heavy quartering sea was running, but the weather conditions were far from unpleasant and the big boat's decks were crowded with passengers. The steerage deck was covered with merry-makers and there was nothing to indicate the approaching disaster, when suddenly the big vessel lurched to port and scooped up an enormous sea.

Submerged to Their Waists. The wave boarded the steamer about midships on the port side and swept clear across the steerage deck, completely filling the space between that deck and the deck above and carrying everything with it.

The steamer's side was buried so deep that the passengers on the deck above the steerage were submerged to their waists as the immense volume of water rolled aft and then surged forward. All the cabin passengers on the upper deck succeeded in clinging to supports while the water surged around them, and were saved, but the unfortunate on the steerage deck found themselves utterly helpless. The irresistible rush of waters, sweeping towards the forward part of the ship, carried everything before it. Nettles, heavy railings and other obstructions which had been arranged near the railings to prevent passengers being washed overboard, served their purpose only in part.

Strewn With Injured. So great was the volume and force of the rushing waters that a door in the rail was smashed and through this opening five of the helpless ones who had been caught by the wave, were swept to their deaths. Other like obstructions, escaped death, but many of them received severe injuries. One young woman had both legs broken at the thigh and several persons suffered broken arms and ribs, while more than a score were bruised and battered. When the wave cleared the vessel the forward part of the deck was strewn with injured and for hours Dr. Verden, the ship's surgeon, aided by a number of physicians among the cabin passengers, was busy in attending to their hurts. In the meantime an inspection of the steerage was made by the ship's officers and it was learned that five of the passengers were missing. No further information regarding the result of the inspection was given out.

Furious Gale in Channel. Dover, Eng., Oct. 16.—The Hamburg-American liner Pretoria, from Hamburg for New York, sailed at 10:45 p.m. yesterday. The arrival of the vessel here was delayed nine hours, owing to a furious gale in the channel.

RUNAWAYS CAUSE TWO DEATHS.

One Farmer Crushed Between Wagon and Tree Stump.

Belleville, Oct. 15.—A fatal runaway accident occurred near Madoo Village Friday evening. A man named Thomas McKewen, a farmer, residing in Madoo Township, and son of John McKewen, township treasurer, was driving a spirited team of horses when they became frightened and ran away. McKewen was thrown violently to the ground and sustained fatal injuries.

John Maynard, who resided near Cloyne, was also the victim of a fatal runaway accident. He had dropped the reins of his horses to hunt out a milk can from his wagon, when the horses suddenly took fright and ran away. The wagon collided with a stump, and Mr. Maynard, who had dropped through the wagon box, was crushed to death between the wagon and the stump. He was about 50 years of age.

Both Feet Cut Off.

Belleville, Oct. 15.—Wiley Hamilton lost both feet and sustained other injuries while running a planer in Gordon's mill at Malone. His clothes caught in the belt and he was thrown against the planer. Both feet were cut off at the instep, and he was otherwise severely injured. The doctors think he will recover.

Killed By a Tombstone. Berlin, Oct. 15.—A fatal accident occurred here Saturday morning. While trying to steady a tombstone a young man named Messett was crushed and died a few hours later. The day was carrying two heavy stones. As the wagon went over a bump the stone fell over and crushed Messett against the other stone.

Walks From Train. Brookville, Oct. 15.—A man named Fitzpatrick, upwards of 60 years, fell from a G. T. R. freight car during Saturday night. A few miles from Prescott, he had in the car a team of horses,

wagon, buggy, etc., and a quantity of baled hay. He suffered a dislocated shoulder besides other injuries, but was able to continue his journey. Fitzpatrick had plenty of money.

Grand Stand on Fire. Bucyrus, Ohio, Oct. 15.—While the races at the County Fair Saturday afternoon were on, the grand stand was discovered to be on fire. A panic followed the first announcement. Spectators in the stand rushed for the exit, and soon blocked the only passage to safety. Excited women, children and men leaped over the front of the stand on to the track, 12 feet, and many were injured by the leap. Those who left the grand stand last were badly burned, as the big pine building went like tinder. In less than a half-hour the entire fair was wiped out.

SENATOR FULFORD DIES.

Succumbs to the Injuries He Received At Newton, Mass., in Automobile Accident a Week Ago.

Newton, Mass., Oct. 15.—Senator Fulford peacefully passed away at 3:23 yesterday afternoon. He was unconscious towards the end.

Senator Fulford's injuries, which were at first regarded as slight, developed into the paralysis of the vital organs and for the past two days there was no hope of his recovery. The accident occurred on Walnut street in this city on Sunday afternoon

SENATOR FULFORD.

last, the automobile in which Senator Fulford was riding with William T. Hanson of Schenectady, N.Y., coming in collision with an electric car. The entire party, including the chauffeur, Louis Zerax of Albany, N.Y., were thrown out. Zerax died three days later, but Hanson escaped without serious injury. The body will be taken to Canada to-day.

George Taylor Fulford was born at Brookville in August, 1852. As a youth he was an assistant in his uncle's drug store in that city, and it was about twenty years ago that he started on his own account on projects, which were destined to bring him fortune and fame. He had acquired the drug business, but that he left to branch out into the patent medicine line. He acquired by purchase a pink pill recipe. From that time he prospered and was known as "Fulford's Pink Pills," known as "Fulford's Place," and overlooking the St. Lawrence, is believed to have cost \$250,000. It is a fact that for one life insurance premium Senator Fulford paid an insurance company \$1000.

Mr. Fulford was a director of the Toronto General Trusts Co., Ogilvie Flour Mills Co., Frost & Wood Co. and the James Smart Mfg. Co.

The deceased was always an ardent supporter of the Liberal party and was appointed by that party to the Senate in 1900.

In 1880 he married Mary Wilder White of North Atkinson, Wis., and besides the widow, he is survived by two daughters, Mrs. Arthur "Settle" and Mrs. Mattie Fulford, and one son. The funeral will take place on Wednesday afternoon.

Pin Prick Kills at 95.

Altoona, Pa., Oct. 15.—After living over 90 years without any serious illness, Mrs. Matilda Scott of Belleville, Minn. County, five months ago pricked her forehead with a pin. Cancer resulted, and she died yesterday. She was the mother of twelve children, and gave seven sons to the Union army in the civil war. She was the second oldest woman in Central Pennsylvania, and would have reached 100 next February.

Barely Escapes From Burning House.

Niagara Falls, Ont., Oct. 15.—The Frances Cottage on Huron street, occupied by Ed. Back, was burned early Saturday morning. Back, who was alone in the house, barely escaped with his life from the burning building, being partially overcome with the smoke. Cause of the fire was the explosion of a lamp.

WAR OFFICIALLY ENDS

Emperors Sign the Treaty and Are Informed of Other's Act.

Order Sent For Evacuation of Manchuria by Japanese Troops Beginning at Once—Expect to Have All Japanese Soldiers Out of That Territory in Six Months—Admiral Togo Worships at Ise Temple.

St. Petersburg, Oct. 15.—At 3 o'clock yesterday afternoon Spencer Eddy, the American charge d'affaires, officially informed the Foreign Office that the Emperor of Japan ratified the Russo-Japanese peace treaty Saturday.

The French Minister at Tokyo, at the same hour, informed the Japanese Government that Emperor Nicholas had signed the treaty.

The treaty may be published to-day in The Official Messenger.

Paris, Oct. 15.—Premier Rouvier, acting on behalf of the Russian Government, Saturday night cabled M. Harmand, the French Minister at Tokyo, to inform the Japanese Government that the Emperor of Russia had on Saturday signed the peace treaty, thus completing Russia's part in the conclusion of peace between that country and Japan.

Withdrawing Troops. Tokyo, Oct. 15.—It is believed that the Government has sent an order to Manchurian headquarters to begin the evacuation of Japanese troops to-day.

It is expected that Japan will effect a complete withdrawal of her troops in six months.

Baron Hayashi, interviewed by a Jiji representative, says that the uprisings in Korea are not serious, the irregular mobs being without leaders. The peninsula is now practically a dependency of Japan, and adequate capital and wise foresight would certainly develop the natural resources of the country and make Korea the source of considerable wealth.

The news that Vice-Admiral Togo has worshipped at Ise Temple is creating a profound impression. It is believed that his act will furnish a lasting example in national religious education, and that ancestral worship will be given fresh stimulation, especially in the army and navy. Admiral Togo has shown his implicit faith in what he said in his report of the great naval battle when he attributed the Japanese victory to the protection of the spirits of the Imperial ancestors.

The Navy Department has announced the seizure of the American steamer Centennial, on Oct. 10, in Soya Strait. The Centennial is an iron schooner rigged steamer of 2075 tons. She is owned by Chas. Nelson Co. of San Francisco. She sailed from San Francisco Sept. 13 for Vladivostok.

REVOLVER SHOT AT FUNERAL.

St. Petersburg's Tribute to Prince Troubetsky—Charge Crowd.

St. Petersburg, Oct. 15.—The body of Prince Troubetsky was conveyed to the Nikolai Station yesterday for removal to Moscow. A vast multitude and legions of students followed the cortege. When the procession was nearing the station a squadron of gendarmes appeared, and almost at the same moment a revolver shot rang out from the crowd, causing a panic. The gendarmes drew their swords, charged, and dispersed the crowd, mourners and spectators leaving quietly in all directions. The gendarmes did not use their swords, and as far as can be ascertained no one was injured. Among the wreaths laid on the coffin was one of natural orchids from Emperor Nicholas.

Red flag demonstrations in the Nevsky Prospect yesterday afternoon drew out immense crowds of spectators, but a squadron of gendarmes and Cossacks drove the demonstrators away without resorting to force. There were no disturbances in the industrial quarter of the city.

A strike of printers has been declared in the Government of Saratoff, and no newspapers are being printed. A bomb was thrown yesterday, but there were no fatalities.

Bomb Throwers Shoot Three Policemen Warsaw, Oct. 15.—A bomb was thrown yesterday at the villa of an English manufacturer. The cook and the gardener were killed and the house was damaged. The bomb-throwers then fled, pursued by the police. When close pressed the fugitives turned, shot and killed three policemen, and then escaped.

With Isolate Prisoners. Vladivostok, Oct. 15.—Barracks are being constructed at Egershed, a suburb, and arrangements are being made to resolve prisoners there. It is desired to keep prisoners entirely isolated from the population. Special baths are being built and winter clothing for 60,000 men is to be brought here.

MADE DESPERATE BY HUNGER.

Thousand Laborers Invade Market Place—Troops Sent For.

Seville, Spain, Oct. 15.—Over a thousand farm laborers, made desperate by the existing famine, invaded the market place at Seville, 45 miles from Seville, Saturday, seized the entire stock of food and money, destroyed the market, and threw the town into a panic.

The authorities hastily applied for military relief.

Earl Minto's Departure.

London, Oct. 15.—It is stated that the Earl of Minto has now decided to leave for Marcellus on November 8, and the new viceroy will therefore not reach India until Nov. 17, rather more than a week after the Prince and Princess of Wales arrive at Bombay. Lt.-Col. J. R. Dunlop Smith of the Indian army has been appointed private secretary to Lord Minto and will accompany him to India.

SIR HENRY IRVING'S DEATH.

Last Words of the Tragedian Those Spoken By Becket As He Dies, "Into Thy Hands, Oh Lord!"

London, Oct. 15.—Seldom has the death of a public man in England called out such a universal expression of sorrow as has followed the tragically sudden death of Sir Henry Irving at Bradford Friday night. Appreciations, histories of his career and stories of his many-sided activities, fill the newspapers. His last words on the stage as the curtain was rung down on the death of Becket, "Into thy hands, Oh Lord, into thy hands," were practically the last he uttered, as he never spoke after his collapse in the hall of the hotel, where he died.

Flags are half-masted over the town hall and other public buildings at Bradford, and telegrams are pouring in from all parts of the country.

In view of the doctor's certificate, the coroner has decided that an inquest is not necessary. No definite funeral arrangements have been made, but the family is understood to desire to have them as simple as possible.

King Edward and Queen Alexandra, through Gen. Dighton MacNaughten Probyn, keeper of the privy purse and extra equerry to the King yesterday sent a message of sympathy to the family of Sir Henry Irving, in which their Majesties say:

"He will indeed be a great loss to the profession of which he was such a distinguished member."

Messages of sympathy have been received from President Roosevelt and Director Jules Claretie on behalf of the Comedie Francaise.

Ellen Terry was greatly distressed at the news. She said:

"I know all this has happened as he wished. He worked to the very last in full possession of his faculties. It rejoices me that he finished his evening's work. His last expressed wish, the wish of his life, was for a municipal theatre, where everything would be of the highest order, where the standard of true drama as distinguished from miscellaneous entertainment would be successfully upheld. A fitting monument to him."

In Westminster Abbey. It is likely that Sir Henry Irving will be buried in Westminster Abbey in the poets' corner where lie the bodies of Garrick, Mrs. Siddons and other theatrical celebrities.

Flags were placed at half-mast on many of the theatres in London Saturday, and the afternoon's evening performance in the theatres throughout the country closed with the orchestras playing a dead march. At the Queen's Hall concert, Chopin's Funeral March was played, the vast audience standing.

He hath riches sufficient who hath enough to be charitable.

KINGSTON ELECTION PROTEST.

Petitioner Files 176 Charges Against E. J. B. Pense and Supporters.

Toronto, Oct. 15.—The particulars in the Kingston election petition of Donald Malcolm McIntyre were filed at Osgoode Hall Saturday. There are 176 charges, mostly for giving money and valuable consideration to secure the election of the respondent, E. J. B. Pense.

Against John H. Hart, secretary of the Canadian Locomotive Works, is registered the charge that he "did on before polling day, at the City of Kingston, advance and pay money to various persons unknown, to the intent that such money or some part thereof, should be expended in bribery at said election."

Hon. William Hart heads a list of twenty-five who are accused of subscribing money "for the purpose of expending in bribery and corrupt illegal hiring of horses."

One of the accused is William Asselstine, who acted as sworn agent of the respondent at subdivision 19, Rideau ward.

Against Richard H. Toye are seven charges of corruptly hiring teams.

Samuel S. Corbett, an undertaker, is charged with too much activity, in furnishing 32 men with inducements to vote, in 19 of which "drink and refreshments" was the seductive agent while money is said to have done the trick in others.

One insurance agent, W. J. Fair, is charged with corrupting the political morals of Wah Long, a laundryman. Others charged number about fifty.

Sensations Promised.

Kingston, Oct. 15.—The charges in connection with the Liberal's counter petition against Donald McIntyre, the Conservative candidate, were sent to Toronto Saturday for filing and will be served on Monday. Sensations are promised.

As a general thing you can tell one by his uniform.
