

### CATARRH OF HEAD

Which Peruna Relieved in a Short Time.

MISS SUSIE M. KINGSWORTH.

MISS SUSIE M. KINGSWORTH, 466 Quebec St., London, Ontario, writes: "I began using Peruna last January, when I had such a bad cold, and I could not get anything to help me. My nose and head were all stopped up, so that I could hardly get my breath. I thought at times that I would smother, especially at night. "I have no trouble with that now. The noise in my head has all disappeared. "I know Peruna will do just what you say it does. I cannot praise Peruna too highly, as it has done so much for me. I hope my letter will reach other sufferers." Mrs. S. J. Kountz, 1015 Scovel street, Nashville, Tenn., writes: "I have had a very bad cough nearly all my life, and I am forty-five years old. I have taken almost every kind of cough medicine that has ever been made, but none did me much good. I would have spells of coughing that I thought I would cough myself to death. I took Peruna, and last winter and this winter I have had no cough, and I know that Peruna cured me."

"Hard times are bound to be full of unpleasant shocks and stunning surprises," said an old man of the world. "I remember the last financial panic and a sermon in a minister preached thereon. The pastor, in a powerful discourse, urged economy and retrenchment on his congregation. In view of the hard times, there should be no extravagance, no useless expenditure, he said, but every outgo ought to be pared down. The congregation held a Church meeting, and unanimously reduced the man's salary from \$2,000 to \$1,500."

#### A CONTEST WORTH ENTERING.

A Life Annuity of FIFTY-TWO DOLLARS is offered by the ORANGE MEAT people to the one sending in the largest number of bottoms of ORANGE MEAT packages before May 31, 1909. This means that the winner will receive One Dollar EVERY WEEK, or FIFTY-TWO DOLLARS every year, as long as he or she lives, or they can exchange it for a CASH PRIZE of SEVEN HUNDRED DOLLARS. Besides the above there is a second Cash Prize of ONE HUNDRED DOLLARS, also other Cash Prizes as follows: Ten Cash Prizes of TWENTY DOLLARS each; Ten Cash Prizes of TEN DOLLARS each; Twenty Cash Prizes of FIVE DOLLARS each, and ONE HUNDRED Cash Prizes of ONE DOLLAR each. The only condition attached is that you cut out the bottoms of the ORANGE MEAT packages and send them in to ORANGE MEAT, Kingston. The bottom of a Jumbo package counts equal to Three of the smaller size. You should be able to win one of the above prizes if you start immediately and get your friends to help you. Send your name and address to ORANGE MEAT, Kingston, TO-DAY, and state that you are entering the contest. It is surely worth trying for.

"Professor," said Mrs. Gaswell to the distinguished musician who had been engaged at a high price to entertain her guests, "what was that lovely selection you played just now?" "That, madam," he answered, glancing at her, "was an improvisation." "Ah, yes, I remember now. I knew it was an old favorite, but I couldn't think of the name of it to save me."

### LONDON LANDMARK GOING.

200-Year-Old Scottish Church in Covent Garden Coming Down.

The most famous London building in the hands of the headbreakers at the present moment is undoubtedly the old National Scottish Church in Crown Court, Covent Garden, a little alleyway which runs north out of Russel street, opposite the stage entrance to Drury Lane Theatre. It is—or was—a veritable London landmark. It has, however, for long been too big for the calls upon it, and has been paying under stress a very large ground rent to the Duke of Bedford. It will be rebuilt upon the same spot, but on a much smaller plot of land. Meanwhile the services of the church will be conducted in the Newton Hall, Fetter lane.

The old church in Crown Court was originally built about one hundred and ninety years ago. It realized the designs of its founders in a normal fashion for a long while. Then suddenly came a time when it was famous. John Cumming, who had been licensed to preach in May, 1829, by the Aberdeen Presbytery, was acting as tutor in Kensington, when he was invited to preach in the old church in Crown Court.

In August of the same year he received a "call" from the church. It was then small and inconvenient, and the minister's income was not over £200. But his preaching soon attracted a huge congregation, and the church was rebuilt in 1847 at a cost of \$5,000. It was opened in 1848 with sittings for a thousand persons. The income from pew rents reached £1,500 per annum, but Cumming refused to accept more than £900, the remainder paying off the debt incurred for rebuilding. The church has remained, strangely picturesque and grimy, until to-day.

Now the fashionable congregation has drifted westward to the new church in Pont street, Chelsea, and the old Manse, or dwelling, as they call it, built for Cumming, is being pulled down with the rest of the building. The big organ is to be sold and Lady Frances Balfour, one of the last patronesses, has, it is understood, secured the possession of some of the woodwork, which is beautiful and valuable, in the Manse.

Sure Regulators.—Mandrake and Dandelion are known to exert a powerful influence on the liver and kidneys, restoring them to healthy action, inducing a regular flow of the secretions, and assisting to perform their functions. These valuable ingredients enter into the composition of Parmelee's Vegetable Pills, and serve to render them the agreeable and salutary medicine they are. There are few pills so effective as they in their action.

Costing about as much as a good horse, the camel's speed is equally great, and his life much longer. He is, moreover, able to carry three times as much as one horse.

It will be noticed in the Singer Sewing Machine Company's advertisement that there are three addresses at the bottom of the announcement. Any one writing will please address them at the nearest one of the three places to his post office.

If our neighbors would only praise our virtues once in a while we might be willing to overlook their faults.

They Wake the Torpid Energies.—Machinery not properly supervised and left to run itself, very soon shows fault in its working. It is the same with the digestive organs. Unregulated from time to time they are likely to become torpid and throw the whole system out of gear. Parmelee's Vegetable Pills were made to meet such cases. They restore to the full the flagging faculties, and bring into order all parts of the mechanism.

No man ever acquired a lasting brand of popularity by knocking.

**BLESS HIS HEART!**  
My neighbor's child just will destroy;

He takes delight in breaking; Plain mischief is his greatest joy, He ought to have a shaking. My little man pulls things apart, To see what's in them, bless his heart; Much fault with him one cannot find, It's just his bright, inquiring mind.

"Death from lead-poisoning," is the polite term used by Colorado juries to specify a gambler's fate in a shooting affray.

### HOT WEATHER AILMENTS

A medicine that will keep children well is a great boon to every mother. This is just what Baby's Own Tablets do. An occasional dose keeps the little stomach and bowels right, and prevents sickness. During the hot weather months stomach troubles speedily turn to fatal diarrhoea or cholera infantum and if a medicine like Baby's Own Tablets is not at hand the child may die in a few hours. The wise mother will always keep a box of Tablets in the house and give them to her children occasionally to clear out the stomach and bowels and keep them well. Don't wait until the child is sick—the delay may cost a precious little life. Get the Tablets now and you may feel reasonably safe. Every mother who uses these Tablets praises them and that is the best evidence there is no other medicine for children so good. And the mother has the guarantee of a government analyst that the Tablets contain no opiate or harmful drug. Dealers sell the Tablets at 25 cents a box or you can get them by mail from The Dr. Williams' Medicine Co., Brockville, Ont.

**WHAT GEORGE MEANT.**  
"Do you know, my daughter, that every name means something. For instance, Charles means brave, William resolute, George—" "Oh, I know what George means, mother." "Well, what is it?" "George means business. He told me so last night."

### MOTHERS! Give the Children a Chance

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box 100, Windsor, Ont., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her to-day if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

An African woman, to be considered beautiful, must have small eyes, thick lips, a large flat nose, and an intensely black skin.

In the treatment of summer complaints, the most effective remedy that can be used is Dr. J. D. Kellogg's Dysentery Cordial. It is a standard preparation, and many people employ it in preference to other preparations. It is a highly concentrated medicine and its sedative and curative qualities are beyond question. It has been a popular medicine for many years and thousands can attest its superior qualities in overcoming dysentery and kindred complaints.

In 1840, ninety-six million eggs were imported into Great Britain, while in 1906 the number had grown to nearly 2,265 millions.

Do not give up in despair, you who suffer from obstinate diarrhoea, dysentery, or the sore spots with Weaver's Corate and purify the bowels with Weaver's Syrup. All druggists keep them.

In China, the property of the father must be divided equally among all his children.

Much distress and sickness in children is caused by worms. Mother Graves' Worm Exterminator gives relief by removing the cause. Give it a trial and be convinced.

#### DEFINED.

Teacher—"Johnny, you may spell the word 'neighbor'."  
Johnny—"N-e-i-g-h-b-o-r."  
Teacher—"That's right. Now, Tommy, can you tell me what a neighbor is?"  
Tommy—"Yes, ma'am. It's a woman that borrows things."

#### GREAT STRIDES.

"His success in a financial way has been something marvellous."  
"Yes?"  
"Yes, sir. I've often heard him tell how, when he came here fifteen years ago, all he owed in the world was a dollar and two, and last week he failed for ten thousand."

No Alcohol in It.—Alcohol or any other volatile matter which would impair strength by evaporation does not in any shape enter into the manufacture of Dr. Thomas' Electric Oil. Nor do climatic changes affect it. It is as serviceable in the Arctic Circle as in the Torrid Zone, perhaps more useful in the higher latitudes, where man is more subject to colds from exposure to the elements.

### LOVE'S AWAKENING.

He criticised her puddings, and he didn't like her cake; he wished she'd make the biscuits that his mother used to make; she didn't wash the dishes, and she didn't make a stew, and she didn't mend his stockings—as his mother used to do. Ah, well, she wasn't perfect, though she tried to do her best, until at length she thought her time had come to have a rest. So when one day he went the same old rigmarole all through, she turned and boxed his ears, just as his mother used to do. Though something about her struck him when first her form he scanned, that something, you may rest assured, was not her darling hand. Alas! that rough awakening from love's delicious dream; it soured the milk of mutual love to anger-cotted cream. So o'er the tiff they parted—a thing that oft occurs. He went home to his mamma, and she went home to hers.

#### WEEKLY LETTER.

A. J. Pattison & Co., Toronto, state that the recent failure of A. O. Brown & Co., of New York who are not affect Canadian investors, as their business was carried on in Canada through Canadian brokers, and if the firm do not pay in full the brokers will be the losers. The New York market has been active and prices advanced beyond any immediate warrant—with recent recessions. However, every one knows that Wall Street anticipates events, and there is certainly marked improvement in trade conditions, which promises to not only increase, but to be permanent. The well-established dividend paying stocks are undoubtedly a safe investment and at present prices will pay a good rate of interest. They will sell higher after the Presidential election—if not before. In the Toronto market the advance in Mexican Power which we recommended to our clients at 50 to 75 and San Paulo to 150 are the features. The buying at these prices is probably foreign. The English and French investor are more favorable to South and Central American investments than the Canadian. The settlement of Dominion Coal-Steel differences will not be long postponed, and we look for a substantial advance in the price of this stock. The mining market has been exceedingly active, large numbers of shares changing hands. Prices have advanced slightly, but dividend yields are still selling under the market value from the standard of earnings. The American investors are purchasing heavily. Our reports from the Larder Lake Gold fields are highly encouraging the permanence of the Camp is stated to be assured and the extent of the gold-bearing belt is confirmed. We make this camp the greatest gold field in the world. Why not? Cobalt is now in its partially developed state, the greatest Silver Camp—and they are only a short distance apart.

According to Lord Avebury, the most important things in the world are good air, good water, good food, good health, and a good conscience; and they are not costly.

## Singer Talks

- 1. The Difference in Sewing Machines**  
It is a mistaken idea that sewing machines are pretty much alike, when as a matter of fact there is a vast difference.  
There is but one machine that sews better than any other—and that one is the Singer.  
This is because the Singer idea is distinctive—every year shows improvement in that idea.  
This is because the Singer factories are not only equipped with tools and machinery better calculated to make good sewing machines than any other, but this equipment is unique and not to be found elsewhere.  
This is because a half century has been devoted to training and specializing men, each to do one thing best in sewing machine construction. The Singer's superiority—its lifetime-lasting value—does not appear on the surface.  
One machine does scw better than any other—and that one is the Singer.
