(Special to The Evening Advocate) BONNE BAY, Sept. 29th.—Campaign in St. Barbe for Liberal Reform Party opened Saturday night by a mass meeting at Shoal Brook and Birch Head. Every man in the place was present at the meeting. Mr. Scammel, the Liberal candidate, was received at the hall with thunderous applause, and on rising to address the audience, was accorded another ovation. He spoke for an hour and a half and carried the audience with him from the start. He was repeatedly applauded throughout. Bonne Bay is more Liberal to-day than ever. Reports from all points show that sentiment everywhere is with the Liberal Party and that Toryism will receive the greatest knock-out this District ever accorded it. Scammel will be elected by two-thirds majority.

WILLIAM STRICKLAND, MICHAEL YOUNG.

# Tory Team Get Frosty Reception at Grand Falls

(Special to the Advocate) GRAND FALLS, Sept. 30.—A meeting held here last night by the Cashin-McGrath candidates was the flattest ever recorded. MacKay reminded one of "billican" and his speech consisted of his life story and telling people that one of their disadvantages was that they had no place to spend their money. Moore read his speech and reminded one of a school boy reading an essay. On calling for a committee out of an audience of some three hundred and fifty, three rose. Some committee cigars, and cigarettes were provided. The meeting, like the cigars and cigarettes, went up in smoke. Come on Jennings, bring your men.—Cor.

## BOY HURT BY AUTO

Yesterday afternoon about 3.30 a lad named Frank Jackman aged 14 narrowly escaped serious injury, if not death, when hit by a motor car on New Gower Street, opposite G. Hierlithy's ice cream parlour. The car No. 234, owned by Mr. G. Pippy of Waldegrave Street and driven by Hubert Mason was going West when the steering gear became out of order and it ran into the front of the building, smashing the glass in the store and doing considerable damage. The car was wrecked also and as it took the sidewalk the boy was knocked down by it and pretty severely, though not dangerously cut about the face. He was able to proceed to his home on Carter's Hill where his injuries were attended to.

## AN OUTRAGE

Since yesterday an unfortunate man aged 52, has been confined in a cell at the Police Station, insane. There is no room in the Asylum and the man must be kept as a common jail-bird until such time as there is room for him at the Institution. For such a disgraceful condition of affairs the Government are entirely to blame. The funds of the Colony are being scattered to buy votes, but these poor God-stricken sufferers are shamefully neglected.

Messrs. Glanfield & Son, the well-known London clothing manufacturers, were agreeably surprised at receiving on Wednesday morning, from their Newfoundland representative, Mr. Donald Nicholson, an order for clothing, which was enclosed in a letter carried by the Vickers-Vimy plane in its wonderful transatlantic flight. The envelope bears a surcharged stamp, and is marked "By aerial transatlantic post." Mr. Nicholson remarked in his letter: "I am pleased to say that your products enjoy a good sale here, and when the aerial post is perfected I hope to transmit regular orders to you by this method." Mr. Nicholson is to be congratulated upon his enterprise, and Messrs. Glanfield & Son upon the possession of such a unique souvenir. —The Outfitter.

## Candidates!

We have great pleasure to-day in announcing that the Liberal Reform team for St. John's East is completed by the inclusion of Mr. D. J. Curtin, one of the most popular young men of the City and a "sure winner." Ever since Mr. Curtin's candidature was mentioned, the city has been agog with the possibility of having such a well-known, and broad-minded man as a representative. Mr. Higgins' rest has been greatly disturbed thinking about it, and the old Liberals now rejoice that they have one, who has all-already been faithful to the cause in that shrine of Liberalism, St. John's East.

We also announce that Mr. J. M. Devine will lead the Liberal Reform team in Placentia to victory. Placentia wants a change, and it will be on the Government side of the House after the election, but not with the Cashin-McGrath Party! Mr. Devine is just the boy to tell the voters of Placentia all about it.

Placentia and Trinity Bay usually swing together. Wait and see if Billy Walsh and Mike Sullivan (twins) can cut the sensible electors of Placentia on this occasion.

Last evening the death-knell of Currie's hopes was sounded when it became generally known about the City that the colleague of Mr. S. J. Foots on the Liberal Reform ticket in Burin District would be Mr. John Cheesman, son of Mr. Laurence Cheesman, Port-au-Bras, Burin. It is an open secret in political circles that every effort was made to secure Mr. Cheesman as a colleague for the Tory Candidate in the hope that his sterling qualities and many attributes would help stem the tidal wave of popular disapproval which is sweeping the West against the McGrath-Cashin-Morine nominees. That Mr. Cheesman has chosen to enter public life under the leadership of Hon. R. A. Squires, will be hailed with delight by every loyal and consistent liberal voter in the important District of Burin. We feel that we are not giving undue praise when we say that Jack Cheesman is as well liked and respected as any candidate that has ever offered himself for election. Associated with his father in an extensive fishery business, he has established a reputation for square dealing between man and man that will assure him the almost universal support of the voters of his native district.

In him Burin will have a local representative who will uphold in every truth the spirit of true liberalism and a fighter who will see to it that the local requirements and best interests of the District are properly and efficiently attended to. Accompanied by his colleague, Mr. Cheesman leaves by train to-morrow to connect with the Portia at Placentia en route for Burin to open a campaign, at the finish of which we have not the slightest doubt the liberal candidates will be returned at the polls with the biggest majority ever polled up by a Liberal team in Burin.

## WHAT A BROADSIDE!

The man who is burnt out these days gets scant sympathy. He gets instead a broadside of advice, as to what he ought to have done, which only adds to his misery. Isn't that true? Better avoid such humiliation and disaster by paying me the small sum that will protect you should such a calamity overtake you. PERCIE JOHNSON, The Insurance Man.

## POLICE COURT

The charge against the Insurance Agent for issuing cheques irregularly was dismissed, the Court being satisfied that there was no intention whatever to defraud.
