OCCASIONALLY TRUTHFUL.

Occasionally the Moncton Times speaks the truth. It says "it was the conservative government that gave life to the Canadian Pacific." Yes, and who was it gave to the Canadian Pacific Railway Company 25,000,000 acres of land for nothing? The Conservatives. Who was it gave the Canadian Pacific Railway Company \$25,000,000 of cash as a bonus for nothing? The Conservatives. Who was it gave the Canadian Pacific Railway Company all the road already built by the Dominion at a cost of many millions of the hard earned money of the people for nothing? The Conservatives. Who was it agreed to complete that portion of the road already under contract and give it to the Canadian Pacific Railway Company for nothing? The Conservatives. Who was it agreed that no other road should be built parallel to the Canadian Pacific Railway Company for years, thus ensuring to the Conservatives who controlled it a monopoly at the expense of the Northwest settler? The Conservatives. Who was it inserted in the Canadian Pacific charter a clause exempting the company from the payment of taxes for all time to come, at the expense of the settlers in the Northwest? The Conservatives. Who is it now finding fault with the Liberal Government because the Canadian Pacific Railway Company is exempt from the payment of taxes? The Conservative press, in its crass ignorance of Canadian history, or its vicious attempt to place on the shoulders of the Liberal Government the results of its own asinine policy.

The time has passed when the people will believe one side of a story until the other has been told. There has been such flagrant misrepresentation in the Tory press, of which the foregoing is a fair sample, that the injury resulting is greatly minimized. When one reflects that the bottom dropped out of the scandals which were brought up in the House, one by one, and that the Conservative press pinned its faith to them jointly and severally, it is not remarkable that the recent Liberal endorsements are not even alluded to by the opponents of the government.
