The Fall and Winter Term of The Charlottetown Business College

An Institute of Shorthand and Typewriting, RE-OPENS TUESDAY, AUGUST 18th, 1908

Apart from the usually strong and practical courses of study, this institution offers many advantages to young men and women not to be had elsewhere.

The attendance last term nearly approached the TWO HUNDRED MARK, one hundred and six of whom took up the study of SHORTHAND and TYPEWRITING.

With greater accommodations and more teachers, even better results may be expected during the coming term than hitherto accomplished.

All departments are presided over by PRACTICAL MEN, assisted by a STAFF of EXPERIENCED and ATTENTIVE TEACHERS.

The College offers a magnificent L. C. SMITH or UNDERWOOD TYPEWRITER (\$135.00) as a first prize, and a REFUND OF TUITION as a second prize under certain conditions. Write for them today.

Owing to the generosity of former students and others, a larger number of Gold Medals than usual will be given as a reward for honest merit.

treated with favor while we have been denied cold justice. Manitoba, only three years older in Confederation than we, was paid on an assumed population of 150,000 when she had an actual population of 62,260; and again but four years ago she was paid on a population of 350,000 when her actual population was 255,211. British Columbia was paid on 60,000 when she had only 36,247. Alberta and Saskatchewan with an average population of 82,000 were paid on an assumed population of 250,000 each.

The claim above represents an addition of \$90,000 per annum to our subsidies and when it is considered that we are now paying Canada upwards of one million more than we are receiving back we should not seek as beggars. A comparison with the terms accorded the other Provinces shows with how little justice and consideration we have been treated. (Conclusion in next issue.)

Advertisement of public meetings called by the opposition candidates for the second district of King's will be found in this issue.

Don't fail to read Mr. Mathison's very able speech expounding the opposition platform, which we commence in this issue. It is worthy of most careful perusal.

Thomas E. Kenny, Esq., ex-M. P., President of the Royal Bank of Canada, died at his home at the Northwest Arm on Saturday last. His illness extended over two years. Deceased was 75 years of age, and was a son of the late Sir Edward Kenny. He was one of the wealthiest and most highly respected gentlemen in Nova Scotia. He sat in the House of Commons, as member for Halifax for some years. He was a great Conservative, and declined a Cabinet position in the Government of Sir John Thompson. R. I. P.

Winipeg advises tell of a terrific snow-storm in the west. Ten inches of snow had fallen at the time of writing. The snow fall was accompanied by a terrific gale which blew the snow into the railway cuts, completely filling them up, in many places to the depth of ten feet. Several trains were completely stalled on the C. P. R. and C. N. R. Snowplows were rushed to the scene of trouble; but little progress could be made as the blizzard kept filling in, as fast as the plows cleared out the cuts.

Word comes from the west, of very severe weather, causing much damage to stock. At Maple Creek, 2,500 sheep were swept from a ranch by the terrific snow-storm and precipitated into the lake and were drowned. A man missing is supposed to have perished in the blizzard. From Santa Fe comes the news that no less than 20,000 sheep, grazing on a mountain range perished in the raging blizzard. Six herds of cattle are also supposed to have been frozen to death.

There's a chill in the air that says in language plainer than words, "Get the fall overcoat ready." The overcoat is an absolutely necessary part of every man's apparel. It is essential to comfort that the coat should fit well. Ask to see our overcoats, try them on, note the style, fit and finish. We will please you in price as well. Prices vary—\$5.00 and all the way up to \$25.00 each.—Prowse Bros., Limited.

Captain John Robinson jumped overboard at Kelly Island, near Toronto to save a little dog that had fallen into the water, and was crushed to death between the vessel and the dock.

One hundred Shawnee Indians are missing from Muskogee, and are believed victims of a cloud burst which occurred recently. All the streams are at flood point and communication is suspended.

Returns of the Civic Assessment Department show that Ottawa's population had now passed the eighty thousand mark. The population has increased by 4,024 during the past twelve months, and is now 80,284.

Seventeen of the women suffragists were arrested during the storming of the British House of Commons the other day on charges of disorderly conduct, and were sentenced to terms of imprisonment varying from three weeks to three months.

The other day Mr. Stephen Brown, butcher, bought ten lambs from Mr. J. H. Robin, Marsh Road, that weighed 1,077 lbs. net. Mr. Brown pronounced them the best he ever bought in that part of the country.

A Montreal despatch of the 25th says: Fog and smoke have severely tied up navigation during the past four days. No thirteen ocean liners are waiting here for clearance. Four are passenger vessels with twelve hundred passengers detained. The outlook is not for any improvement.

Hazel Mine, at Pittsburgh, is burning as the result of an explosion Saturday afternoon. The loss will be fully one million. Eight hundred men were working underground when the explosion occurred. All reached the surface without confusion or loss of life.

Sportmen have just discovered that the forest fires in the Adirondacks have worked havoc among the trout with which many streams throughout the burned section are well stocked. Thousands of dead trout have been found at the bottom and along the edge of the streams and it is believed they have been killed by the impurities in the waters, caused either by ash or smoke.

The Canadian Pacific steamer Empress of Britain docked at Quebec at 3:45 Friday afternoon thus reducing by fifty minutes the time made by the Empress of Ireland. This achievement by the Empress of Britain has brought the time of the passage from the dock at Liverpool to the dock at Quebec down to 25 minutes less than six days. This is now the standing record between Liverpool and Quebec.

The Allan Steamship Company have sold the Sarmatian for thirty thousand dollars to a Halifax firm, to be broken up for scrap. The Sarmatian some thirty years ago was considered one of the finest steamers afloat, and a place in the St. Lawrence trade. It was this vessel that brought the Marquis of Lorne and Princess Louise to Quebec when the former was appointed Governor-General of Canada.

While the ambulance was passing along University Street, Montreal, on Friday, it was stopped by a man who had just shot himself on the sidewalk. Having heard the pistol shot, the doctor jumped from his seat and got the wounded man inside and drove him to the hospital. The would-be suicide gave his name as Ernest Chariste, and when asked to account for the act, said, "I am crazy." He has a bullet in his body, but he will live.

A bad fire occurred at O'Leary on Tuesday night of last week. It was discovered about 3:30 Wednesday morning in the kitchen of H. W. Turner's residence. The building was destroyed, the occupants having barely time enough to escape with their lives. The flames spread to the adjoining drug store and thence to the public hall and another residence. All these buildings were destroyed. The loss is placed at \$1,000, partly covered by insurance.

Racing at a speed of forty miles an hour, a runaway shunting engine at Toronto attached to two heavily loaded cars of lumber, crashed through the solid brick wall of the Phillips Manufacturing Company. Fortunately, the crew of the engine escaped with nothing more serious than a bad shaking up. As the runaway occurred before the employees of the factory began work, none were injured. Had the machinery in the path of the forty ton car been manned, the list of fatalities would have been frightful. The damage is placed at \$1,000.

Humphrey Bros. glass factory at Trenton, N. S., was a few days ago destroyed by fire. They had just resumed operations after the usual three months shutting down, and the night shift had finished work and the day shift had been at work only ten minutes when the brick at the back of the furnace gave way. A stream of molten glass came out and ignited the inflammable material. Immediately the factory building was in flames. In ten minutes five hundred steel workers arrived and prevented the fire from spreading.

Charles Jackson and little granddaughter, of Uxbridge, Ont., were burned to death in a fire which destroyed their house last night. Jackson and his wife, both very old, had twin granddaughters living with them. When Mrs. Jackson discovered the house on fire she escaped, taking the children with her, but one of them ran back into the house. The granddaughters again rescued her, at the same time calling on her husband, who was sick in bed to get up. The old man did get up, but the fire cut off his escape and the little girl who had the second time entered the burning building perished also.

Timely interference of a physician who was not satisfied with the appearance of the body prevented the burial of Mrs. Thomas Chapman, sixty years old, at Kansas, last Friday week, who was supposed to have died suddenly of heart disease on Saturday. The body was prepared for burial, but was not embalmed. The funeral was to have taken place at 2:30 o'clock in the afternoon. A few minutes before the coffin was sealed a physician requested permission to see the body. After confirming his suspicions that the body was made rigid by suspended animation, the woman was removed from the coffin, placed in bed and revived. While the heart is weak, it is believed that Mrs. Chapman will recover.

Fall and Winter CLOTHING FOR MEN.

Our Men's Clothing Department is many sided. It caters to the needs of all men. The only point that it insists upon is that every suit, no matter what its price, shall be of reliable fabrics and honestly tailored. It does not sell as good a suit for \$7.00 as it does, say for \$15.00, \$20.00 or \$25.00, and does not pretend to.

But it does sell the best Suit possible to sell for \$5 or \$25, and every price between

Each one is a suit we can guarantee—a suit of clothes with looks and wear all throughout it, a suit that will give you a full heaping measure of satisfaction. We know no one sells as good a suit for the same money in the city. A comparison on your part will be eminently pleasing to us.
