

Hr. Grace Notes.

Miss Lizzie Walsh, daughter of Mr. Thomas Walsh, of LeMarchant Street, after spending three years in Boston, returned home by Thursday's train. Miss Walsh likes Boston very much, and will probably return after spending a little time home. She received a hearty welcome from all her friends.

Mr. Norman Munn, of Geo. Knowling's employ, spent a couple of days of this week in town. He was accompanied by a friend from St. John's.

Collectors are now around soliciting contributions for the Marine Disasters Fund. Every person in the district, in the island in fact, should help in this commendable cause, thus showing sympathy and helping to somewhat relieve the suffering of the widows and orphans rendered helpless by the loss of the bread-winners at sea last fall.

Miss Madge Oke, C. of E. teacher at Mussel Harbor Arm, Placentia Bay, is spending her vacation home with her parents, Mr. and Mrs. John L. Oke. She returns to her duties about the 1st of September.

Miss Lillian Ward left for St. John's on Wednesday to spend a few weeks with friends there.

The downpour of rain yesterday morning, followed by the cool damp day at night, did much to raise the hopes of the farmer for a better crop. The ground badly needed the moisture as it was very dry.

Mrs. W. Ward and her sister, Miss Rutherford, left for Brigus by train this morning to spend the day with friends there.

Mr. Andrew Kennedy, of Bear's Cove, while boarding his boat at the wharf there, fell a week or so ago and injured himself to such an extent that he has been laid up ever since. The wharf had been made slippery by the landing of caplin, hence the accident.

Mrs. Elizabeth Noseworthy, of the South Side, passed peacefully away on Tuesday last at the home of her son, Mr. Archibald Noseworthy, postmaster. Mrs. Noseworthy had passed her 90th year and was only sick a few days. She leaves several sons and daughters to mourn the loss of a kind parent.

Mr. John Hare, an old resident of this town, died on Thursday morning at his home on the Hill at the age of 70 years. Mr. Hare, who was a native of Kent, England, came to this town when only 16 years of age, and being pleased with the place and people decided to remain here. His mind becoming unbalanced three years ago, he was taken to St. John's for treatment, and returned home 12 months ago. Since then he has been attended by his wife and daughter. He leaves besides a wife, five sons and one daughter to mourn their loss.

Great preparations are being made here for the camping out of the C. C. C., which will take place at North River next week. The brigade, accompanied by the band, will leave their armoury at 10 a.m. Wednesday and march to North River. Concert will be held at North River, Brigus, and Bay Roberts. We wish the ladies a very enjoyable time.

Webb, an address of appreciation of his services during the past year, and a filled purse of gold as an expression of good will and esteem. Does This Interest You?

A PLAIN TALK ABOUT CLEARANCE SALES AND THEIR DOLLAR-VALUE TO YOU.

By J. R. Hamilton.

If you do not take advantage of these Clearance sales in July, you have paid too much for your merchandise during the previous part of the year.

All merchants must naturally make enough profit to continue in business. They could not sell goods below cost now unless they had sold them sufficiently above cost before to show a general profit on the year.

And nearly all of them are selling goods below cost now.

Therefore, if you are going to get the most out of your money, you must buy when prices are down as well as when prices are up.

Any shrewd woman who can see six months ahead will have a fatter pocket book clear to Christmas time if she

will only follow the advertising carefully now and plan her purchases according to her future as well as her present needs.

Thousands of people, of course, will not follow this suggestion, but that makes it all the more valuable to the other thousands of people who will.

If all of you understood the dollar-value to you of these Clearance Events all the stores in this city could not possibly hold the crowds, and these sales would not last very long.

No merchant with a good business head cuts his prices down to red figures and absolute losses because he likes to. He does it because he has to. He knows he has got to clear that stock at any cost. There is nothing affectionate about a buyer's lead pencil when he reduces a price. And there is nothing soft-hearted about a merchant when he pays his good money to advertise those cut prices in this newspaper.

He does so because he knows that

there are so many thousands of you readers waiting for those prices. And if you don't see those prices you won't come to his store. And if you don't come to his store he will not be able to clear his merchandise.

Now you know why this paper is filled full of bargains at this season of the year and why it will be a mighty good plan on your part to begin looking for those bargains right now and to continue to look for them on every page of this paper from day to day.

You will find in this advertising the biggest human interest story you ever read. For in these days, whatever affects the pocket-book affects the heart.

Bell Island Regatta Ripples.

JULY 27th.

The special feature of this year's Regatta is the appearance on the course of race boats precisely the same as the St. John's style of races, with the exception that the Bell Island boats are 4-oared.

When the Bell Island Regatta started some 8 or 10 years ago the old black punt was the racer, since that time the races have been brought down finer and finer till to-day we have boats the regular racing style, built, we understand, after the model of the "Guard." May we predict that the next move we will have will be the introducing of 6-oared boats.

Another welcome feature on the course this year, will be the appearance of a committee tent and blackboard, on the latter the names of winning crews, time, etc., will be written. A swimming race was anticipated, but the majority of the committee thought it better not to introduce it. The committee have wisely decided to make this Regatta Day a whole regatta day. In the past regatta day here was sub-divided, the morning being devoted to the regatta and after-

noon to the Field Sports. This year the field sports take place on the afternoon of August 24th.

The prizes this year are very fine and certainly worth working hard to win.

Crews are practicing here every evening, and excitement is intense. The old boys race in which all competitors must be 55 years and over will create much interest, three crews are practicing for it, and according to reports their time and the time of the amateurs will not be much different.

The committee are working energetically and hope their efforts will be repaid by having this year the best regatta ever held here.

For the past two years Jupiter Pluvius has been somewhat unkind on Regatta Day, but given fine weather this year it will be a day of enjoyment for all.
