Ladies and Gentlemen!

PHILLIPS WAS RIGHT
when he said, "With eyes and books the knowledge of the world is at your command."

If your sight is failing, consult us at once.
Properly fitted glasses overcome that trouble quickly—and at small cost.

Can you afford to miss the good books, magazines, etc., on account of not having a pair of glasses?

It is false economy to deprive yourself of that pleasure when it is so easily procured.

Consult us to-day about your eyes.
We manufacture every kind of an eyeglass made.

R. H. TRAPNELL, Eyesight Specialist, St. John's.

Not Stuck-on Itself.

The built-in—not stuck-on—tire like Dunlop Traction Tread is the only successful Anti-Skid. Manufacturers of the stuck-on type dare not make the corrugations big enough to prevent skidding without fearing to make them so big that they will destroy resiliency.

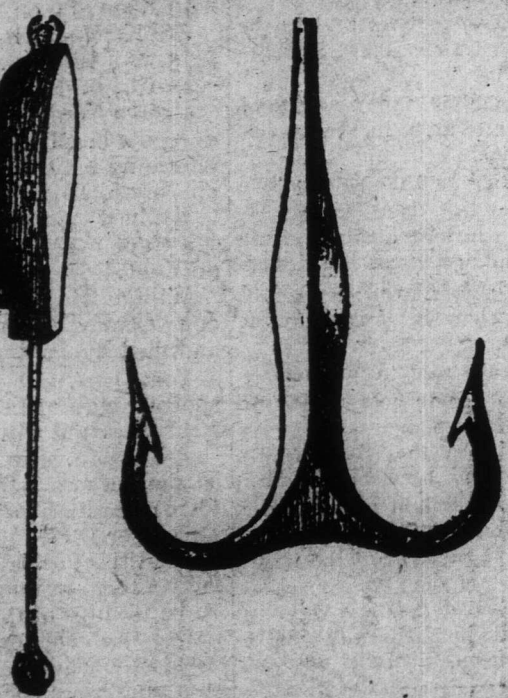

The Cheapness of Satisfaction.
The cost of the safety which you obtain by purchasing Dunlop Traction Tread tires is insignificant in comparison with the price of neglect.

Takes a Grip on the Road.
Dunlop Traction Tread grips the road. It doesn't matter where the road is or what it is made of.

Success is Always in Evidence.
We predict that Dunlop Traction Tread will become the standard Anti-Skid tire of this country. Watch the tires as the cars go by.

FRED. V. CHESMAN, Agent.

This cut represents the Norwegian Jigger, which is one of the greatest fish killers in the world, and used exclusively in Norway. Can be had from all the Hardware Store in St. John's. Remember it is important to use two swivels in order to make the Jigger spin.

CONSTANTINOPLE, To-day.
The Turkish delegates to the Balkan financial commission of Paris have been recalled. The Turkish armies are continuing to advance and occupy Rodosta. It is understood a secret treaty agreement has been reached but is awaiting ratification from Belgrade before being signed.

BELGRADE, To-day.
Report says the Serbian on Sunday captured an important position, eight miles west of Kustendil. According to the Athens correspondent of the Telegraph, Greece and Serbia signed a secret treaty last May, binding them to prosecute the war which was then foreseen with Bulgaria, until the Bulgarians acquired in the territorial arrangements, laid down in the treaty. By these arrangements the Eastern boundaries of Greece would be extended to Mesta River, considerably east of the Drama. Serbia would have access to the Aegean Sea at two points.

LONDON, To-day.
In the Commons to-night Sir Edward Grey replying to a suggestion that an armistice could be extended to the Balkan States, said it was impossible to exaggerate the horrors of the war, but mere words are not likely to affect the situation, and it would be most difficult for the Concert of Europe to resort to force to impose peace. Bulgaria had asked Russia to aid her in securing peace, and Serbia and Greece had agreed to cease hostilities upon certain conditions. As to Turkey, no exception could be taken to her action, as long as she adhered to the Enos-Midia line. The essential thing for the Powers said the Foreign Secretary was to perfect and maintain an agreement. The war was so exhaustive that it could not be of long duration, and no complications ought to arise, endangering the European concert. There was every reason to believe, he concluded, that matters would be brought to a satisfactory termination.

MINARD'S LINIMENT USED BY PHYSICIANS.

Hr. Grace Notes.

Mrs. R. A. Squires arrived from St. John's by train on Saturday and Mr. Squires by motor cycle on Saturday evening, spending Sunday with Mr. Squires' father; they returned to St. John's to-day.

Miss Brien, of Brigus, is visiting Harbor Grace, and is the guest of her friends, the Misses Casey.

Miss Minnie Pugh, Methodist teacher at New Melbourne, T.B., is home spending her vacation with her parents, Mr. and Mrs. Edwin Pugh.

Mrs. Judge Oke and Miss Gladys Oke arrived from St. John's on Friday afternoon, after a very enjoyable visit to the city.

Mr. E. Hanrahan, son of Thomas Hanrahan, Esq., leaves by this afternoon's train for Bay of Islands, where he enters the machine shop of the Messrs. Reid, in the city. Business. We wish him much success. Mrs. W. Shea arrived by train on Saturday from Boston to see her aged parents, Mr. and Mrs. A. Granville, of Rocky Pond Road. It is said that Mr. Shea, who is a native of Brigus, is contemplating returning and settling down in his old home before long. It is encouraging to hear of our young people returning, and endeavoring to enrich their native land, of which so many more would decide to do the same.

A very large congregation attended the morning service at the Methodist Church yesterday to hear that able preacher the Rev. Dr. Moore, a son of Carbonear who has labored in North Dakota for a number of years. Taking for his text the words found in the 1st chapter of Hebrews: "Whom He hath appointed heir of all things," he delivered an eloquent discourse and held the large congregation in rapt attention. The choir rendered special anthems, etc. on the occasion.

At the evening service in the same church Rev. Ernest Davis, a young probationer, son of Mr. and Mrs. Orestes Davis, of this town, delivered a very fine sermon on the words: "What think ye of Christ?" We were very much interested in the discourse and take this opportunity of adding our congratulations to those already received by the young preacher and his parents. There is no doubt of a bright career before this young man in his sacred calling. Mr. Davis labored last year at Millerton Mission and has now been appointed to Piney's Island, where he goes shortly to take up his work.

Mr. James Ryan, an old and well-known farmer of Saddle Hill, passed away yesterday after a couple of weeks' illness. Mr. Ryan had reached four-score years and was always considered a square, hardworking man. He leaves besides a widow, two sons and an adopted daughter to mourn their loss.

The many friends of our old townsman W. H. Thompson, Esq., who recently had a rather serious attack of illness, will be glad to know he has so far recovered as to be able to be up and about his home each day.

Mr. Walter Tucker, youngest son of our former townsman Mr. S. J. Tucker, of St. John's, is in town on a visit to his uncle and aunt, Capt. W. H. and Mrs. Tucker. No doubt he will say as all our visitors do that Harbor Grace is an ideal place to spend a holiday.

As Mr. Arthur Heath, operator in charge of the Government Telegraph Office here, was standing on the balcony of his office on Saturday enjoying the lovely evening air, and at the same time attentively listening for a call at the 'key,' his eye was also busy, and seeing a little girl struggling in the water at the back of the new public building, he rushed to her aid. Several men were on the spot and were talking of launching a lifeboat, but the 'No. 1' sprang to the very top of Mr. Heath's nature, and when a circuit was formed by that and the well-known 'love he has for the little children, without hesitating he plunged in and saved the little one. We congratulate Mr. Heath on his brave act and Mr. and Mrs. John Tobin, of Bannerman St., in having their little four-year-old daughter Margaret, restored to them.

Mr. R. A. Squires, M.H.A., visited the Presbyterian school last evening, and had a talk to the children. Speaking on the subject of square dealing, he gave the scholars, and in fact all present something to remember that cannot fail to prove of immense value to them. —COR.

Hr. Grace, July 14, 1913.

OBITUARY.

We quote the following from the Brooklyn Daily Eagle, New York. The young lady is grand-daughter of late Mrs. English, tailor of this city. "Mrs. Marie Camille Goetz who died at her mother's residence, 429 Cleveland St., was a daughter of Mariana and the late John William Behan. She was a graduate of St. Joseph's Seminary, Bordertown, N. J., and a member of the Third Order of St. Francis. She was much beloved and was only 27 years old. She leaves a husband—Joseph Goetz, a young baby, her mother, aunt and sister, all of whom were deeply bereaved. She was buried from St. Malachy's Church where a solemn High Mass was said."

Unequalled for Cooking. MODERN ALASKA RANGE. Can supply hot water fittings to heat 60 gallons per hour. Old Stove or Range accepted in part payment for new.
