Thought of the World. If you are not now a subscriber, send fifty cents to publishers for a three months' trial subscription. Then you will want it all the year round.

You might expend \$1,000 a year for American and Joreign periodicals, and devote eight hours a day to reading them, and then not keep yourself as well abreast of the thought and discussion of the world as you can now do by investing \$3 00 a year in The Liffenth Dieses and spending three hours a week reading it.

It is a weekly periodical, of 32 quarto pages, in which are presented careful condensations of all the noteworthy articles appearing in the magazines, reviews and important journals of America, England, France, Germany, Spain, Austria, Italy, Russia, and other continental countries, I'the condensations from foreign languages are, of course, made in English.]

The Book Digests are not reviews, "book notices," nor critiques, but faithful Digests, letting the book tell its own story.

It gives a weekly Index of Periodical Literature, and of books, alphabetically arranged by titles, and so classified as to make reference casy.

FUNK & WAGNALLS, Publishers, 18 and 20 Astor Place, New York. RADMAN'S MICROBE KILLER.

In these days of nauseating puffery of patent medicines people are apt to place them all in the same category. This remedy is different from anything ever placed before the public. It destroys Microbes, Fermentation, Decay, and cures all diseases. THE MICROBE KILLER has been officially indorsed by the Board of Trade and City Council of St. Joseph. Mo., a city of over 100,000 inhabitants. Has anyone ever heard of such marked distinction for any medicine in existence? If evidence will convince, We have enough to convince the most skeptical. Fullest investigations solicited. Pamphiets with teetimonials free. WILLIAM ELLIS, 95 Dundas street, London. General manager for Western Ontario, Agents want.
