COBDEN CLUB SHOWS ACTIVITY FRENCH MINERS' STRIKE ENDED

Chambers-Row in Austrian Reichsrath.

Nantes, France, Nov. 14.-The airship built for the brothers Pierre and Paul Lebaudy made a very successful trial yesterday in this neighborhood. Several free ascents and descents were effected, accompanied by evolutions in all directions over the fields and woods bordering the Seine between La Roche four persons in the car.

MINERS' STRIKE ENDED. Paris, Nov. 14. - The general coal miners' strike has practically come to an end, although many of the men are still holding out. About tworeturned to work at the mines. The miners' congress now being held at Lens has voted in favor of the resumption of work.

Ten thousands strikers, many of them armed with clubs and carrying banparty, Lord Spencer and Sir Henry ners and red flags, made a demon-Campbell-Bannerman, will attend, and a stration at St. Etienne yesterday. They seemed more bent on merry-making than creating disorder, and no unto-ward incident occurred necessitating the intervention of the troops, a strong force of whom was held in readiness to cope with any disturbance. A few isolated dynamite outrages are reported from various points in in operation in the House of Commons the strike region, but the damage last (Thursday) night at 11 o'clock. > SHOOTING IN THE LOBBY. Intense excitement was caused in

the Chamber of Deputies yesterday by the firing of a pistol in the lobby. The members crowded to the scene of the shooting and found that an officer of a colonial regiment had emptied his revolver in the air while shouting "Vive la Patrie." He is believed to be crazy.

The police are endeavoring to find out how it was an armed man succeeded in getting near the chamber, as there has been a rigorous exclusion of the anarchist plots of 1893. It is not believed that the man who fired the shots is an anarchist. The bullets all went into the ceiling. Nobody was

CAME TO BLOWS. Vienna, Nov. 14.-The sitting yester-

day of the lower house of the Austrian Reichstath was suspended on account of the German and Czech members coming to blows. The cause of the trouble was a debate on the advisability of the use of the two languages in the names of stations on the Bo-Herr Schnal started the disorder

by shouting "You Germans are a lot of pigs." Thereupon a number of Colonial Secretary Chamberlain, in the German deputies cast themselves upon Herr Schnal, shouting "Smash him!" "Kick him!" which they proceeded to do. Eventually Herr Schnal was thrown down the gangway to the bottom of the amphitheater. The fighting continued for a quarter of an hour after the suspension of the sitting. Throughout the disorder the combatants were encouraged by hearty plaudits from the strangers' gallery. WILLIAM WORRIED THEM.

Referring to the "senseless speculations" of French journalists in regard to the visit of Emperor William and King of Portugal to Sandringham, a Paris correspondent says there is a competition of imaginative invention in the French press. The papers have determined that such a journey as that of the Kaiser must have a political obtect, the only question being whether the Emperor will delude King Edward or King Edward delude the Emperor. It is suggested, moreover, that the two monarchs together have probably laid a trap for the King of who will not escape until he has abandoned in favor of covetous Great Britain, Delagoa Bay, Lorenzo Marques, and perhaps also Angola, Guinea and Mozambique. The fact is, the correspondent says, French newspapers are not expected to give sound judgment. Most continental readers ask for spicy articles, not solid information, and the wild talk about Emperor William is due to the desire to satisfy the demand for sensational news.
