they point out. In a game where a physician's examination was demanded before the contest was permitted to go on the gridiron.

Most cases those who lost their lives were members of the high school, semi-professional and "prairie" eleven. Only one of the victims was a college player. Two of the players suffered broken necks, but a majority died from internal injuries.

Coaches assert that practically every danger in the sport has been eliminated by the rules committee and no matter what rules are adopted, the game will continue to be rough and only those in the best of physical condition should be permitted to play. It is doubtful, they say, if any more changes will be made to lessen risks, as the rule committee believes it has done all in its power to prevent accidents.

149TH TEAM CONFIDENT OF WALLOPING SARNIA

Khaki Pigskin Chasers Should Trim Imperial City Squad at Petrolia This Afternoon for O. R. F. U. Honors.

PETROLIA, Dec. 1.—The announcement that the sudden death game for O. R. F. U. championship between Sarnia and 149th Battalion teams would be played in Petrolia, Saturday, was received here with great joy. Up to 1914 since which time Petrolia has had to O. R. F. U. team, the support given local pigskin chasers was the wonder of the town. Since that time receipts always more than covered expenses. No matter what the weather was like.

[Special to The Advertiser.] The heavy support has been transferred en bloc to the 149th Battalion's rugby team, augmented by people who have friends and relations in the battalion, and who do not support local teams formerly. Petrolia will turn out

left-handed pitchers in the game, but employed to scout for the Brooklyn club.

WHERE IS LES DARCY?

VANCOUVER, Dec. 1.—Les Darcy, the crack Australian lightweight pugilist, is said to be still in Australia. This comes from no other person than "Bill" Fagan, well known among Vancouver boxing fans, who is now working on the Canadian-Australian liner Makura. Bill left Sydney, Australia, on Oct. 28, and half an hour before the liner sailed he was talking to the famous Australian. Fagan wanted Darcy to come to America, but Darcy said he would take time to think it over, and would let him know on his return trip to the Canadian-Australian liner Makura. Fagan says the reason Darcy did this is because of the criticism directed at his mother for refusing to allow her son to join the army. A report was spread throughout Australia that Les had enlisted, but this was not true. The public then began to ask him why he didn't join up, his mother then coming out with the statement that she refused to allow her son to join up.

NAP RUCKER WILL SCOUT FOR BROOKLYN CLUB

NEW YORK, Dec. 1.—Upon his return to New York today President Charles H. Ebbets of the Brooklyn National League Baseball Club, announced that he had submitted an amendment to the National League to increase its player limit from 21 to 22 players. The amendment will come up on December for discussion at the league's annual meeting here.

Mr. Ebbets also announced that infielder Evans and outfielder Williams had been secured from the Winnipeg club. The Brooklyn club has released the following players outright: G. Napoleon Rucker; under optional agreement, Pitchers Colwell and Goodred, and Outfielder Miller to Oakland; with privilege of recall at the end of 1917, infielder Keltner, to Denver, and Outfielder Nixon, to Beaumont.

According to those who are in the position to know, the 228th Battalion team of Hamilton, which will play in the intermediate series of the O. H. A., is the team to beat for the championship this season. They have the choice of last year's Sudbury team, and that aggregation was the best in the north last winter.

228TH BATTALION TEAM NOT LIKELY TO WITHDRAW

Troubles in Connection With N. H. A. To Be Settled.

It would not be at all surprising if the trouble in professional hockey circles was all straightened out in the next few days. The 228th Battalion are not likely to withdraw from the N.H.A., but will "carry on," paying no particular attention to the Keats end of the case. Lieut.-Col. Earchman stated that he never made any statement as to where Keats would play, and as far as hockey was concerned it would be left entirely with Capt. Reade, the manager. The soldier team have been assured that they can play hockey if they desire to do so in the N. H. A. or any other league. Lieut.-Col. Earchman believes that a little sport will help to keep the boys together for the winter months. Capt. Reade stated that the hockey players would decide themselves whether they would continue or not in the N. H. A., and refused absolutely to discuss the Keats end of the matter. "As far as we are concerned, if we decide to play in the N. H. A., we would have to abide by their ruling in regard to Keats, and while we would be sorry to lose his services, we still have plenty of players. Whether Keats will play with any other team is a matter over which I have no control. Every man in our battalion is a hockey enthusiast, and we will have a senior and junior O. H. A. team, as well as the professional club. The Oatman case will be settled in a few days, and we have already received a letter from President Patrick of the Coast League, who will endeavor to secure his release from the Portland aggregation. Yesterday we made arrangements to have Percy Leaman released from some of his duties and he will likely be in the nets if the boys decide to play. As I said before, we were anxious to have a hockey team in the N. H. A., which would help draw recruits from among the different boys interested in sport, but we are in the military game first, and if the battalion are compelled to mix up in a lot of unpleasant arguments we will withdraw and play exhibition games," were the remarks of Capt. Reade.

ARCHBOLD BETTER

Tarrytown, N. Y., Dec. 2.—The condition of John D. Archbold, president of the Standard Oil Company of New Jersey, was unchanged from last night when he was reported as much improved. It was said at his home here today where he has been dangerously ill for several days following an operation for appendicitis. His mind is clear and his strong determination to recover is adding in the fight to bring him back to health. It was said.

IF YOUR THROAT IS HUSKY CATARRH MAY BE STARTING

A weak or irritated throat is the first step towards Catarrh. Everything depends on your remedy. A cough mixture slips quickly over the throat spots, but harm digestion, and does little to restore the weak throat tissues. You'll never have a cold, or coughs, or trouble and Catarrh will disappear with the use of Catarrhoxone. Get the large dollar outfit, which includes the inhaler; it lasts two months, and is guaranteed to cure. Smaller sizes, 25c and 50c, sold everywhere.

NEW CONTRACT FORM FOR BALL PLAYERS

National Commission Apparently Conceding Something To the Players.

Chicago, Dec. 2.—A new form of player's contract held the attention of the national commission, baseball supreme court, at a special meeting here today.

While the meeting was held behind closed doors and members of the commission declined to discuss the proposed changes, B. B. Johnson, president of the American League, announced that the preliminary draft of the new contract is fair, he believes, to both players and owners.

It was intimated that the document does not contemplate the provision of a threatened strike of players, but does make changes of a more or less technical character, purposed to meet new conditions arising at the termination of the recent baseball year. Persons in touch with the situation expected that the reserve clause would be retained, but changed to suit the new conditions.

Several minor matters also were before the commission, composed of Mr. Johnson, John K. Tener, president of the National League, and August Herrmann, president of the Cincinnati Nationals. These included the settlement of claims against major and minor league clubs and the passing on the right of clubs to players' services.

NEW GOVERNOR-GENERAL SEES GAME OF HOCKEY

Was Thrilled at Speed and Dexterity of Players.

TORONTO, Dec. 1.—Toronto hockey circles were all expectancy today awaiting the announcement of the 228th Battalion as to their probable withdrawal from the National Hockey Association. No meeting was held, and no announcement was forthcoming. The battalion authorities are awaiting the arrival of President Frank Robinson from Montreal, who is expected in the course of a day or two. According to unofficial statements made by the players, Keats, the 228th are willing to remain in the league provided the trouble with the Toronto can be adjusted to the satisfaction of the soldiers. Keats, the player in dispute, played with the khaki team against the exhibition camp all-stars tonight, and the 228th will not waive claim to him under any circumstances, so it remains for the Toronto to be placated in some way or other. No suggestions are offered as to how this of President Robinson will be accomplished. Col. Earchman will consent to the soldiers playing only on condition that enlisted men, such as Keats, Oatman and others play with the battalion team regardless of any outside influences which may be brought to bear. The whole matter of hockey will be decided secondary to military duty and the efficiency of the 228th Battalion.

The Duke of Devonshire, Canada's ambassador, witnessed the game tonight. He faced the puck, and was thrilled at the speed and dexterity of the players. The first game he had ever seen. The crowd accorded the new governor-general a rousing welcome. The game was a one-sided affair, in which the 228th beat the picked team from the camp by 10 to 0. The winners are ready to get right into the N. H. A. race. Adams and Donnelly were conspicuous for the camp team. Producers, Oatman and Duncan showed speed and class for the N. H. A. sextette.

Lineup.—228th Battalion—Goal, Lockhart; defence, Producers, H. McNamara; forwards, Oatman, Keats, Duncan. Substitutes—G. McNamara, Beaudry, Oatman and Brown. All Stars—Goal, Addison; defence, Adams, Donnelly; forwards, Ridpath, Green, Birmingham. Substitutes—White, Meyers, Holmes, Brickenden. Referee—H. Spruille.

A pleasant feature of the session was the presentation of checks for \$300 and \$100 to Mr. Robertson for the St. Catharines Hospital and Mr. Nelson for the Sportsman's Patriotic Association Christmas treat, the funds being derived from games played last winter for charity.

DUSKY POLLARD WORKING WAY THROUGH COLLEGE

Brown's Star Runs a Little Tailor Shop.

NEW YORK, Dec. 1.—Fred Pollard, the negro youth who chopped and hacked to pieces every means of defence that could be devised by Yale and Harvard, and who stands today as one of the most remarkable football players of a decade, is working his way through Brown University.

Pollard runs a little tailor shop, and in moments when he isn't humping away at his studies or hammering down the field for Brown in football contests, he presses the students' suits. Pollard is only a youngster as a football player in the bigger colleges, but already he has pulled a team to championship classification by his own efforts.

He chose Brown for his fame merely because it looked better to him than did several other universities, including Dartmouth. A brother of Pollard's formerly played football at Dartmouth, and Pollard's inclinations were first toward the Hanover, N. H., school.

As a vindication, it may be noted that Brown coaches know nothing of Pollard's football ability until he asked permission to try out one afternoon. They asked him if he ever played football, and he informed them he had learned a few points about the game in Chicago, his home. He was given a uniform, told to get busy, and the rest is history.

After the Yale game Pollard was acclaimed the most remarkable half-back who had opposed the Blue this year, and when he was turned loose against Harvard and did the same thing over again, it was firmly established that he is one of the greatest football players the east has ever seen.

This is Pollard's second year as a big league gridiron performer. He still has a year to menace Harvard, Yale and the other pretentious eleven.

Besides being several men as a football player, Pollard is something of a trick performer, specializing at the hurdles.

20 NEW CLUBS WANT TO PLAY O. H. A. HOCKEY

Many Applications at Meeting in Toronto Last Night.

[Special to The Advertiser.] Paxton occupied the chair at tonight's meeting of the O. H. A. executive in the Telegram building, which was attended by Past President Charles Farquharson, Stratford; Vice-President R. M. Lover, Peterboro; J. Ross Robertson, Toronto; Frank Hyde, Woodstock; C. L. McNabb, Orillia; George McKay, Kingston; Frank Dissette, Toronto; George B. Dawson, Sarnia; Francis Nelson, Toronto; Treasurer D. J. Turner, and Secretary W. A. Hewitt.

The application of G. Hainsworth from Kitchener for residence standing in Toronto; Leo Quin of Waterloo, in Kitchener, and W. H. R. Gould of Kitchener, in Markham, were denied under the rules.

The suspension of "Ack" Hunter, dating to Peterboro's trouble of a couple of seasons ago, was raised.

Applications for membership were received from more than twenty new clubs, and will be reported to the annual meeting tomorrow.

Very satisfactory statements were presented covering the year's operations, which will also go before the convention.

NEW YORK, Dec. 1.—Christy White of Chicago outpointed Stanley Yankum of Denver in eight rounds of a ten-round bout here tonight. White weighed 135 pounds and Yankum 134.

FOOTBALL IN STATES TOOK FIFTEEN LIVES

College Officials Assert No Casualties Where Men Are Fit.

Chicago, Dec. 2.—Football claimed fifteen lives during the 1916 season, which closed with Thanksgiving Day games, according to figures compiled by the Associated Press today, last year the total was sixteen, and in 1914 there were fifteen deaths.

College officials identified with the sport declare that not a single death occurred in any game in which the players were known to be physically as well as mentally trained for the severe test. Not a single life was lost.

HAD BRONCHITIS FOR YEARS

Bronchitis comes from a neglected cold and if neglected, will surely turn into pneumonia. The first symptom is a short, painful, dry cough, accompanied by rapid wheezing and a feeling of oppression or tightness through the chest.

The phlegm raised from the bronchial tubes is at first of a light color but as the disease progresses it becomes of a yellowish or greenish color and is very often hard to raise.

Dr. Wood's Norway is just the remedy you require as it loosens the phlegm and heals the lungs and bronchial tubes.

Mrs. Chas. Brean, Amherst, N. S., writes: "I was troubled for years with bronchitis, and could not find any relief. I was especially bad on a damp day. I went to a druggist and asked him for something to stop the constant tickling in my throat. He gave me a bottle of Dr. Wood's Norway Pine Syrup, which I took gave me instant relief. I think it is the best medicine for bronchitis I know of. I now take care that I always have a bottle on hand."

"Dr. Wood's" is the genuine, put up in a yellow wrapper, three pine trees the trade mark, price 25c and 50c. Manufactured for the past 25 years by The T. Milburn Co., Limited, Toronto, Ont.
