That the City, Park in Queen-street.

The Parks and Gardens Committee met yesterday. Chairman Score, Ald. Macdonald and Verral were present. Col. Otter was granted the use of the Pavilion for the Brigade church service on Nov. 6.

It was ordered that an old house at Island Park, which is frequented by disorderly characters, should be removed.

Surveyor Sankey was authorized to adventure for tenders for the erection of the Contract of the Government.

Inspector Awde has seized as unfit for consumption 17 cases of finnan haddies, 41 barrels of pears and 2 baskets of peaches.

GOODERHAMS WILL MOVE

If They're Not Allowed to Drain Into Ashbridge's Bay.

As a result of the resolution passed by the Local Board of Health in reference to the draining of the cow byre refuse into Ashbridge's Bay, Mr. George Gooderham, with Solicitor W. H. Beattv, waited on the Mayor yesterday to protest against the board's action. Mr. Gooderham said his company was willing to remove all solid refuse out of the city and drain only the liquids into the bay. He also said that the cattle business was in a measure necessary to the successful carrying on of their enterprises, and should the city prohibit drainage into Ashbridge's Bay his company would remove its works from Toronto and establish its business in some other city.

Mr. Gooderham asked that another meeting of the Board of Health should be called the control of the Board of Health should be called the con

carry a stick as a sign of sheir dignity, and this stick was used not only as a commander's staff, but was employed in keeping up military discipline. At that time a certain Frederich Wilhelm Rohdich served as captain in the King's Life Guard. This officer had obtained great successes in the battle of Prague, and received in recompense various orders and honorable posts, and also a patent of nobility. After his death in 1796 the stick he had used was preserved as a relic by his relations, till in 1840 one of his grandnephews, a Major Bredow, gave the stick to the First Guard Regiment, with the wish that it should be used for the drum-majors. The stick, which was a simple bamboo, was provided with a silver button, upon which were engraved the Rohdich arms, the Cross of the Order of Merit, and the following words: "In memory of General von Rohdich, from 1779 to 1796 head of the regiment founded by the Kurfurst Frederick, and reformed by Frederick II. as the Guard-Grenadier battalion, which, dissolved in 1806, still exists in the First Guard Regiment."

No Diphtheria at Wellesley School.

Inspector Hughes has received the following letter from Dr. Norman Allen in regard to a report concerning the sanitary condition of Wellesley school: "In answer to your note of Sept. 26 regarding an article written in The Mail of the 24th inst., respecting an alleged outbreak of diphtheria in the Wellesley school, I have no recollection of making any report to you on the matter, and was not aware that any nothered of the second of the sec on the matter, and was not aware that any outbreak of diphtheria had occurred in this locality. It is needless to inform you that the item did not appear on any information received from the Medical Health Depart-ment."

New Cavalry Saddle. A new cavalry saddle, 1890 model, has been received from the military stores in England. It embraces a number of improvements that take the eye of the caval-ry man at once. Major-General Herbert has examined the outfit critically and has suggested a change in the plan of fastening the wallets, besides one or two other imthe wallets, besides one or two other improvements. After these have been completed the saddle will be given a practical trial, and if found satisfactory a number of them will probably be ordered from England for distribution amongst the Canadian eavalry corps. cavalry corps.

The liabilities of W. Hood & Co., the Lombard-street spice manufacturers, whose assignment was noted in yesterday's World, are estimated at \$10,000. Assets nominally the same. Mr. Hood's father is the largest creditor. The creditors will hold a meeting Monday next.

Parmelee's Vegetable Pills contain Mandrake and Dandelion; they cure Liver and Kidney Complaints with unerring certainty. They also contain Roots and Herbs, which have specific virtues truly wonderful in their action on the stomach and bowels. Mr. E. A. Cairncross, Shakespeare, writes; "I consider Parmelee's Pills an excellent remedy for Biliousness and Derangement of the Liver, having used them myself for some time."

The drum-major's stick of the First Guard Regiment in Berlin has a curious history. During the reign of Frederick II. it was the custom of Prussian officers to carry a stick as a sign of their dignity, and this stick was used not only as a commander's staff, but was employed in keep-

Gossip from Chicago.

R. Cochran received the following despatch from Kennett. Hopkins & Co. to-day:
CHICAGO, Sept. 29.—Further liquidation has weakened the market and kept it heavy most of the day. The news has been more favorable to holders. Exports have been more liberal and receipts at primary markets nearly 300,000 less than yesterday. Foreign advices show a better continental demand, with London slightly firmer, while Liverpool is weaker. The Northwest has sent predictions of reduced receipts. But this has been the tenor of their advice for some days. The market looks as if it would sell lower to-morrow and then would be a purchase.

Fenwick & Co. received the following by wire to-day from Kennett, Hopkins & Co.:
CHICAGO, Sept. 29.—Corn and oats have been weak without apparent cause except that holders who have been heretofore very friendly to them have liquidated freely to-day in the expectation of getting back their lines at lower prices. Conservative traders do not regard the depression as more than temporary, and are advising purchases. Provisions have shown of remarkable strength. Indications of manipulation have been so pronounced trades for any amount were made with difficulty. Puts—Wheat, Dec. 75½c; calls, 76 1-2c. Corn puts, 44c; calls, 44½c.
