Chapped Hands AND Cold Sores. Are your hands chapped, cracked or sore? Have you "cold cracks" which open and bleed when the skin is drawn tight? Have you a cold sore, frost bite, chilblains, or a "raw" place, which at times makes it agony for you to go about your household duties? If so, Zam-Buk will give you relief, and will heal the frost-damaged skin. Anoint the sore places at night, Zam-Buk's rich healing essences will sink into the wounds, end the smarting, and will heal quickly.

THIS FLY TRAP MAY BE HOME-MADE. A quiet, gentle, persuasive method of doing away with flies has been discovered by a young man in Washington, D. C., who was given the title of champion fly catcher last year because he was the cause of the untimely demise of more than a million of them.

He secured results with a little trap he made himself of a couple of pieces of wire netting. He twisted one of these into a cylinder about five inches in diameter and the second he made into a cone with which he capped the first. The places where the netting joined were carefully stopped by fastening the web of the wire firmly together.

A plug of wood was placed in the bottom and also securely fastened, but not with permanent fastenings, as it was highly desirable to take the bottom out when the trap was full. Three or four slits about half an inch or an inch in length were cut in the netting just above the wooden base. The bait, a piece of sugar or anything flies are supposed to have a fondness for, was placed on the inside of the trap and a black cloth was wrapped about the entire cylinder with the exception of the cone shaped top.

Mr. Fly walks into the trap at the bottom and when he has gorged himself, flies to the top to get out, as that is the only place he can see light. He does not get out and has not sense enough to try the way he came in. When the trap was crowded the young inventor plunged it into boiling water, cleaned it out and set it again.

For a sprain you will find Chamberlain's Liniment excellent. It allays the pain, removes the soreness, and soon restores the parts to a healthy condition. 25 and 50 cent bottles for sale by all dealers.

BEAUTY OR PLEASANTNESS? Do you ever count up the admirers of other girls, and note the seemingly astonishing fact that it isn't by has the most?

And then, when you discover the bright-faced little lassie whose men any means always "Miss Beauty" who friends are legion, and have tricks of growing into lovers, are you so very surprised after all?

Don't you like her ways yourself? Does she ever fail to take the good-natured and kindly view of everything and everyone? Isn't she quite sure to prophesy near fine weather on a rainy day? And always eager to give as well as to take pleasure? Sincere, honest and breezy as a May morning!

The publisher of this best Farmer's paper in the Maritime Provinces is writing to us stating: "I would say that I do not know of a medicine that has stood the test of time like MINARD'S LINIMENT. It has been an unfailing remedy in our household ever since I can remember, and has outlived dozens of would-be competitors and imitators."

Unlike other preparations for a like purpose, they do not create a habit, but instead they act to overcome the cause of habit acquired through the use of ordinary laxatives, cathartics and harsh physic, and permanently remove the causes of constipation or irregular bowel action.
