

OF

THE CANADA FARMER!

THE FARMER'S OWN PAPER!

EVERY FARMER SHOULD HAVE IT!

THIS POPULAR AGRICULTURAL JOURNAL is about to enter on its Fourth year, with every prospect of increased success. The unprecedented reception which it has heretofore met with is undoubtedly owing to the fact that it has supplied an urgent necessity long felt by Canadian Agriculturists. They needed a journal specially devoted to the elucidation of questions in which they are specially interested as farmers and horticulturists, and they have found in THE CANADA FARMER what they required. THE FARMER has received the most flattering commendation from the chief farmers of the Province, from the press of Canada, and also from those who are perhaps the best judges—the agricultural Journalists of Great Britain and the United States.

In the coming year still greater exertions than heretofore will be made to sustain the character of the Paper. It will continue to be plentifully embellished with wood-cuts finely executed—and no effort will be spared to render it a welcome and instructive visitor to the Farmers' fire-side.

In the conduct of THE CANADA FARMER, the following ends have been, and will be zealously laboured for:

- 1 To arouse public attention by frank and temperate discussion, to all questions scientific, commercial, legislative, or otherwise, specially affecting the farming interest.
- 2 To stimulate the agriculturists of our country to adopt an improved system of husbandry, by blending the lessons of modern science with the practical experience of the Canadian Farmer.
- 3 To bring under the attention of our farmers all improvements at home and abroad worthy of adoption, affecting the management of Field Crops—the Barn Yard—the Stable—the Dairy—the Orchard—the Poultry Yard—the Apiary—the Kitchen Garden—and the Flower Garden: and to excite an interest in the progress of Rural Architecture and Landscape Gardening, and all that concerns the Domestic Economy of the Farm House.
- 4 To mark and report all improvements in Agricultural Machinery, foster new inventions, and promote the adoption of all labour-saving machines in the work of the farm and garden.
- 5 To keep prominently under attention all that specially concerns the Dairy farmer and the Grazier—the best breeds of Cattle—the best systems of feeding—the most approved processes of cheese and butter making—the best mode of packing—and the best market to sell in.
- 6 To keep prominently in view whatever is specially interesting to the Sheep-raiser and Wool-grower—the breeds best adapted to our climates—the best system of winter and summer management—and the varying prospects of the wool-market.
- 7 To afford the Farmers of Canada an ever-open medium for addressing their brother Agriculturists throughout the Provinces, suggesting matters of common interest and advantage, and eliciting information or advice on practical questions of difficulty or doubt.
- 8 To report concisely the Proceedings at Agricultural Shows, Fairs, and Sales throughout the Provinces—note the condition and progress of the Herds and Flocks of prominent Stock-breeders; record the importation of Thorough-bred Stock from abroad, and publish engravings of First-class Prize Animals.
- 9 To watch and report carefully and promptly the actual state and probable prospects of the Produce Markets at home and abroad; and specially promote all movements designed to secure the best prices in the best market for Canadian Farm Produce.
- 10 To afford the Farmers of Canada a common medium where all who have for sale Live Stock, or Seed Grain, or Land, or who may wish to buy such, can make their desires known directly to the whole farming population of Canada.

The Canada Farmer is Printed & Published on the 1st & 15th of each Month.

SUBSCRIPTION PRICE, ONE DOLLAR PER ANNUM, POSTAGE FREE,
