## \$600.00 TO \$1200.00

represent salaries paid to ex-public School Teachers who qualify for teaching Commercial work or Shorthand in Business Colleges. We had a great hunt last month to locate a good man at \$900 for a junior position in one of our schools.

We have given the up-lift to scores upon scores of teachers, and the demand to-day exceeds the supply to a greater extent than ever before. No wide-awake teacher can make a mistake by preparing for this work or for business life.

It will pay to become qualified to teach in a Business School.

Get our Catalogue. Read it through—every word of it. Give your ambition and your talents scope and plan to tack off into a new line after Christmas. You'll never regret it. No one ever has. You can just as well move up as hundreds of others already have done. At any rate make the start by writing us. Address

## MIGHTY FEW

Railway Managers and Superintendents on this continent to-day, and other Railway officials of more than ordinary importance, now earning salaries from \$3,000 to \$25,000 per annum, who did not begin their work "at the Key" as telegraph operators.

We are producing future Railway Managers, Superintendents and important officials to-day in the fine lot of bright young men who learn telegraphy and become capable operators in our excellent School.

Some of these each year are teachers. They make good material, and they succeed too. We know several who increased their salaries one-third and over within 6 months after leaving us. The Railway Companies are always ready for good men.

Our special publication will interest the average teacher or young person who wants to "get on." A postal request brings it. Write
