

## EAST'S MONTHLY ADVICE

To the Students.

PROVIDE YOURSELF WITH

- 1 UMBRELLA (see it is a good one),
  - 1 WATERPROOF (the Scotch Plaids are the best),
  - 1 SARATOGA TRUNK (my \$4 one is a marvel),
  - 1 PORTMANTEAU (I make a good Gladstone bag),
  - 1 PURSE (may it always be full),
- And the voyage of life will proceed much more evenly and successfully.

Yours, in the interest of peace and good will, as well as good health and comfort,

## TWO VALUABLE BOOKS

Messianic Prophecies in Historical Succession.

By Franz Delitzsch. Price \$1.75.

"The proofs of this volume were corrected by the author on his death-bed, and the Preface was dictated by him five days before his death. There is something sacred about such a book. It embodies the results of the most recent scholarly investigation, and at the same time breathes the spirit of deep and fervent Christian faith."—*Methodist Recorder*.

Messianic Prophecy. Its Origin, Historical Growth, and Relation to New Testament Fulfilment.

By Dr. Edward Riehm. Price \$2.75.

"No work of the same compass could be named that contains so much that is instructive on the nature of prophecy in general, and particularly on the branch of it specially treated in the book."—Professor A. B. DAVIDSON, D.D.
