THE RIGHT HONORABLE LORD LISTER.

NO man of the empire, no man in the world, has ever received a more cordial welcome from Canadians than Lord Lister. The members of the medical profession of this Dominion are especially enthusiastic over his visit to Canada. We recognize the fact that we have amongst us the greatest surgeon of this century—the greatest surgeon of all time. We all admire him for the great work he has done for the human race; we all love him for his kindly manner; we all respect him as a hero among men. Who can forget his face—full of dignity, full of strength, full of sweetness? Some think that a surgeon, who has handled the scalpel for many years, must become hardened and cold blooded. Lister is a noble, living evidence of the fact that such is not the case, that there is nothing in the practice of medicine and surgery that has any such effect on a good and broad-minded man. The whole world is paying homage to Lister for his greatness; and yet he, who has received the highest honors ever bestowed on any man of science, is one of the most modest and unpretentious men living.
