We are the oldest Manufacturers of :: **STYLO. AND FOUNTAIN PENS** in Great Britain.

Have been over 20 years in the line and should know something about it. We believe that we can supply Canada with these goods and show an advantage in price and quality over any other house. To this end we solicit correspondence from leading buyers, and should be pleased to arrange district agencies on advantageous terms. If our patterns are not right for your market, we will make up any style or size to suit requirements. The pen illustrated below is our latest success. No. 70, with 14 carat gold nib and double feed.

We could supply these to jobbers (in lots of not less than one gross), boxed complete, with your own imprint if desired, at 48 cents each, free London, Eng., less 5 per cent. for cash within 30 days of invoice.
