## About Typewriters

**THE UNDERWOOD** is the best because—writing is ALWAYS in FULL VIEW of operator. This assures the greatest speed with the possibility of errors reduced to the minimum. For tabulating, manifolded or invoice work it has no equal. Rapidity and legibility may always be depended on. It is invaluable for all kinds of office and literary work.

**THE EMPIRE** is the best value for the money. It costs but \$60.00. The writing is visible and the alignment permanent. It is the simplest in construction of high-grade machines, while it does the work of any machine. Its portability recommends it to Authors, Clergymen, Teachers, Students, Lawyers, etc.

**THE NEOSTYLE  
DUPLICATOR** has come to be a necessity in all offices. It is always ready for use and occupies but little space. Its work is its best recommendation. For reproducing circulars, notices, price lists, etc., it is unsurpassed. The copies have the exact appearance of the original. **Price, \$15.00.**
