

values generally are steady at quotations. The market in England is favorable to the shipment of buff and splits, which continue to be made. We quote:—Spanish sole, B. A. No. 1, 24 to 26c.; do. No. 2, B. A., 20 to 23c.; No. 1 Ordinary Spanish, 23 to 24c.; No. 2 do., 20 to 22c.; No. 1 China, 22 to 23c.; No. 2, 21 to 22c.; ditto, Buffalo Sole, No. 1, 21 to 22c.; ditto, No. 2, 19½ to 21c.; Hemlock Slaughter, No. 1, 26 to 27c.; oak sole, 45 to 50c.; Waxed Upper, light and medium, 33 to 39c.; ditto, heavy, 32 to 36c.; Grained, 34 to 37c.; Scotch grained, 36 to 42c.; Splits large, 22 to 28c.; ditto, small, 16 to 24c.; Calf-splits, 28 to 32c.; Calfskins, (35 to 46 lbs.), 70 to 80c.; Imitation French (alf, shins 80 to 85; Russet Sheepskin Linings, 30 to 40c.; Harness, 24 to 33c.; Buffed Cow, 13 to 16c.; Pebbled Cow, 12 to 15½c.; Rough 13 to 28c.; Russet and Bridle, 54 to 55c.

METALS AND HARDWARE.—The volume of business shows, as yet, no material increase, and orders continue of small compass, as a rule. The prices of iron are unaltered both here and at home, late cables from Glasgow reporting "absolutely no change." Warrants 35/5d. Tin firm at £99 7/6d.; tin plates dull at home and the tendency in buyers' favor. Canada plates scarce at moment, but full stocks close at hand on incoming steamers. We quote:—Summerlee, \$16.50 to \$17; Gartsherrie, \$16.50; Langloan and Coltness, \$16.50 to \$17; Shott, \$16.50; Eglinton and Dalmellington, \$15 to \$15.50; Calder, \$16.50 to \$17; Carnbroe, \$16; Hematite, \$18 to \$19; Siemens, No. 1, \$16.50 to \$17; Bar Iron, \$1.60 to \$1.65; Best Refined, \$1.85; Siemens Bar, \$2.10; Canada Plates, Blaina, \$2.25 to \$2.35; Penne, etc., \$2.35 to \$2.40. Tin Plates, Bradley Charcoal, \$5.75 to \$6.00; Charcoal I.C., \$4.25 to \$4.75; do. I. X., \$5.50 to \$6.00; Coke I.C., \$3.75 to \$4.00; Galvanized sheets, No. 28, 5½c to 7c, according to brand; Tinned sheets,

coke, No. 24, 6½c; No. 26, 7c, the usual extra for large sizes. Hoops and bands, per 100 lbs., \$2.00; Boiler Plate, per 100 lbs., —; Staffordshire, \$2.25 to \$2.50; Common Sheet iron, \$2.00 to \$2.10; Steel Boiler Plate, \$2.50 to \$2.75; heads, \$4.00; Russian Sheet Iron, 10c to 11c. Lead, per 100 lbs.—Pig, \$4 to \$4.25; Sheet, \$4.25 to \$4.50; Shot, \$6.00 to \$6.50; best cast steel, 11c to 13c, firm; Spring, \$2.75 to \$3.00; Tire, \$2.54 to \$2.75; Sleigh shoe, \$2.00 to \$2.25; Round Machinery Steel, 3c to 3½c per lb. - Ingot tin, 24c to 25c; Bar Tin, 26c; Ingot Copper, 12c to 13c; Sheet Zinc, \$4.25 to \$5.00; Spelter, \$4.00 to \$4.25; Bright Iron Wire, Nos. 0 to 6, \$2.40, per 100 lbs.

SALT.—Values are firmer and an advance will soon take place, as import orders will be subject to advanced freight rates firm this out. At moment we quoted at 42½c. for coarse elevens, and 40 for twelves; factory filled \$1.10 to \$1.15; Eureka and Ashton's \$2.40; Rice's pure dairy \$2.00; rock salt \$10 a ton; Turk's Island 25c. a bushel.

WOOL.—The demand continues good, and values firm. Pulled wool is coming in fairly, but there are orders for six weeks' supply ahead. There is no Australian in the market. We quote:—Cape 16 to 17c.; Domestic, A super, 28c.; B super 23 to 24c., unassorted, 21 to 22c.; fleece, 21 to 22c. nominal; black, 21 to 22c.

TORONTO MARKETS.

TORONTO, 16th Sept., 1886.

On the Toronto Stock Exchange, business has been brisk, and prices buoyant and higher. Bank shares in some cases having brought the highest rates for many years back. There are indications that the public is taking a more

active interest in the market. Bank of Commerce rose 6 % to 130; Montreal, 5 % to 228; Toronto 2 %, and Merchants, Imperial and Standard 1 each.

Insurance shares were firm at the old quotations. The balance of the Miscellaneous List being neglected, except Canada North-West Land, which sold from 63/6 to 63/.

All the dealings in Loan Societies shares, chiefly for investment, have been at improved rates.

BOOTS AND SHOES.—Many visitors are to be seen in the warehouses this week, and salesmen are apparently well pleased with the number and size of the orders left. Compared with last year, the aggregate of sales and orders is perceptibly increased, and the factory hands are working full time.

FLOUR AND MEAL.—Moderate activity has ruled in this market since our last review, but prices show no change, and quotations are repeated. In oatmeal, little of consequence is heard of, and cornmeal is comparatively neglected. Bran is dearer, and \$11 to \$11.50 is now the figure.

GRAIN.—This has been a sort of holiday week and very little wheat has been brought to market. Prices, although unchanged, are weak, and very little business has been done. Values in barley are still nominal and will remain so until the new grain makes its appearance, which it is expected to do in a few days. Oats are lower, say 32 to 33c., but few transactions are heard of. There is nothing doing in peas at 55 to 57c. Corn and rye are unchanged from last week.

GROCERIES.—What with attending to customers who are in the city to "do" the Exhibition, and filling letter orders, the hands in the various grocery houses are kept very busy.

THE ANTHONY STEEL PLATE FURNACE.

Marks a new era in the sanitary warming of our houses. The objections that have heretofore been urged against hot-air furnaces are entirely overcome in this apparatus. The vital point of superiority consists in covering the entire fire chamber and flues by an impervious drum of heavy steel plate, securely riveted. By this arrangement the escape or leakage of gases is an impossibility, while, by the system of flues used, the maximum quantity of heat is secured.

The construction and sanitary application of this furnace is fully described in our new 52-page book, entitled "OUR HOMES; HOW TO HEAT AND VENTILATE THEM." This book will be mailed free to any one on application.

THE ANTHONY FURNACE

Is endorsed by the leading architects of Boston and other New England cities as being the highest development of the sanitary idea yet attained in a furnace. Those who value the ultimate health and comfort of their families will be careful that they breathe the pure air during the winter months. Our system of heating and ventilation secures air that is absolutely free from gas and at the proper temperature for respiration.
