

BUSINESS OF THE HOUSE

Mr. Macdonald (Rosedale): Mr. Speaker, I should like to confirm that on Monday we will be on script as indicated in my announcement yesterday, starting with third reading of the precious metals marking bill and then going on to third reading of the bill dealing with the Freshwater Fish Marketing Corporation. Following that measure, we will

call second reading of the bill to amend the Export and Import Permits Act. Assuming passage of that measure, we would then deal successively with items 33 and 41, third reading of the bill to amend the Aeronautics Act and third reading of the bill to amend the Navigable Waters Protection Act.

At five o'clock the house adjourned, without question put, pursuant to standing order.
