

## MEDICAL TESTIMONY.

As an evidence of the high opinion and confidence the Medical Faculty in the United States entertain for these remedies, we present the following letter from Prof. Reid :

DR. LAWRENCE REID.

Seven years Lecturer on Medical Chemistry in the New York Hospital, and seven years Professor of Chemistry in the New York College of Pharmacy, and for four years in the Medical University of Edinburgh, Scotland.

86 DE KALB AV., BROOKLYN.

Dr. Radway & Co., of New York, have submitted to my analysis their three remedies, named "Ready Relief," "Renovating Resolvent," and "Regulating Pills." They have also communicated to me their mode of preparing the same. After a careful examination of these articles, I pronounce them as composed of ingredients of great purity and cost, free from mercury or other dangerous substances, and prepared with skill and care.

Having long known Dr. Radway & Co., as scientific gentlemen of high attainments, I place every confidence in their remedies and statements.

These remedies, in my opinion, stand on different grounds from nostrums which absurdly pretend to cure all diseases with one preparation. They are a well-considered series of remedies, prepared on scientific principles, and having a strong claim to public favor.

From their adaptation to the diseases for which Dr. Radway & Co's remedies are recommended, and from their speedy action in giving relief, I consider them as a useful invention and quite a family convenience, superceding in numerous instances the necessity of medical assistance; and when that is necessary, doing something of a safe nature to relieve the sufferer in the interval.

I have no doubt of the great value of the Relief, as a local application to the spine, in those cases of weakness of the body or limbs, or the digestive or other organs, which depend upon the nerves proceeding from the spine for power to perform their functions.

LAWRENCE REID, Prof. of Chemistry.

A LITTLE GIRL. MERCER Co., W. VA.

DR. RADWAY.

DEAR SIR—It is with pleasure I take my pen in hand to inform you of the great cure effected by your medicine called Resolvent. I had a girl, three years old last September, who had suffered with Scrofula ever since she was two years old. In fact, the doctor told us she was born with it. We had our best local doctors with her, and it seemed like all hope was gone, for they told us if the disease settled on her lungs she could not be cured. This frightful disease seated or seized upon her lungs severely. I began to think that our little girl could not live long, our physician's medicines doing no good. In the meantime, I received a copy of your medical publication called "False and True," which you sent me. After seeing the accounts of so many cures effected by your treatments, I at once resorted to them, though I could scarcely find any in this country, but I had the luck to get one bottle, and by the time she used it all she was most well. The ulcers that were making their appearance on her body are entirely gone, her lungs almost healed, or at least she has almost quit coughing. She has begun on the second bottle, and I believe by the time she uses all of it she will be well. She had a very bad cough. If I could have secured this treatment in time, I could have saved money by it; but it is a hard matter to get hold of it in this country. I am yours with respect,

SAMUEL S. BARKER, Flat Top, Mercer Co., W. Va.
