Pittsburg. Pa., Aug. 18.-This morning decision in the injunction proceedings of the New York and Cleveland Gas Coal Company, against the United Mine Workers of America, Patrick Dolan, William Warner and others. The preliminary inplaintiffs were ordered to file a bond of \$5000 to answer for such damages as may be sustained by the defendants by reason of the injunction.

The court ordered a similar decree to be frawn in the case against the Bunola niners.

tracted for on the 54 cents oass shall be mined at that rate until the contracts are filled.

It is known the requirements of the lake trade by Sept. 15 are six million tons. If the contracts are not filled the operators will not only lose a large amount of money, but put themselves in a position to lose contracts for all time to come.

The price of coal shows no material increase at Pittsburg. The ruling figure in barge lots is 5c to 5½c per bushel. There is no shortage of the supply and the demand is only ordinary. The present holdings in the Pittsburg market are not far from seven million bushels.

Plans are being formulated for the maintenance of the strikers and their families for a prolonged period. The expense of carrying on the strike is placed at \$500 a day and appeals are coming in every day for help for families in the mining villages. The indications are that the camps about De Armitt's mines will be abandoned and there will be no more marching. Uriah Bellingham reached Plum Creek about noon, and, calling the men together, told them of the adverse decision of the court. He told them there would be no more food would be furnished.

"You had better go home to your families," he said, "and find work where you can."

There was considerable murmuring

Wheeling, W.Va., Aug. 18.—Ex-Governo Fleming has returned from Parkersburg where he had been in a consultation with Judge Jackson, and announces that the Judge had given a new construction to hinjunction against the strikers in the Fairmont region and in the Loup Cree Valley which makes it mandatory upo

Coffeen, Ill., Aug. 18.—The strikers are in possession of the town and Sheriff Randall has mustered his handful of men at the coal company's shaft, which, he says, he will protect at all hazards.

The town authorities say they are utterly powerless, as the strikers can do as

Tacoma, Wash., Aug. 18. — Representatives of all the large shingle mills on Puget Sound met here in secret session to-day to form a combine for the purpose of maintaining prices. The meeting was for the purpose of establishing a uniform scale of prices. Star shingles were set at \$1.30 to \$1.35; clears at \$1.40 to \$1.45, with the usual difference on lower grades. An advance of \$1.00 per thousand was made on cedar and spruce sidings, and all other grades of rough and dressed lumber were held at the prevailing scale of the larger mills.
