CHANCE TO MAKE TWO WINNERS FAILED TO COME FOR FINALS

Can Owen Sound Add District Cup to Their Tankard Championship?

The defeat of Palmerston in the district cup final gives Owen Sound a fine chance to make a new curling record, as the Northerners, who won a year ago, this week, will add the district cup to the Ontario tankard—something that has not yet occurred in the Ontario Curling Association.

Dog racing will probably not become very popular. Considerable criticism has followed the 500-mile winner to St. Paul race, as the dogs, who were expected to be of the breed, were not. The fact that the dogs, who were expected to be of the breed, were not. The fact that the dogs, who were expected to be of the breed, were not.

Jack Johnson, former heavyweight champion, is not down and out physically and mentally, as has been reported by the belief in this country. Johnson wrote Frank Sutton, an old-time Pittsburgh friend, that he is running a music hall in Madrid, Spain, and is making money. He added that he had sent his mother \$100,000, and that he was now worth \$1,000,000. Johnson is now worth \$1,000,000.

The bond was given by Captain L. W. Reade, who was master of the battalion, and has recently resigned his commission in the regiment. The regiment was disbanded by the Ocean Accident Guarantee Corporation, and they will have to look to the N.H.A. for reimbursement. It is unfortunate that the directors decided to ask for payment of this bond in the time of the war, and that the soldiers were not able to pay it.

INTERLEAGUE BALL BEFORE THE SEASON

Regardless of Opposition, More Games Will Be Played Than Year Ago.

New York, Feb. 12.—Although considerable opposition developed last spring among certain of the big league managers against the playing of inter-league games, the agitation appears to have had little effect, for more tests of the class have been scheduled for the next two months than was the case in 1916.

A year ago the various clubs of the two major leagues met in more than thirty of these training season games, while close to fifty have already been arranged for the coming season. Several clubs yet to make public their plans in this direction.

As a preliminary to the pennant races of last year the big circuit teams met in thirty-nine games, either inter-league or inter-club with the result that the National League Clubs won twenty-four to the American's fifteen. The senior organization played to a total of 1,544 runs, 154 runs to the American League and 1,390 runs to the National League. The final analysis credited sixty-one to the Nationals and fifty-eight to the Americans.

BOXING PROMOTERS ARE TO BLAME FOR CONDITIONS IN NEW YORK STATE

Have Wrangled Among Themselves and Made Such a Noise That the Fans Are Sick of the Whole Business—Should Wagner Get Better Treatment?

By Jack Gordon. New York, Feb. 12.—You don't often hear of a boxing promoter who is a bunch of thugs or thieves or just plain plain hiders among the bushes along a dark side street and shooting themselves as they pass by.

The idea seems to be to anybody except a prizefighter promoter. He thinks it is a very natural thing to do. He has been doing it for years. Whenever he sees a good chance to knock himself out, he lets go with a vicious swing to his vital and he has a punch in either hand.

The fight between Battling Promoter and Kid himself is now being staged in New York State, and at present accounts both scrappers were groggy and ready to flop on the ground.

All of which foregoing means that the end of boxing contests in New York is in sight, and the promoters who have been doing it for years are now being blamed for the conditions in New York State.

Dr. Ferdinand King's Nuxated Iron

Dr. Ferdinand King, a New York City physician and author, says: "There can be no strong, vigorous iron men without iron. Nuxated Iron taken three times per day after meals will increase the strength and endurance of weak, nervous, run-down folks 200 per cent in two weeks' time in many instances. Avoid the old forms of metallic iron which may injure the teeth and corrode the stomach, and thereby do more harm than good. Take only organic iron—Nuxated Iron. It is dispensed in this city by G. Tamblin, Ltd. and all good druggists."
