

DAINTY SHOES

for Dainty Misses

We have a special line of Children's Shoes that are really the pink of perfection. They are just suited for parties, Sunday wear, and in fact for all occasions on which you are even more than usually particular that the little lady shall look her best.

Our Romper Shoes for misses and children cannot be excelled. To fit growing feet with just the shoes they need is one of the most important details in our Children's Department. You will notice the result of our endeavors for "the best service" when you see the shoes on your children's feet.

OUR SLOGAN:—"Service and Quality."

ENGLAND NOW EMPLOYING 700,000 WOMEN ON MUNITIONS

London, Oct. 10.—(Correspondence)—There are now 700,000 women employed on munitions work in this country as against 140,000 in 1915. The number of men employed shows an increase, during the same period, of 66.6 per cent.

The war office is calling for about 12,000 women a month for service at home and abroad, many being especially wanted in the aerodromes and airplane repair shops.

Arrangements are being made for the establishment of hostels for women all over the country. When they are passed through the selection boards they go to the hostels, get their uniforms and are then drafted into their camps. Pay varies from \$5 to \$10 weekly, with uniform.

Honored by Japanese Emperor
Tokio, Oct. 2.—(Correspondence)—Miss Julia N. Crosby of Yokohama, has been invested with the order of the Blue Ribbon by the Japanese Emperor. Miss Crosby is 94 years old, and for forty-six years has been engaged in the work of the Women's Union Missionary Society. The honor is conferred in recognition of her labors in the education of Japanese girls, as well as of her works of charity. Miss Crosby is the eldest daughter of the late Prof. Henry William Crosby of New York.

Washington "Dry" Tonight

Will Be Only Great Capital In World Where Prohibition Is Effective

Famous Places To Close

Private Individuals Permitted To Import Liquor for Their Own Use—27 States and District of Columbia Now Dry

Washington, Oct. 31.—At midnight tonight the national capital will become saloonless and enter the absolute prohibition zone, making twenty-seven states and the District of Columbia within which the sale of intoxicants is prohibited. Washington will be the only capital of the world where prohibition is effective, as even in Petrograd light wines are now legally sold.

While the law enacted did not forbid the importation of intoxicants into the District of Columbia, indications are that the national capital will be virtually without any stimulants. Liquor cannot be dispensed in clubs, under the new law, but private individuals may have it shipped to them for their own use. Before the next congress assembles Washington will have had more than a month of prohibition, and in the next session there will be a concentrated fight by exponents of prohibition for the passage of a national prohibition amendment to the federal constitution. No country in the world has undergone a more radical change than this in reference to the use and manufacture of liquor since we entered the war. The manufacture of whiskey has been prohibited and the president has authority to restrict the use of grains for the making of beer if he deems it necessary.

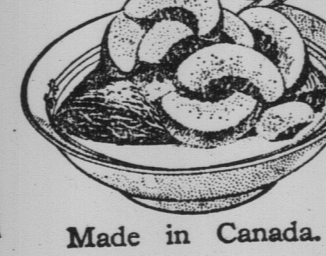

Washington has been the home of famous hostilities since the early days of the government. The today was a daily part of life, and history records that it was regularly used even by our early supreme court justices. This practice wholly ceased among a considerable part of the political population, but Washington is now to become the centre of a desert America.

After 100 years of cheer-giving hospitality and, incidentally, a good share of the troubles it has brought to some public men and their families, a good share of whiskey and its lesser alcoholic associates, will depart, so far as their legalized sale is concerned. As the funeral to John Barleycorn is coincident with Halloween, the obsequies are expected to be memorable and fitting. The national police have been obtained for the occasion and some hotels, fearing a riotous and uncontrollable crowd, have already closed their bars. Many places, however, intend to offer cabaret shows for the farewell ceremonies.

There is no concealment of the fact that organizations and people in Washington are preparing for one last happy revel. Some clubs have arranged programmes, at which drinks that heretofore have been put forward as put forward to be outlawed are put forward as put forward to be outlawed. One club will give a party to which each member will be entitled to bring one guest. The member and his friend may drink of wine long and often. All the clubs that will celebrate will have special programmes, and one has announced a "progressive drinker" night.

No opportunity was given the people of Washington to express themselves on the prohibition question. There is said to be much sentiment against the action of congress, which enforced prohibition without a referendum. Congress rejected a proposition to submit the question to the people. One argument employed in debate was that more than one-third of the residents were negroes and therefore a vote would surely continue the Capital wet. The prohibition forces were in control in both houses, and they passed the law just as they legislate on all other matters for the District of Columbia. The action of Congress in this respect has revived the movement for suffrage in the district.

Don't Waste, Don't Starve—there is plenty of food for all if you will only do your bit in preventing waste. Demand the whole wheat grain in breakfast foods and bread. Shredded Wheat Biscuits 100 per cent. whole wheat—nothing wasted, every particle utilized. It contains more real nutriment than meat, and costs much less. For any meal with milk and fruits.

NEWS NOTES ABOUT PROMINENT BAPTISTS

(Maritime Baptist.)
Rev. B. D. Knott, of Mahone Bay, was the preacher at the First Baptist church, of New Glasgow, on Convention Sunday. A correspondent from New Glasgow writes of his sermons as inspiring and uplifting.

The sudden and severe illness of Lieutenant-Governor Ganong has called forth many expressions of sincere sympathy. At the time of writing this the latest report in regard to his condition is very encouraging. The threatened attack of typhoid seems to have been broken up. All will wish him a rapid and complete recovery.

Rev. E. E. Daley has begun the seventh year of his ministry with the Tabernacle church, Halifax. If the quiet celebration of the event which wishes of the congregation are consulting another six years at least are likely to pass before the present happy pastoral relations are broken. The last charge 217 have been received into the membership of the church, 103 of these by baptism. The present membership is 355. The pastor's salary has increased three times, and recently a purse of \$100 was presented to him.

Rev. S. W. Stackhouse has accepted a call to the Moncton Suburban church, and will begin his work on his new field about the first of December. The church at Doaktown, of which he has been pastor for only a year and a half, has accepted his resignation with great reluctance. During his brief pastorate great progress has been made both materially and spiritually.

Recently Mr. and Mrs. Geo. E. Nichols, of East River road, New Glasgow, were surprised by their friends and co-workers of the First church on the occasion of the seventeenth anniversary of their marriage. On behalf of the company Pastor Archibald presented to Mr. and Mrs. Nichols an electric riding lamp.

Rev. Josiah Webb, who during the winter enjoyed a few months of well earned rest, has again taken up the burden of the pastorate. He is now preaching on the Sabie River field, which is large enough to tax the strength of a younger man. But "Uncle Josh" (if we are revealing editorial secrets we hope to be forgiven) is young in spirit if not in years, and is not at all afraid of the hard work of an extensive rural field.

Rev. W. B. Crowell, after nearly four years of service within the convention territory, is about to become an exile from his native land, having accepted a call to the United Baptist church at Hodgdon, Me. His new field relieves him of the long drives which were a necessity on the Windsor field. He will begin work at Hodgdon at once. His ministry among us has been a fruitful one and we have no doubt that similar success will crown his future efforts for the spread of the Kingdom of God.

A feeling of sadness and a sense of personal loss will come to many of our readers with the news of the death of Dr. R. Y. Jones, for many years the loved professor of classics at Acadia. According to the information received he passed away at his home in Wolfville on last Thursday. The students who sat under his instruction will never forget his inexhaustible fund of kindly humor. In his passing one of the few quiet celebrants of the church's reguarded secret. The resulting invasion of the pastorate was a most friendly one. Several suitable gifts were presented as an expression of the church's regard and esteem for the pastor and his wife. The "piece de resistance" was a silver plate heaped to capacity with shining silver quarter dollars.

MORNING NEWS OVER THE WIRES
The Montreal wholesale liquor house Scott Act case was before the local court in Moncton yesterday. The defendant who was not present, was fined \$75. Fines of \$50 were imposed on the two Sledzies Scott Act violators.

The police in Fredericton removed about \$800 worth of liquor from one of the express offices in Fredericton yesterday.

Captain John A. Malefant of Moncton who was well known in this city as quartermaster of the 165th Battalion arrived home from England this week.

SHOOT TWO ON DANCE FLOOR

Jealous Man Kills Woman and Fatally Wounds Her Escort

New York, Oct. 31.—Fifty couples were waiting at the dance of the Selma Circle in Central Hall, West Hoboken, when a man, elbowing aside some of the merry-makers, walked the length of the ballroom, pulled a revolver from a pocket, and began firing at two of the dancers. The first bullet hit Mrs. Nellie Wich over the right eye. She staggered, but did not fall, as her partner, John Raggio, still held her in the dancing posture. The assailant stepped close to the woman and fired a second bullet near her heart. Mrs. Wich slipped from the arms of her dancing partner and dropped down on the floor.

The terrified men and women, and the musicians, too, were trying to get out of the room the man with the revolver coolly turned the weapon toward Raggio and shot him in the arm and body, until he had emptied the five-chambered pistol. One of the three shots hit Raggio near the heart. He was dying when he reached the North Hudson hospital.

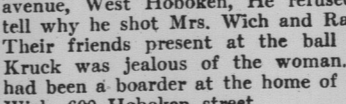

The slayer described himself as Frank Kruck, a machinist, of 218 Paterson avenue, West Hoboken. He refused to tell why he shot Mrs. Wich and Raggio. His friends present at the ball said Raggio was a boarder at the home of Mrs. Wich, 600 Hoboken street.

PARIS POLICE CHIEF PUTS SILENCE ON THE MOTOR SIREN TRUMPET

Paris, Oct. 10.—(Correspondence)—M. Hudeol, the new prefect of police, has decided that the motorists' contribution to the unnecessary noise of the capital shall be suppressed. The siren trumpet has been suppressed altogether. Other trumpets must be used only when necessary, under penalty of fine.

Counterfeit Quarters
Fredericton, N. B., Oct. 30.—The police report that counterfeit Canadian quarter dollars are in circulation in Fredericton. The coins have been passed at several stores but are light in weight and color. The minting is very good. The date is recent.

If Baby is not thriving on its food try

which has nourished three generations of infants

Put Vim In Jaded Muscles

by stimulating and arousing the circulation with light applications of Absorbine, Jr., rubbed in thoroughly. This invigorating liniment acts quickly and surely. It is fragrant and pleasant to use—leaves no greasy residue on the skin.

As Absorbine, Jr., is a powerful germicide as well as a liniment, it is effective for prophylactic and aseptic uses; it destroys the germs in cuts and sores; it may be diluted and used successfully as an antiseptic and germicide for the mouth and throat.

Athletes will find it efficient for limbering sore, stiff muscles. A good formula for a rub-down is one ounce of Absorbine, Jr., to a quart of water or witch hazel.

It is composed of vegetable extracts and essential oils and is positively harmless. Get a bottle today and keep it in your desk, in your traveling bag, in your medicine cabinet, or in the side pocket of your automobile. It is health insurance of a high type.

At most druggists or sent postpaid on receipt of \$1.00. Trial bottle for 10c. in stamps.
