CANNOT GET BACK TO HOME COUNTRY

Bolivians Either Exiled or Prohibited—Due to Revolution Last July.

(Associated Press Correspondence.)
Valparaiso, Nov. 16.—More than 100 citizens of Bolivia either have been deported or are unable to enter that country as the result of the revolution there last July, according to a manifesto issued by Bolivian political exiles here. Among the number are President Gutierrez Guerra, who recently went to the United States after being deposed, and there are described in the manifesto as some of the most eminent men of the country, all members of the Liberal party.

Included in the list of those barred from entering Bolivia are: Ignacio Cárson, for many years Bolivian minister at Washington; Manuel Vasquez, vice-president of the republic; the Bolivian ministers to Japan, Venezuela, Ecuador and Colombia; José M. Gutiérrez, consul-general at New York; Alberto Palacios, consul at San Francisco; the ministers of foreign relations and war, army officers, senators, deputies, and a long list of public functionaries under the old regime.

The manifestos assert that these men are denied the political rights by the "situation of force now reigning in

Bolivia and by the violent rupture of constitutional order.

The Bolivian liberals residing in Chile have formed a committee to re-organize their party for the avowed purpose of maintaining high national ideals. The revolt at La Paz occurred July 12. José Zavaleta, a republican, was proclaimed provisional president. The constituted authorities were deposed and three or four days later many of them were deported in special trains to Chile. Recent advices received here from the Bolivian capital were to the effect the elections would be held soon and that a constitutional convention would be called shortly afterward.

JACK HOLT HAD A REAL FIGHT INDEED!

In Imperial's Romantic Adventure "Crooked Streets"—A Thrilling Picture.

I. O. D. E. CO-OPERATION.

The National Council of the Imperial Order of the Daughters of the Empire has recommended to the various provincial councils of the order, to co-operate to the fullest extent with the provincial bodies of the St. John Ambulance Association. The president of the I. O. D. E., Miss Joan Arnold, has already addressed a message to the provincial workers pointing out the importance of a study of first aid to the injured and home nursing, and urging all possible assistance in the organization of classes where centres are already in existence, and the formation of centres in localities where the work of the St. John Ambulance Association has not in the past been thoroughly organized. The provincial councils of the association have been notified of the arrangement, and it is expected that the closest co-operation will be maintained in the encouragement of this important work. The I. O. D. E. has a wonderful record for war work and it is felt that with the assistance of these enthusiastic women that greater progress will be made in the future than has ever been made in the past.

OXO CUBES

OXO Cubes contain the valuable protein of beef as well as the stimulating extractives. They build up health and strength in a remarkable way. Better than Beef-tea.

Hurlbut's are better for the children's health

SHOES may determine your child's health in later life. So Hurlbut's are built with absolutely correct shape for the development of little, growing feet. Their flexible soles—absence of tacks and ridges—the ventilated, soft and cosy Cushioned Insole that absorbs jar and jolt—make them "The Ideal Shoe for Children."

Hurlbut's are without doubt the highest quality of children's shoes made to-day—the fact that they cost more per pair is entirely offset by the far longer time they last and keep their shape, and by the comfort and perfect fit they give.

At the end of the first round of my fight in "Crooked Streets," a spectator snickered, "Why, his hair ain't even mussed. You'd think he'd been sipping tea, instead of fighting." Mind you, it was the first round—not the fourth. Why, they say Benny Leonard, the lightweight champion, has had his hair mussed only once or twice in his whole career.

"Moreover, in that 'Crooked Streets' fight—and I'll rise to remark it was a real battle—I still had a neat part in my hair at the close. I had to muss it up after the fight, so that it would look true-to-life in the picture."

At this point the interviewer, to whom Jack addressed his lament, was observed to smile. He was looking at Mr. Holt's head, which is rather sparsely covered with the kind of hair that you couldn't possibly dislodge, unless you ran a rake over it.

"Crooked Streets" is an adventure-romance of China, in which Jack Holt figures as the mysterious rescuer of Ethel Clayton, when she is beset by rival gangs of toughs. It made people sit up and stare yesterday and created lots of excitement.

The remainder of the programme was a Burton Holmes travelogue and "Topics of the Day," both very interesting. Tomorrow Tom Moore in "Stop Thief!" will be the comedy attraction.

ATTACKED BY NEGRO, GIRL SEIZES RAZOR

TRURO, N. S., Dec. 6.—Tom Montague, a negro from the Southern States, was today committed for trial on a charge of attempting to attack and threatening to kill a young girl of Antigonish. The girl said that while on her way home from work on Saturday night, the negro attacked her. She seized a razor from him, beat him off, and then rushed to a nearby house for assistance. She gave a good description of the negro and his arrest followed.

JURY DISAGREES FOR SECOND TIME

In the Circuit Court yesterday afternoon in the case against George Donnelly and Marie Thomas, charged with a statutory offence, the jury disagreed for the second time. At the former trial the jury stood eleven to one for conviction and the report of the jury yesterday showed the same proportion. Dr. W. B. Wallace, K. C., conducted the prosecution and E. S. Ritchie appeared for the defence. The court adjourned until this morning.
