EARLY SUFFRAGE ACTION EXPECTED

Senator Curtis of Kansas, in Washington Forecasts Prompt Vote in Congress—Outlook for Ratification by the States

Washington, April 24.—Upon his return to Washington after a month's trip covering several sections of the country, Charles Curtis, United States senator from Kansas, and Republican whip in the senate, is confident that the federal suffrage amendment will be submitted to the states promptly by congress at the forthcoming extra session.

"I am confident that the suffrage amendment will secure the necessary two-thirds vote in the house and senate, and be passed in both bodies in this congress, as soon as the session begins," Senator Curtis declared. "I do not think there is a shadow of doubt as to its immediate passage."

Suffrage leaders have hope of ratification of the amendment by enough states to give the women the vote in the 1920 election, if it is submitted in the first week of the new congress, and if the call for the extra session comes soon. Of the forty-one legislatures to which the amendment might have been submitted early in the winter, many are in session, or soon will be in session. These include Connecticut, Illinois, Florida, Georgia, Alabama, Pennsylvania, Rhode Island, Nebraska, Missouri, California, Minnesota, Ohio, Wisconsin and Massachusetts. Of these, eight, it is thought, can be counted on for immediate favorable action. California already has full suffrage. Illinois, Rhode Island, Nebraska, Minnesota, Missouri and Wisconsin have presidential suffrage, while the legislature of Ohio recently passed a resolution calling upon congress to submit the amendment.

There is hope of securing the calling of extra legislative sessions in all states where women have full or presidential suffrage, and the immediate ratification of the amendment by their legislatures. This would add nineteen to the above eight, bringing the number of possible ratification up to twenty-seven.

WORKERS HAVE REPRESENTATION

Indiana Company and Employees Agree Upon a Plan Which Looks to Joint Success

Hammond, April 24.—Declaring the welfare of the company and of its employees to be "inseparably bound together and their joint success dependent upon their co-operation and a fair and just execution of each other's duties and responsibilities," the Standard Steel Car Company (Hammond, Indiana) Works has proposed to employees and they have accepted a plan of representation of employees in dealing with the management. Thereby is created a "workmen's representative assembly."

This body elects four members of a general conference committee, of which the remainder is named by the management. This body will consider recommendations from special committees selected by the workmen's representative assembly dealing with the following subjects: Shop methods and economy, employment and working conditions, housing and living conditions, athletics and recreation, and education. The management also sets up its own committee on the same subjects, to co-operate and confer in joint session.

DRY CAMPAIGNS TO BE UNABATED

Chicago, April 24.—The immediate programme of the Prohibition Party calls for unabated activity in the United States, pushing every campaign of importance, both local and state in 1919, and the national campaign, in addition, in 1920. Announcement of party policy is made by Virgil G. Hinshaw, chairman of the Prohibition National Committee. The world prohibition movement is not forgotten by the Prohibitionists, but it is evident from the emphasis which Chairman Hinshaw lays on work in this country, that he considers the United States the chief battle ground for American Prohibitionists for the next two years.

Enforcement of the national prohibition law will be pushed. Chairman Hinshaw also urges that the party devote itself to securing state and national legislation defining intoxicating liquors, to be alcoholic liquors containing any percentage of liquor whatsoever.

NEW STYLE BANQUET IS PLANNED FOR VETERANS

A May Day festival for returned soldiers is now being planned by the Citizens' Repatriation League of Toronto, and in order to bring the returned men into closer touch with employers, 100 business men will be asked to act as hosts on the occasion of the banquet at the Armories. There will be 100 tables, each to accommodate eleven soldiers and their host, and now the league is working for the 100 men to serve as hosts. The idea is to have 100 small gatherings, rather than one big banquet, and it is hoped that during the dinner the business men will learn more about the

soldiers. Only veterans who have seen actual fighting in France will be allowed to attend. Each chairman will be expected to get the names and addresses of the men at his table, with the object of helping them into a position later, should any require employment. The relatives of the invited veterans will be given places in the galleries.

**100 Per Cent Service**

**KNOW** your bicycle before you buy. A cheap assembled wheel with its parts purchased from far and wide "at a price" may look like a good bicycle, but is it? The firms making some of the parts may put good honest value into their products; others may not, or cannot. One bad part will ruin your wheel. You take the risk—and it is a costly one. Exactly the opposite policy is pursued in the making of

**C.C.M. Bicycles**

We make in our own splendid factory at Weston practically all the parts required in the finished bicycle—a larger proportion than does any other bicycle manufacturer in America. This serves a double purpose—

- 1st.—It gives us the opportunity of scrutinizing every detail of workmanship and material;
- 2nd.—It gives employment in Canada to the largest possible number of Canadian workmen.

This policy has been maintained since the inception of the Canada Cycle & Motor Company. It has given our wheels a character and dependability unrivalled in the Dominion. In other words, it means 100 per cent service.

All C.C.M. Bicycles have the famous **Hercules Coaster Brake**. It is sensitive to your every wish—dependable always. The clutch engages with the utmost smoothness. It is the lightest and simplest of all brakes.

C.C.M. Bicycles in every part give maximum service and satisfaction, and every part is guaranteed. This means extra years of service.

In case of accident you can renew C.C.M. parts without loss of time. C.C.M. dealers are to be found almost everywhere in Canada. Ride a C.C.M. bicycle.
