ACTING MAYOR OBJECTS TO THE STYLE OF DEBATE

Asks Council to Follow Parliamentary Usage

BREEZE OVER WAGES

Increases Granted to Public Works Employees, With Commissioner Fisher Objecting to Over-draft Provision Added in Committee

Increases in wages for several classes of workmen in the public works department were approved by the common council this morning. There was a bit of a breeze over the matter, Commissioner Fisher declining to move the report on account of a rider attached by the committee and Commissioner Fisher defending the extra clause. The acting mayor found it necessary to ask that the debate be carried on in a parliamentary manner.

The council met this morning on account of the municipal council meeting having been called for the afternoon. Commissioner Bullock presided and Commissioners McLellan, Fisher and Hilyard were present.

When the report of the council of the whole was taken up Commissioner Fisher said that he did not want to move the adoption of the report as a whole as he did not approve of the proviso added by the committee in connection with wage increases, providing for an overdraft to meet the additional expense.

Commissioner Bullock—Move it back for re-consideration.

Commissioner Fisher—"The wage increases must be attended to today."

Commissioner McLellan—"If a statement of that kind is made it should be explained. If a strike is threatened, what would it amount to? Would it only mean closing down the stone crusher? I would like to ask the commissioner why the matter must be dealt with today?"

The acting mayor—"I do not like the question, unless you wish to go in committee."

The report was taken up section by section and the wage increases were adopted, subject to the proviso against which Commissioner Fisher voted.

The report, the balance of which was adopted without discussion, was as follows:

The committee of the whole reported recommending that the following scale of wages be adopted for the public works department:

On crushers—Drillmen (blacksmiths), \$8.75 per day; drillmen (ordinary) and engineers, \$9.50; quarrymen, \$9.50; laborers, \$8.

On streets—Truck drivers, rakers on asphalt work, rollers, lanterns and cement finishers, \$9.25 per day.

Subject, however, that there shall be no curtailment of the work estimated to be done during the season of 1918, and that the amount of increases granted, in wages, when appropriation was made in 1918; and that the commissioner of finance and public affairs be asked to provide for the amount of excess to be assessed for in 1919.

The committee also recommended that \$20 be given to T. Donovan and Son full compensation for injury to their horse whilst approaching the west side docks.

That authority be given the commissioner of harbors, ferries and public lands be authorized to make necessary repairs to the north side of Rodney wharf at an estimated cost of \$2,000, said work having been commenced under the late commissioner.

That the comptroller be authorized to call for tenders for the supply of coal for the several civil departments.

That the commissioner of finance and public affairs and the commissioner of public works be authorized to look into and report on the matter of a pension or superannuation scheme for retiring civil employees after long years of service.

FAIRVILLE CHURCH HAS CALLED REV. A. S. BISHOP

Invitation to Nova Scotia, Now Pastor of Jamaica Plain Church

The Fairville Baptist church through their standing board have unanimously invited Rev. A. S. Bishop of Jamaica Plain, Mass., to be their pastor, succeeding Rev. P. R. Hayward, who entered Y. M. C. A. work in Toronto about six weeks ago. Since then the pulpit in Fairville has been filled by supply.

While definite word has not been received it is expected Rev. Mr. Bishop will accept the call. He preached in Fairville Baptist church on May 5 and his sermons and pleasing personality impressed the congregation most favorably.

Rev. Mr. Bishop is about thirty-three years of age and a native of Nova Scotia. He is a graduate of Acadia University and last year finished special courses at Newton Theological Seminary, Boston. He has officiated as pastor of several Nova Scotia churches and moved to the states four or five years ago. There he has met with much success.

Rev. Mr. Bishop will, it is expected, occupy the Fairville pulpit on the first Sunday in June. Meanwhile the congregation are eagerly awaiting his official acceptance of their invitation to him to assume the pastorate.
