THE COAL QUESTION.

To the Editor of The Times:

Sir,—I noticed a query in your editorial columns as to why hard coal is \$16.25 in St. John and the same coal is only \$14 to \$14.50 in St. Stephen, Woodstock and Fredericton? The answer is very simple. It is owing to the fact that we have a fuel controller that is controlling nothing but the salary that is attached to the office.

As to the other queries, why barges cannot be brought to St. John and why cars are unnecessarily delayed in unloading; it is just as simple. It is because it does not suit the purpose of the parties interested, the government, the coal barons or the retailers, to import hard coal in barges or otherwise. They figure to import just enough for a certain class and to unload soft coal on the poor people.

Aside from the question of the balance of trade between the United States and Canada, it is an indisputable fact that the more coal that is consumed the more there will be mined; therefore the government will reap a larger revenue in royalties beside keeping the money in Canada and it does not require much discernment to see where the retailers will benefit by selling soft coal at hard coal prices.

I have great sympathy for the favored class that are getting robbed to the extent of \$2 a ton as it would pay their gasoline and oil bills, but I have far greater sympathy for the thousands that cannot get hard coal at any price.

Respectfully yours,
JAMES McMENAMIN.

Hon. Mr. Smith's Announcement of Importance in Connection With Sale Postponed Recently

An unusual announcement to come from the department of crown lands for the province of New Brunswick and one also of unusual interest, not only to lumbermen, but to the people generally, is made today under the signature of the minister of lands and mines. This announcement advertises the fact that the lands located in different sections of the province which were advertised in the Royal Gazette to be sold on Sept. 5 under the lease plan as authorized by legislation of 1918, will now be put up to competitive bidding on the basis of straight stumping rate per thousand superficial feet, the upset price of which will be announced at the hour of the sale.

So far as these lands are concerned at any rate, this is a decided change of policy from that which has been followed by the crown land department since the days when Hon. A. G. Blair was premier. There are many thousands of acres of private lands in the province, the number of which is out upon the business lands which the present minister of lands and mines is at least determined to experiment upon, as evidenced by the terms and conditions of the announcement he is now making to the public.

It will of course be seen in a very short time whether the departure from the lease method is to the advantage of the province or not, and the explanation of the postponement of the sale advertised for Sept. 5 can be found in the present sale announcement of the minister of lands and mines.

The lands, the number of which is now being offered for sale, did not come within the bonus arrangements of 1918, and not being under lease after Aug. 1, 1918, the government of today is entitled to deal with them as they see fit.

MINISTER OF LABOR IS TAKING A HAND.

That the minister of labor is doing everything in his power to prevent continuation of the Dominion Express Company's strike was the message received last evening from Hon. F. B. Carvell by John Kemp.

The teamsters held a meeting last evening and agreed not to haul a pound of goods for the company while the strike is on. They extended their entire sympathy towards the strikers.

Ask Intervention.

At a joint meeting of the city council and board of trade of Moncton, which was held last evening, a deputation was present from the Canadian Brotherhood of Railway Employees requesting the board of trade and the council to ask the government for a board of conciliation to consider the dispute between the Dominion Express Company and its employees. A resolution was passed petitioning the prime minister and minister of labor to grant a board of conciliation.

YARMOUTH WEDDING OF INTEREST

Yarmouth, N. S., Sept. 13—A very interesting event took place at 7.30 o'clock yesterday morning in Wesley church, when Miss Hazel Keith, daughter of Mr. and Mrs. H. Keith, was married to Wilbert Vought Hoyt, cable electrician in the W. U. offices at North Sydney, and son of Mr. and Mrs. Chas. H. Hoyt of that place. Rev. W. H. Langille, pastor of Wesley church, officiated, assisted by Rev. Dr. Bambrick, rector of Holy Trinity. The church was elaborately decorated in green and white. The bride was given in marriage by her mother and was very prettily gowned in a travelling suit of blue serge with large picture hat and carried a bouquet of bridal roses. Both bride and groom were unattended. Immediately after the service Mr. and Mrs. Hoyt, with their immediate relatives and young lady friends, returned to the home of the bride, where breakfast was served, after which they left by the D. A. R. express for a wedding trip to upper Canadian cities, returning to North Sydney, where they will reside.
