

THAT FEELING OF FULLNESS

Disappears in Five Minutes After Taking a Stuart's Dyspepsia Tablet

A Trial Package Sent Free on Request

All of the unpleasant sensations attend upon eating too heartily are instantly relieved by a Stuart's Dyspepsia Tablet. Like sticking a pin into a rubber balloon. The reason is simple and easy to understand.

Inflation of The Stomach From Undigested Food Quickly Relieved By A Stuart's Dyspepsia Tablet

When you take food into a stomach that is tired and over-laxed the gastric juices do not form fast enough to digest it properly. So the food becomes a gas and a stomach begins to swell. Your stomach becomes inflated, and you feel as if you attached a gas pump to it. Then the gas in your stomach issue forth and you feel as if you were making an object of your stomach. Your stomach quickly becomes coated and you can take no food into it. This is within you.

Now all this condition is changed almost instantly by a Stuart's Dyspepsia Tablet. This little wafer gets busy at once—sucks all the gas out of your stomach, breaks the food in a jiffy and opens up the clogged stomach again. It also soothes and refreshes the mucous lining of the stomach and bowels and restores peace and content.

If you will give Stuart's Dyspepsia Tablets a chance they will not only awaken your stomach but also your disposition, and you will never have another stomach ailment.

One grain of a simple ingredient in Stuart's Dyspepsia Tablets will digest 3,000 grains of food. This saves your stomach and gives it the rest it needs. All muscles require occasional rest if they are ever over-laxed. The stomach is no exception to this rule.

Try a box of Stuart's Dyspepsia Tablets and you will wonder how you ever got along without them. They are sold at 50 cents by all druggists everywhere. A trial package will be sent free on request to P. A. Stuart Co., 120 Stuart Bldg., Marshall, Mich.

THE LESSON IN MANITOBA'S HANDLING OF TELEPHONES

(Ottawa Journal).

The recent annual report of the Manitoba government telephone system is another practical demonstration of the success of a properly managed public ownership.

In the past year alone the number of users of telephones has increased twenty-seven per cent. in the province, the telephone system finances have shown a thirty-one per cent. increase, long distance lines have been built so that practically every telephone in Manitoba can call up every other telephone.

The announced plan of the Manitoba government is to place the telephone at the disposal of every man in the province. Already thirty-five thousand farmers enjoy the service and it is expected that in five years more there will hardly be a farm in the province to which telephone connection will not be available if required.

The Manitoba service is now looking for foreign conquest. In a short time connection is hoped with eastern Canadian and American cities. Already copper lines have been built connecting Winnipeg with the wheat centres of Chicago and Minneapolis.

When the Manitoba government took over the provincial telephone service less than five years ago, the service was very unsatisfactory. No one in Manitoba had a good word to say for it, and the government needed considerable courage to face the problems involved in the taking over of an unpopular technical system. In a few years the usefulness of the telephone in Manitoba has doubled and doubled again the deficits have become surpluses, the service is more generally available than in any other part of Canada, and the prices are generally less. Had a broken connection been been thus built and extended by private enterprise, it would have been hailed by many as a great success. But since the case is reversed and a great success is scored, public ownership opens up a conveniently silent as to Manitoba's experience.

Probably there is nothing more industrious than an idle rumor.

Her Face and Body Were Littered Covered With "BOILS."

Burdock Blood Bitters Cured Them.

Mrs. John H. King, Johnston, N.B., writes:—Last summer I was very much troubled with boils, and my face and body were literally covered with them. A friend advised me to take Burdock Blood Bitters. I took three bottles and before I had taken the first one my boils began to go away. I had just taken a few doses of the medicine when they all disappeared. My husband had also used Burdock Blood Bitters with much benefit.

Boils in themselves are not a dangerous trouble, but still, at the same time, are very painful. They are caused entirely by bad blood, and to get rid of them it is necessary to put the blood in good condition, and for this purpose there is nothing to equal that old and tried remedy, Burdock Blood Bitters. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

HAZEN GOVERNMENT OVERRIDES AUDIT ACT

Protests of Auditor Loudon Were Useless And Over-Expenditure Went on—Here Are Some of The Plums Handed Out

Fredericton, N. B., March 9.—The report of the auditor-general, which was brought down this afternoon, is remarkable for the number of orders from the treasury board, their being no less than forty-one authorizing over-expenditure of more than \$100,000 over and above the estimated expenditure.

The treasury board is composed of Messrs. Fleming, Grimmer and Morrisey and these three members apparently have power to authorize any amount of money to be paid. As early as May of last year the department of public works began to call for more money, and Auditor Loudon called attention to this fact in a letter to the secretary of the treasury board, when an application was made for more than \$5,000 in these words:

"You will note that the reason assigned for the excessive expenditure is that the legislative appropriation is insufficient. Again in July Mr. Loudon sharply called attention to over-expenditure in this department station in which he says: 'The department of public works evidently pays no attention to section 14 of the Audit Act, which says that before any expenditure shall be authorized, any expenditure shall be obtained that there are sufficient public moneys appropriated for the proposed expenditure together with all other expenditures previously authorized out of that appropriation.'"

It was quite evident that the demands of hungry followers could not be stemmed and the commission of public works paid no attention to the auditor-general, for again in August he writes the treasury board: "As pointed out to you by the public works department pay no attention to the provisions of the audit act." But it was not until October 15 that the auditor-general took issue with the department of public works and refused to recommend the payment of an amount exceeding \$16,000 asked for. He said no special report as to the necessity of the payment with reasons why the appropriation was insufficient had been submitted. Then he makes the important statement that the expenditure on bridges has evidently taken moneys intended for the highway boards. "Many highway boards have over-expended their grants and now ask the government to pay such over-expenditures. This procedure being contrary to the terms of the audit act, I am unable to recommend payment. However, over-ruled by the all powerful treasury board for the public works department obtained the money on its order."

In addition to treasury orders there were special warrants issued in council for further expenditures.

There are some interesting items from DeWitt House, at Havana, which the total expenditure for "extension of markets," under which heading the encouragement of shipments to Cuba come, amount to \$4,000.

The expenses of Factory Inspector Kenyon were over \$400, and the St. John office of immigration cost \$3,330. Recorder Baxter received \$1,000 for services as the judicial act, and E. C. Weyman \$192 for preparing the index, and Barnes & Company, \$1,275 for printing 500 copies.

The cost of the New Brunswick Railway investigation is still continued and Judge Landry was given \$2,000 for his services as Chairman, while Mr. Powell got \$200 more. Printing cost the large sum of \$14,448, being a considerable over-expenditure of the estimate.

Albert county was not noted in its ordinary road expenditure, nearly \$23,000 being expended under Extra Board's direction without tender. The itemized accounts show remarkable extravagance and recklessness and utter disregard of the audit act to put public works up to public tender.

The examination of the accounts in fact reveal an astonishing state of affairs which will be thoroughly ventilated before the house adjourns.

The contributions received up to date amounted to \$109,234.72.

A bill to provide for the early closing of shops was agreed to with an amendment, suggested by Mr. Hatheway and Mr. MacLachlan, which would make it 7 o'clock the earliest hour at which a city or town council can order the shops closed.

The committee also agreed to bills to enable cities, towns and municipalities to borrow money for the purpose of establishing a public utility commission, suggested by Mr. Hatheway and Mr. MacLachlan, which would make it 7 o'clock the earliest hour at which a city or town council can order the shops closed.

SUN LIFE

Assurance Company of Canada

HEAD OFFICE MONTREAL

A GRAND RECORD IN 1910

The increases in Assurances in force, in Cash Income, and Assets, were never equalled by any Canadian Life Assurance Company in any year.

The expense ratio was again further reduced not withstanding the large increases in all items of business.

The great confidence of the public is shown by the fact that over \$1,400,000 was paid to the Company for annuities last year.

The protection for the policyholders is completely secured by the enormous assets and surplus of the Company.

The high standard of profits to policyholders has been maintained and its continuance is assured by the soundness and exceedingly profitable character of the investments.

The great success of the Company is not confined to Canada alone, but its vast business and important connections in other lands are doing yeoman service in greatly enhancing the prestige of this country abroad, and in bringing home large sums for investment.

THE RESULTS FOR 1910

Assurances issued during 1910 and paid for in cash	\$28,512,377.81
Increase over 1909	2,003,104.65
Life Assurances in Force, 31st December, 1910	143,549,276.00
Increase over 1909	13,636,006.48
Cash Income from Premiums, Interest, Rents, Etc., (exclusive of \$75,000 received for increased capital and \$60,000 premium thereon)	9,876,453.94
Increase over 1909	1,797,321.89
Assets as at 31st December, 1910	\$8,164,790.37
Increase over 1909	5,359,793.60
Surplus distributed to policyholders entitled to participate in 1910	377,792.34
Applied to place Annuity Reserves on basis of British Offices Select Annuity Tables	210,850.28
Added to Surplus during 1910	643,903.01
Surplus earned in 1910	\$1,232,545.63
Total Surplus, 31st December, 1910, over all liabilities and capital, according to the Company's Standard, viz., for assurances, the H.M. Table, with 3 1/4 and 3 per cent. interest and for annuities the B.O. Select Annuity Table, with 3 1/4 per cent. interest	\$3,952,437.54
Surplus, Dominion Government Standard	5,319,921.18
Payments to Policyholders, Death Claims, Matured Endowments, Profits, etc., during 1910	3,023,462.54
Payments to Policyholders since organization	26,265,630.01

These figures do not include the business of the Royal Victoria Life Insurance Co., an agreement to absorb which was concluded towards the end of the year.

TORY LEGISLATORS ARE HIT BY SUPPORTERS

Stirring Manifesto by Grain Growers' President in Manitoba — Not Hot By Prominent Conservative

Winnipeg, Man., March 9.—J. W. Scallion, hon. president of the Grain Growers' Association of Manitoba, and himself a strong Conservative, has issued the following manifesto to the farmers of Manitoba:

"Friends: 'What do you think of the action of your local legislature in turning down the resolution in favor of the reciprocal trade agreement made between Canada and the United States? You asked for such a trade arrangement, in fact expected, in view of past experiences such a favorable measure of reciprocal trade could be secured."

"When the premier toured the west last summer he was waited on by your delegates and urged, among other things, to secure, if possible, such a trade measure. You passed unanimous resolutions in favor of it at the meetings of your local associations; you endorsed it unanimously at your provincial convention; you backed up your demands by sending a large delegation to Ottawa, at great expense of time and money, to press the importance of such a measure upon the government."

"Your action was made known and commented upon in other countries, and you were commended for your manly, independent efforts in favor of economic freedom. But it would seem that your own local government had no sympathy with your efforts and desires in that regard. The government you elected, the members you sent from your own local constituencies to support the government, voted against the reciprocity resolution introduced to assist the passage of that trade pact, and have been pressing for in the dominion house."

"Not one of these representatives had the manliness or courage to get up and say why they were going to vote against the resolution. Do you want to be represented by such men? In whose interest did they vote? Their two leaders talked about our transportation companies, our shipping companies, our financial interests, unity of the empire, imperial preferences, loyalty and the old flag. What had all that to do with a simple measure of trade between two countries, which could be made use of, or not, according as it was found to be an advantage or otherwise; and any way the United States could bring about the changes, feared by these opponents of reciprocity by simply taking the duty off the articles named."

"The most charitable view to take of the conduct of your representatives who voted against the resolution is that they were hypnotized by the eloquence and gestures of their two leaders, and the spell was only removed when it became time for them to vote. One of these leaders it is rumored, is ambitious to shine in dominion politics. No one can find any fault with that ambition, but if true, he should not use his following in the house to bring him into favor with the cabinet leaders. This following should be used in your interests, you who sent them there to promote and try to enable you to secure the measures of economic relief you have been pressing for. The other honorable leader is, as has been for some time, laboring under the hallucination of Chamberlainism, the ghost of a corpse buried in Britain at the last general elections. Should you want a policy somewhat more practical, something for present and every day use, and not the pursuit of a dream that if ever realized will be away in the future, and of no use for present purposes."

"Don't you think your governments and your supporters of them who voted against the reciprocity resolution, did so far as they could, a great injury, and that injury was done you in the interests of protection in the interests of privilege, great corporations, financial interests. I do not say the past would injure these, I do not think it would, but if it did your representatives would protect these interests as against you who elected them to look after your interests."

"Now what are you going to do about it? Are you going to let them off scot-free? To do it again when they get the opportunity? Don't you think you should call meetings and have these representatives of yours come to these meetings and show cause for their actions? You can ask them to resign if you think their action warrants that course. If the recall was in force they would not have transgressed. But call meetings and get them before you. Do that without fail, and let it be done by those who voted for their election."

(Signed) "J. W. SCALLION."

You can't always tell how glad a man is to see you by the way he shakes hands.

NATURE'S CURE FOR A COUGH

Dr. Chase's Syrup of Linseed and Turpentine is the Most Largely Imitated Medicine in the Country

What to give the children in the group and colds is the problem of mothers who have to solve. Most of the families decide on Dr. Chase's Syrup of Linseed and Turpentine, and make it a rule to always have some in the house.

In this medicine are linseed, turpentine and other well-known ingredients of unmistakable value in the treatment of colds. It is pleasant to take, and it is so that children delight to take it.

No general rule can be given as to the dose of this medicine used that several imitations have been put on the market. All alike name only. They are not made from the same formula, nor do they bear the name of Dr. Chase.

You know what you can expect from the use of Dr. Chase's Syrup of Linseed and Turpentine, but you cannot put much faith in an imitation which sells on the reputation of the article it imitates.

On every bottle of the genuine will be found the portrait and signature of A. W. Chase, M. D., the famous Receipt Book author. This is for your protection and for the protection of your children. Be sure to get the genuine, even if it costs a few cents more. 25 cents a bottle, family size 50 cents; all dealers, or Ebanston, Bates & Co., Toronto.

SORE AND LAME BACK

Your kidneys are worn and tired and need help. In every machine there is one part that works the hardest and gives out first. The kidneys work night and day, removing from the blood the uric acid and other waste created by overuse of strength and energy. Naturally a life of unusual activity doubles the duties of the kidneys and in time the strain tells.

Weak kidneys bring great discomfort but Booth's Kidney Pills bring new strength to bad backs and quick relief to weakened kidneys. They banish backache and rheumatic pain and regulate the bladder and urine. When once a proper filtering action is restored through curing the kidneys, the dangerous uric acid is once more expelled from the blood and danger of gravel, stone, dropsy, heart trouble, diabetes and Bright's disease removed.

Booth's Kidney Pills are for sick kidneys in old or young. There is not a particle of narcotic or poisonous drugs in this remedy. It is recommended publicly by thousands. Ask your druggist or dealer for them. He sells Booth's Kidney Pills at 50c. box or send to The R. T. Booth Co., Ltd., Fort Erie, Ont. They will mail you a box postpaid on receipt of price.

No other kidney pills are just as good. See that the package is similar to the cut shown here. Don't be put off with others for Booth's Kidney Pills are guaranteed.
