WAR BREAKS OUT IN RANKS OF AMATEUR ATHLETIC OFFICIALS

RESENT ACTION OF PRES. MILLIE

Frank White and Ernest Stirling Resign From Office

War has broken out in the ranks of the Amateur Athletic officials in the Maritime Provinces due to an action of A. C. Millie of Halifax, president of the Maritime Branch of the A. A. U. of C. in reinstating George Lowther of Amherst and Moncton, and C. B. Lowerison, of Dorchester. As a result of this action on the part of the president, Frank White, chairman of the New Brunswick Registration Committee, and W. Ernest Stirling, secretary, have tendered their resignations, protesting against this action as a violation of the constitution of the Amateur Athletic Union of Canada.

Cases in Dispute.

The Lowerison and Lowther cases were placed in the hands of the New Brunswick registration committee for consideration and before they were dealt with cards were issued by Charles Gillespie of Moncton, junior vice-president, and hockey playing certificates were given out on instructions issued by President A. C. Millie to G. P. Bolton, president of the Maritime Hockey Association. In the meantime, Secretary Stirling had been in communication with President Millie. In conversation over the long distance telephone, he said, Mr. Millie informed him that nothing would be done until recommendations had been forwarded by him. These recommendations would then have to be passed to the Maritime registration committee for their approval and recommendations to the A. A. U. of C. as reinstatements can only be made by the parent body at their annual meeting.

Passed By-Law.

At the annual meeting of the A. A. U. of C. held at Vancouver in 1923 the convention unanimously passed a by-law that class B professionals, that is men who did not receive money for their services, could only be reinstated at the annual convention. Up to this time the definition of an amateur was that a class A man, that is men who had received money for their services, could never be reinstated. In 1923 the convention of the A. A. U. of C. held at Winnipeg, the constitution was amended so that class A men might be reinstated in exceptional cases—where a youngster was misled or inadvertently drawn into the professional game, but this only by a 75 per cent vote of those present.

Lowerison is a class B professional, having played professional baseball with the Moncton professional team in 1924. This man is in the same class as Edward Martin, who played one game with the Portland professional team and who was recommended by the Maritime registration committee for reinstatement. Lowerison played independent hockey with the Amherst and Moncton independent teams since 1920 and is a class A professional.

As a result of this applications from Amherst, New Glasgow, Stellarton, St. John and other places are said to be pending.

A. W. Corey May Resign.

A. W. Corey, honorary president of the A. A. U. of C. Maritime branch, said: "I wired Mr. Millie for information in connection with this early yesterday morning, but up to now today have not received any reply. If the clubs of the Maritime Province are going to stand for this action, it will be necessary for me to withdraw immediately as a member of this executive. I am taking the matter up with the executive of the A. A. U. of C. He said that the action of the parent body of the A. A. U. of C. will likely be to outlaw the Maritime branch."

BILLY WELLS WINS.

OAKLAND, Cal., Jan. 29.—Billy Wells, English welterweight champion, won a decision over Pete Latzo of Wilkesbarre, Pa., in a fast ten-round bout here last night. There were no knockdowns.

ONE OF BEST.

One of the best track and field events of the 1924 season was the record-breaking leap of Robert Legendre, former Georgetown star. Legendre cleared 25 feet 6 inches at the Olympic games last summer. His jump beat the old mark by three inches.

ST. ANDREW'S WIN.

Four rinks of St. Andrew's Club last night and lost by a score of 63 to 39. After the match the visiting curriers were entertained to a luncheon by the local club members.

SOFT FOR PITCHERS.

Stanley Coveleski proved anything but tough picking for opposing hurlers last season. In 37 games Covey whiffed the ozone on 22 occasions.

POWER COMPANY MEETING.

Directors of the New Brunswick Power Company met yesterday and discussed plans for renewing rails in portions of the trackage of the street railway and improving the gas plant. M. A. Pooler, the general manager, said last evening that routine business took up most of the time of the meeting.

There are 651 business establishments owned or operated by negroes in Chicago.

St. John To Be Represented At The Westminster Dog Show In New York

Along the Sport Trail

By RAY HANSEN

DETAILS of the death of Austin Greene, former pitcher of the Moncton professional baseball team, have been received. According to word reaching Moncton he was found by his father in a doorway of a house near his home in Roxbury. One of his eyes was discolored, his skull fractured and his hands frozen. He was living and was rushed to a hospital but died two days later. The circumstances surrounding his death are said to be very mysterious and the police are investigating in the belief that it was a case of foul play. Prior to joining the New Brunswick Independent League he pitched for Wilmington in the Delaware League and was given a try-out by the Boston Red Sox and farmed out. He was 21 years of age.

NEW YORK has certainly benefited by the Walker boxing law. Since it was enforced four and a half years ago the State has realized a net profit of \$783,046.70 from professional bouts. This represents amounts paid as tax on admission tickets to matches, license fees, boxers, managers, clubs, seconds, referees and other ring officials. The total amount received was \$1,021,070, but it cost the State \$238,023.94 to regulate the game during that period. The fact that over a million dollars was paid in tax and license fees alone makes one curious to find out how much fans paid out during that period to witness the many bouts.

JACK MAULIFF, former lightweight king who was the only champion in the history of the ring to retire without having been beaten once in his career, is now earning a living in vaudeville. He is said to be looking fine and the only mark he bears of his long activity in boxing is a slight cauliflower ear.

LIKE ALL strenuous sports boxing has its list of fatalities. A few days ago D. T. Cynowski, known in the ring as "Gunboat Steve," was so seriously injured in a bout that he died in a Newburgh hospital from cerebral hemorrhage. He was pitted against Mickey McVeigh of Newburgh and was quite badly outclassed. In the third round he weakened and went down, but was saved by the bell. He gamely continued the fourth round but went down quickly under a rush of blows. When, coin disclosed that he was paralyzed. He had received a fracture of the neck. McVeigh was arrested on a charge of manslaughter, but was later released pending a coroner's inquest. Many people when they read about a ring fatality clamor for laws to prohibit this brutality, but a glance over the sport columns during the season will disclose that there are more football players killed on the gridiron than all other sports combined.

CLAY PIDGEON shooting in Louisville, Ky., is a favorite sport. Recently, however, interest began to lag and it was decided to introduce a new feature, which gave promise of bringing this pastime into greater popularity than ever before. It was planned to substitute live pigeons for the clay birds. This brought a strong protest from a certain element and a petition was filed with Governor Fields asking that he prevent this cruel innovation. It is apparently now up to the Governor to decide whether or not the sport will be permitted. The pigeons are cooped in a collapsible wooden frame and are liberated by pulling a cord. When they take wing the gunners take a bead on them and usually kill or wound the birds. Some years ago this sport was permitted and as far as is known there is no law in Kentucky prohibiting it.

Still Enjoying Good Health at Eighty-one

NEWFOUNDLAND MAN ATTRIBUTES THIS TO DODD'S KIDNEY PILLS. He First Began Using Dodd's Kidney Pills Twenty-four Years Ago. FORTUNE HARBOR, Nfld., Jan. 28.—(Special).—No place seems to be too small to furnish at least one person who is prepared to say that he owes his health to the great Canadian Kidney Remedy—Dodd's Kidney Pills. Mr. Richard Quirk, a well known and highly respected resident here, is one of them. "About 24 years ago I had a very severe attack of kidney trouble. I was so ill for three months with an aching back that I was almost if not quite a cripple. I began using Dodd's Kidney Pills and in six months I was completely relieved. I am now in my 81st year and am still in good health and strong, which I truly believe I can attribute to the use of Dodd's Kidney Pills so many years ago."

Dodd's Kidney Pills have been successfully used for Rheumatism, Lumbago, Diabetes, Lame Back, Heart Disease and all illness caused by faulty kidneys.

V. M. C. L. PLANS FOR BIG BOXING TOURNEY IN FEB.

Hope to Make Maritime Championships Meet The Best Ever

February 16 and 17 have been selected as the dates for the Maritime Amateur Boxing Championships, which will be staged here under the direction of the Young Men's Catholic Institute.

Announcement of this event was made last night by the committee in charge of the tourney and plans are now underway to make the meet the biggest amateur boxing show ever held in the Maritimes.

Not only will all the outstanding amateur boxers in the east be on hand to display their wares at this big tourney, but arrangements have been definitely completed whereby four boxers, who are to take part in the International Tournament at Boston, will be on hand for the Maritime Championships.

Arrange Special Classes.

Special classes have been arranged for these boxers, two of whom will represent Upper Canada, and two will wear the colors of the United States. An effort was made by the Y. M. C. I. committee to bring two English boxers, who are billed for the International meet to St. John, but the Old Country mists had already made arrangements to box in New York and St. Louis and were obliged to turn down the St. John invitation.

Yesterday announcement was made that the official sanction for the Maritime Tournament here had been received from the M. P. B. A. A. U. of C. and immediately steps were taken to have the best of the amateur boxers in the three Maritime Provinces come to St. John for the east championships.

Will Attract the Best.

Halifax, Cape Breton and other sections of Nova Scotia will send their outstanding amateur boxers to St. John for this big tourney. A committee to look after the outside entries, well as the local entries, will be handled by John Daley, W. E. Stirling and Noel Jenkins. The ring and house committee is composed of Thomas Killen, P. J. Fitzpatrick, William Donohoe and George McNeill. The ticket committee includes J. H. Cohan, H. J. Nixon, J. D. Wheeler, George Gallagher and D. Leo Landry.

Entry forms have been forwarded to the various athletic clubs throughout the Maritime Provinces, as well as to the different newspapers and all last year's champions have been invited, and will doubtless be here on Feb. 16 and 17 to defend their titles.

Plan Biggest Show.

At last night's meeting in the Y. M. C. I. the various details of the tourney were discussed, and it was decided that the tourney should be a "big show" and that the Y. M. C. I. committee will spare no efforts to make this tournament the biggest amateur boxing show ever staged in Eastern Canada.

In the second game the West Side team defeated the Dormitories by a score of 40 to 23.

The Fireside trimmed the fast Pawnes in the third match of the night by a score of 56 to 26, and although the scoring was rather decided the game was interesting.

Bridson Greene To Meet Martin

BOSTON, Jan. 28.—Bridson Greene of Medford, claimant of the New England welter mat title, has notified Paul Bowser that he will meet Gil Martin of Lawrence in a title battle at the Grand if the local promoter cares to stage it. Bowser is willing to put on the contest, but will not do so until the men sign articles, place forfeits and name their referees. As Nick Karavas and Louis Andrews have a similar argument as to the lightweight title, it would be a good scheme for them to get together at the same time on a winner-loser basis and cut the long-range conversation.

NEW YORK, Jan. 29.—Seven members of the New York Yankees have signed for 1925, according to an announcement by Edward G. Barrow, business manager of the club. Miller Huggins, who was expected here, did not arrive, but sent word that he would be in New York Friday. He forwarded the signed contract of Steve O'Neill, catcher obtained by the Yankees from the Boston Red Sox, together with a statement from O'Neill that he was entirely satisfied with the terms offered him and that he would start training immediately.

UHLIE AND LUQUE.

Two of the biggest disappointments in baseball recent years have been those of Uhlir and Luque. Uhlir, of Cleveland and Luque, of Cincinnati.
