**CRANE IS HONORABLY DISCHARGED IN COURT**

**Judge Barry Decides No Fraudulent Act in Automobile Case.**

The case of the King vs. Crane was before His Honor Judge Barry in the circuit court this morning. The defendant was charged with breaking and entering a warehouse belonging to Harry Wetmore with intent to steal an automobile the property of Mr. Wetmore. Mr. Wetmore took the stand for the prosecution and admitted in evidence that as a security for a loan made by him to Crane, he had agreed to sell the car in question to Crane, and further agreed to leave the car in the warehouse in Carleton street, which he had taken from the Nova Scotia Seals Company, with which concern Crane was employed. He said that he had not notified Crane when he took the car from the warehouse in Carleton street but merely took it to his own warehouse to make repairs on it.  
W. M. Ryan, who appeared on behalf of the crown, said to His Honor that this was all the evidence that the crown had to offer.  
His Honor said to the crown officer that in the evidence presented by the crown, he had not done anything fraudulently, and that in taking the car he believed it was his own. He said that so far as theft was concerned he felt he would have to instruct the jury that Crane had not acted fraudulently. Mr. Ryan concurred with the opinion expressed by His Honor and the defendant was not put on his defence, but was honorably discharged by the court. W. R. Scott appeared for the defendant.  
The court adjourned until tomorrow at 10 o'clock, when the civil docket will be taken up.

**GEORGE G. HARE IS THE CITY ENGINEER**

George G. Hare, formerly of the C. P. R., was yesterday appointed city engineer for St. John to take office on May 1. Mr. Hatfield, who has been acting engineer, is to be retained as road engineer. Commissioner McLellan said he had learned from Engineer Hatfield that a man in the employ of the department who at one time was acting city engineer, T. W. Russell, had refused to obey orders of Mr. Hatfield and give certain reports that were required by the department. Commissioner McLellan moved that Russell be dismissed. His motion was not seconded. Mr. Hatfield said that he had the power of dismissing Mr. Russell if he refused to give information desired.  
John Phillips wrote that his horse had been injured on the east side ferry floats owing to defective planking and that he claimed \$150 damages and \$20 for doctor's bills. Commissioner Russell reported that the city solicitor had advised this point. The claim was ordered satisfied. Kane & Ring demanded an immediate settlement of their claims for work done at No. 5 shed on the west side. This was referred to the solicitor. General Macdonnell wrote relative to a flat rate per month on the ferries for all soldiers on duty. This was referred to Commissioner Russell and the superintendent of ferries.

## ST. JOHN BILLS AT THE CAPITAL

**Several Passed Today by Municipalities Committee**

**STREET BILL HELD OVER**

**Awaits the Power Company One**  
"I'm Not Introducing it, Not That I Know of," Says F. L. Potts

(Special to Times).  
Fredericton, Mar. 27.—Several St. John bills were approved by the municipalities committee this morning, Mr. LeBlanc presiding. J. King Kelley, county secretary, Warden Golding and Councilors O'Brien and Golding were present. The bill relating to the paving of streets, providing that permanent sidewalks may be laid under the same arrangements as provided for permanent sidewalks, with contributions towards the cost from owners of properties abutting was passed without change.  
The committee took up the act relating to the children's shelter in the city of St. John. The bill authorizes the municipal council to issue serial bonds to the amount of \$7,500 at 5% per cent in payment to the estate of James E. White for a property in Gordon street, City road, and Charles street to be used for a children's shelter and also to maintain such shelter. The size of the city grant of \$5,000 towards the upkeep of the shelter drew some expressions of surprise from outside members. After some explanations the bill was approved without amendment.  
The next bill was that relating to the St. John General Public Hospital, the purpose of which is to legalize the erection and operation of recently constructed power plant and laundry, originally authorized as part of the plan for an entirely new hospital.  
Mr. Kelley explained that the new hospital plans were delayed by war conditions. He said it was the intention, when the new hospital was erected, to continue the old building for maternity, eye, ear and other cases not now treated. The bill was approved.  
The bill revoking authority for double street car tracks in Union street was offered for consideration but it was decided to hold it over until the other power company bill comes up.  
"I had a message from parties interested asking that the bill be held over," said Mr. Potts.  
Mr. Kelley—Until you introduce the other bill.  
Mr. Potts—I'm not introducing it, not that I know of.  
As the bill to confirm the agreement between the military hospitals commission and the board of the St. John county hospital, providing for the erection and maintenance of a new wing for the use of tubercular soldiers had not been introduced, consideration of it was postponed.  
The committee will sit again tomorrow morning.

**CHARGED WITH THEFT OF RAZOR AT Y. M. C. A.**  
Halifax Man Arrested—Appears To Have Used Several Names  
W. Patton Pyke of Halifax was in the police court this morning, charged with the theft of a razor from Max Goldberg, a lodger in the Y.M.C.A. Pyke pleaded guilty and asked to be held in the magistrate's court. He was remanded for further evidence.  
Goldberg testified that Pyke entered his room, which is on the top floor of the Y.M.C.A. building, and took his razor. He did not know Pyke and did not know how he came to be in the building.  
Detective Biddiscombe gave evidence that he had gone to Gilbert's second hand store in Dock street and there found a razor. Pyke had sold the razor to Gilbert for \$1.  
Pyke, when asked by the magistrate how he came to be in the building, said that he was the friend of a man who was staying there and was in the habit of going in the building to visit him. He said he sold the razor to Mr. Gilbert signed his name as William Wright.  
Pyke, it is said, was boarding at Fanning's hotel in Mill street and there registered as W. Patton. When taken by the police he had no service registration papers, and on examination he said he was only nineteen years old. The police officials doubt this.

**MORE LIQUOR CASES**  
William Quinn, a C. P. R. policeman, was charged with supplying liquor to David McGlone, who was charged with having it, in the police court yesterday afternoon. McGlone said that on Saturday evening he met Quinn in Mill street and, walking to Fort Howe, he bought from him a bottle of whiskey for \$3. A chum was with him at the time. The case was postponed until this "chum" could be brought to court.  
Hearing in the case was resumed this morning. Clarence Oatley, a friend of Quinn's, gave evidence. He said that on Saturday evening he had been with Quinn during the whole night. He called at Quinn's home for him about 7:20 o'clock. They went up town together, and then to Traynor's tailoring shop in Princess street, where Quinn bought a pair of trousers. They remained there about two hours, and then returned to a pool-room in Mill street, where they spent the evening together. They went home together, parting about midnight. As the witnesses for the prosecution were not present, the case was set over until tomorrow afternoon.

**Frank Hopper, a shoemaker in Union street, was before the court charged with being drunk and having liquor in his shop. He pleaded guilty to the charge of having liquor in his shop, he said that he did take it there.**

**Detective Biddiscombe testified that after Hopper was in the cell in the police station, he told Biddiscombe that there was a soldier in his shop drunk. He gave the detective the key and they found no soldier, but did find a flask of whiskey. The man was remanded on the latter charge.**

**A man was before the court on a charge of drunkenness. He pleaded not guilty. Police Cooper gave evidence to the effect that he was drunk in Mill street last night about 10:30 o'clock and was also impeding pedestrians. He was sent below, being informed that he was liable to a fine of \$50 or three months in jail.**
