

A nugget of gold weighing eight ounces is in the possession of a gentleman in Halifax. Where it was procured is known only to a few; but it is said to be within twenty miles of that city.

A telegram received in Halifax from an officer of the 63rd Regt., states their safe arrival in Montreal, having reached that place on the 19th after a pleasant time; fair weather, and good roads. The population along the road kind, attentive, and loyal. They were 11 days from St. John to Montreal. — Globe.

DR. LA MERT

ON SELF-PRESERVATION.

Price, with Engravings and Cases, 25 cents; by post thirty cents.

SELF-PRESERVATION; a popular Essay on Nervous and Physical Debility, resulting from injurious habits contracted in youth, or excess in maturity, which, by prematurely exhausting the functions of Manhood, destroy the happiness of Married Life, or prevent the fulfillment of engagement that constitute the most cherished objects of existence.

By Dr. LA MERT, 37 Bedford square, London, Licentiate of the Royal College of Physicians of Edinburgh.

Member of the Royal College of Surgeons, England, &c.

The above work contains most useful and interesting information on the physiology changes which occur in the reproductive system during the periods of youth, puberty, and manhood; and on the due attainment of that degree of functional vigour upon which the hopes of posterity depend. It also points out how all the tributes of Manhood can be preserved to advance period of life, how they are lost, and how they can be recovered. It is free from the gross exaggerations, alarming descriptions, and dangerous remedies so generally resorted to by persons, who, practising with false medical qualifications, inflict most serious injuries, and render judicious treatment frequently abortive.

The Author is the only legally-qualified practitioner whose name stands on the Medical Register (the sole test of medical qualification), who has been exclusively engaged for a series of years in the treatment of the various functional disorders of the nervous and reproductive system, which, owing to the great discoveries of modern science, are rendered subservient to a rational, simple, and easy mode of treatment.

At home for consultation daily from ten till two, and from six till eight, either personally or by letter.—37 Bedford Square, London, England.

Patients residing in the colonies, can be successfully treated by correspondence, and remedies can be forwarded in secrecy and safety to any address.

"SELF-PRESERVATION" may be had of the undermentioned Agents, price 25 cents, free by post, 30 cents:—

SOOTHING SYRUP,

which greatly facilitates the process of teething, by softening the gum, reducing all inflammation, will allay all pain, and spasmodic action and is

SURE TO REGULATE THE BOWELS

Depend upon it, mothers, it will give rest to yourselves, and

RELIEF AND HEALTH TO YOUR INFANTS.

We have put up and sold this article for over ten years and can say, in confidence and truth, that it will give relief to all infants who are afflicted with this complaint, and that it is a medicine—never has it failed on a single child to effect a cure when timely used. Never will we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of commendation of its medical effect and medical virtues.

We speak in this matter, what we do know, are ten years' experience, and pledge our reputation for the fulfillment of what we here declare. I almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most EXPERIENCED and SKILLED FULL NURSES in New England, and has been used with never failing success.

TENS OF THOUSANDS OF CASES.

It not only relieves the child from pain, but it regulates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS AND WIND COLIC

and overcome convulsions, which, if not speedily remedied, end in death. We believe it the best remedy in the world, in all cases of colic, and dysentery in children, whether it arises from teething or any other cause. We would say to a mother who has a child suffering from any of the foregoing complaints—do not let your prejudices, nor the prejudices of others, stand between you and your suffering child, and the relief that will be sure—yes, absolutely sure—to follow the use of this medicine if timely used. Full directions for using will accompany each bottle. None genuine unless the far-male of Curtis & Perkins, New York, is on outside wrapper.

Sold by Druggists, and about the world.
