BOUNDARY SURVEY.

Member of Canadian Party Tells of Work in the Far North.

Ottawa, Nov. 8.-R. A. Elliott of Woodstock was one of the Ottawa survey party that recently got back from summer work on the Alaskar boundary survey. He left Ottawa in April and it took the party exactly two months to get to the waterway built by the Guggenheims at a cost of \$9,000,000 where the survey was to start. During the two months of actual work by the party the triangulation of the lines fixing the boundary between Alaska and Canada was cut and continued to within a continued to within several disputed the Arctic ocean and several disputed and continued to within a few miles of points in the route were finally set-
