### FOOTBALL

#### A Tie Game.

In the face of a disagreeable storm and on a slippery field, white with soft snow and slush, the St. John's and St. John football teams lined up on the Shamrock grounds yesterday afternoon. Owing to the condition of the field and ball, the game which resulted in a tie, was simply a series of scrimmages, and was "anybody's game" from start to finish. The ball was seldom gotten out to the halves, and even when it was passed forth, it was so slippery that they were almost sure to fumble.

The St. John's men showed the result of good practice and their scrim, although much lighter than the St. John men, were quicker in getting into line. During the first half, St. John had the advantage of the strong wind that was blowing and also got the benefit of two or three free kicks. The ball, for the most part, however, was in St. John's territory, but the half ended without any score being made by either side.

During the second half the play was more even, the ball seldom being outside the scrimmage. In the evening, Pastor Christopher Burnett will deliver the third address in the series on prophecy subject, "The Blessed Hope." Men's Baraca Bible class at 2 p. m.

### THE FUTURE OF CANADA IN THE FLOUR TRADE.

It is said that nowhere on the face of the earth has a grade of wheat been produced to equal the No. 1 Hard Wheat of Manitoba. Other wheat producing countries are realizing this as they begin to feel the competition of Ogilvie's flour in foreign markets. It will not be long until Manitoba and the Northwest Territories produce sufficient grain to supply the wants of Great Britain and Ireland, and if the customs duties were sufficiently lowered they would probably capture the best trade of the United States. Canada has a great future as a flour-producing country, and incidentally it may be mentioned that the Ogilvie Flour Mills Co. are the largest flour producers in Canada today.
