STOMACH GONE BAD SOUR, GASSY, UPSET?

"Pape's Diapepsin" Cures Indigestion, Gas, Heartburn or Dyspepsia in Five Minutes

Time it! In five minutes all stomach distress will go. No indigestion, heartburn, sourness or belching of gas, acid, or eructations of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapepsin is noted for its speed in regulating upset stomachs. It is the surest, quickest and most certain remedy in the whole world and besides it is harmless.

Millions of men and women now eat their favorite foods without fear—they know now it is needless to have a bad stomach.

Please, for your sake, get a large fifty-cent case of Pape's Diapepsin from any drug store, and put your stomach right. Don't keep on being miserable—life is too short—you are not here long, so make your stay agreeable. Eat what you like and digest it; enjoy it, without dread of rebellion in the stomach.

Diapepsin belongs in your home anyway. It should be kept handy, should one of the family eat something which doesn't agree with them or in case of an attack of indigestion, dyspepsia gastritis, or stomach derangement at daytime or during the night it is there to give the quickest, surest relief known.

WEDDINGS

McInerney-Baker.

Rochester, Mass., Oct. 17.—A pretty wedding took place at St. Mary's church yesterday. The contracting parties were Josephine Baker and John McInerney, a prominent clerk at the Wallace shoe factory, formerly of St. John, N. B. At the sound of the wedding march, played by Mollie Donohue, the organist and chorister at the church, the wedding party marched up the aisle to the altar where the ceremony was performed by the Rev. Joseph W. Corcoran, pastor of the church. Miss Donohue sang two solos. The maid of honor was Delia Pare and the best man Charles McInerney, brother of the groom. The bride's dress was king blue crepe meteor with Venetian lace trimming. The bridesmaid's dress was rose peau de cyne with Venetian lace trimmings. After the ceremony the bridal party was driven to the Hotel Hayes, where a wedding breakfast was served and a short reception held. The couple left on the 9.20 train for St. John, N. B., where they will spend their honeymoon.

Warner-Costigan.

The Cathedral of the Immaculate Conception was the scene of a pretty wedding yesterday morning at 8.15 o'clock when Miss Kathleen Costigan, daughter of the late Dennis and Mary Costigan, was united in marriage to William L. Warner, son of the late William Warner, and a member of the Royal Hoter tonsorial staff.

The ceremony was performed by Rev. Dr. Meahan, and was witnessed by a large number of relatives and friends. The bride looked charming in a cream bedford cord dress with duchess satin trimmings and white beaver hat, carrying a bouquet of white carnations. Miss Genevieve Donahue acted as bridesmaid and was prettily attired in a grey dress with black beaver hat and carried a bouquet of pink carnations. Fred. C. Warner, brother of the groom, was best man. Following the ceremony a wedding breakfast was served at the home of the bride's grandmother, Mrs. Patrick McDonald, 32 Brussels street.

They left on a trip through the Annapolis Valley.

The bride's going away dress was of Copenhagen blue and black beaver hat with blue trimmings. They were the recipients of many beautiful and costly gifts, among which the bride received a substantial check from William McDonald, an uncle.

COMMODORE KICKS.

"J. L. Stewart, M. P. P., much preferred algebra to arithmetic. When he had found out algebra he had kicked himself for spending time on arithmetic, when by algebra problems could be solved in one twentieth of the time."

The above is from report of the Commodore's speech at the Northumberland County Teachers' Institute.

CANADIAN PACIFIC HAS A REFORESTATION POLICY TO BE PUT IN FORCE HERE.

Railway Will Buy Waste Lands in Province and Plant Trees Under Care of Expert Foresters—Will Also Help to Colonize Province—L. O. Armstrong in City to Meet Farm Settlement Board.

"The C. P. R. will do all it can to assist in the work of colonizing and reforesting the Province of New Brunswick," said L. O. Armstrong, of the Colonization and Natural Resources Department of the big corporation, who was in the city yesterday to confer with James Gilchrist, secretary of the Farm Settlement Board.

"The C. P. R.," he said, "has recently decided to give its attention to the problem of colonizing the districts in the four eastern provinces served by its lines, and to take up the work of reforesting lands unsuitable for farming and now unproductive because of the destruction of forest fires. The company has recognized the importance to it of the proper conservation of the natural resources of the country. A natural resources department has recently been organized and the company has recognized its importance to such an extent that it has agreed to place its financial resources behind it. Huge sums have been spent on irrigation and forestry in the west and now we propose to do something in Ontario, Quebec, New Brunswick and Nova Scotia.

To Reforest Waste Areas.

"We will take up the matter of reforesting waste area, if we can make arrangements with the municipalities to place a fixed and small tax upon such lands as we may acquire. If we are not held up for high prices we will buy any waste lands along our lines in New Brunswick and Nova Scotia, not suitable for farming, put the best foresters in the country in charge of them and start raising trees. The foresters will, of course, select the trees best suited to each district, but our idea is to specialize in raising trees suitable for railway ties, and pulpwood. Our foresters will have instructions to co-operate with the government officials in the work of preventing and fighting forest fires.

"The company feels that though the returns from the work of reforesting may be slow it is worth its while to go into it and we believe the municipalities will agree to a taxation system that will permit us to go ahead, as there are many acres of land unfit for farming, where the forests have been burnt off and now do not bring the municipalities or any body any returns.

Will Aid in Colonization.

"The C. P. R. is also ready to do what it can to assist in the colonization of Eastern Canada. We do not intend to adopt the policy of providing improved farms here as we are doing in the west on our own lands, but we will co-operate with the local authorities to advertise the opportunities here and to bring out new settlers. Years ago we conducted an advertising campaign in the east to get settlers for the west, and we took a great many people from these provinces. But in course of time we concluded that it would not do to depopulate the east and turned our attention to the United States, and as you know Americans have come into the Canadian west in great numbers.

Equal Rights for the East.

"The C. P. R. has not for ten years or more attempted to discriminate against the east in the literature which it has circulated in Great Britain and the countries of Europe. We do not intend to discriminate against the west now, but we expect to do a good deal to direct attention to New Brunswick and the opportunities it offers. There are thousands of people in the old country who have sufficient resources to come out to this province and take up a farm and make a comfortable competence, when they could not pay their way to the west, and make as good a start as they can here. It is difficult today to get land in the west near a railway for less than $30 an acre, whereas, I understand good farm land here can be secured for as low as ten dollars.

"We have heard what the local government is doing to settle farmers on the land, and I came down here to confer with the Farm Settlement Board and the government to see what we could do to help, for it is to our interest to get people on the land in the east as in the west.

How Fruit Land Values Jump.

"And here in New Brunswick you have some fine farming land, and as good fruit raising land as can be found anywhere. Some years ago I could have bought all the land in the Kootenay district in British Columbia for a dollar an acre, but today you would have to pay from $100 to $500 an acre. Yet there in many cases terraces have to be built around the sides of the hills to plant the trees and other terraces to carry the water for irrigation. Moreover the British Columbia apple is not as good as the New Brunswick apple.

"If they can make money in British Columbia out of apples in such conditions—they don't make a profit out of plums and peaches and such fruit in B. C.—there is no reason in the world why apple raising in New Brunswick should not become a great industry. It is generally admitted that the best Canadian apples are raised on the Island of Montreal and in New Brunswick.

More Faith is Needed.

"There is a big future in store for New Brunswick, and the C. P. R. wants to have a share in it. The work of conservation and colonization, which we are starting on will compel other roads to follow our example. The I. C. R. and the new Transcontinental will have to take up similar work, and that will be a good thing for the east, and incidentally for the C. P. R. too. The more people we can get in the country, the more we protect our natural resources, the greater will be the business for everybody. What is needed down east is more faith on the part of the people in their possibilities, a disposition to work for and welcome improvement. Get the people to believe in themselves, get the settlers rolling in, and it won't be long before a great change is in progress. There is nothing like the power of suggestion, and the newspapers can do a great work for the Maritime Provinces."

Mr. Armstrong will have a conference with Premier Flemming today with the object of working out a plan of co-operation in regard to colonization and conservation of the forest lands of the province.

LEADING SINGERS WITH THE ABORN OPERA CO.

For a successful presentation of Bohemian Girl the first consideration, of course, is the ability of the soloists assigned to those delightful airs with which every child is familiar. "Heart Bowed Down," "Other Lips" and "Marble Halls." Blanche Morrison, the soprano, is said to be one of the best artists in the Aborn forces, which includes many hundred operatic stars. Claudia Albright, contralto; Roy Pilcher, tenor; James Stevens, basso, who is said to have sung the part no less than fourteen hundred times; Joseph Florian, baritone, and Clifton Webb, second baritone. These artists are supported by a splendid chorus, excellent orchestra, a ballet of eighteen young lady dancers, and a host of specialty performers, including a troupe of Arab tumblers. Next Wednesday and Thursday only with Thursday matinee.

At the Ball Game.

His features indicated that
Although she had a winsome face,
He almost scorned her 'cause her hat
Eclipsed his view of second base.

OBITUARY

Mrs. Patrick Monahan.

The death of Julia, wife of Patrick Monahan, 43 Peters street, occurred yesterday morning, after two weeks' illness. Deceased, who was 42 years of age, was well known and respected by a large circle of friends by whom she will be much missed. Besides her husband, she is survived by six sons and three daughters, all of whom reside at home. The sons are Herbert James, Leo Daniel, William Francis, John and Cyril. The Misses Beatrice, Dorothy and Mary, are the daughters. One sister who lives in Massachusetts, is expected in the city. One brother, James lives in Providence, Rhode Island, and another, William, in Fairville.

FUNERALS.

Capt. John L. Colwell.

The funeral of the late Capt. John L. Colwell, who suddenly passed away on Sunday last, took place at Upper Jemseg, N. B., on Tuesday afternoon amidst every token of sympathy and respect. The interment was in the family lot. The deceased is survived by his widow, two sons, Capt. Fred and B. L. and two daughters, Mrs. W. T. Ferriss, of St. John, and Mrs. Howard Springer, of Jemseg. The death of Capt. Colwell is the first break in a family of five. He is survived by two brothers, William, in New Zealand, and Jacob, in St. John, and three sisters, Mrs. W. Elgee, of Jemseg; Mrs. Mary J. Holts, of St. John, and Mrs. Charlotte McCloggin, of Mars Hill, Maine. One son, Fred, is at sea, and will not hear of his father's death until he reaches port. Among the beautiful floral tributes was one from the family composed of white roses, which encircled the word Father. The funeral services were conducted by Rev. C. G. Pincombe, assisted by Rev. J. D. Wetmore, of St. John. Miss Grace Pincombe presided at the organ and Mr. Pincombe sang a solo "Sleep on Beloved." Capt. Colwell's genial manner won him many friends, and his familiar figure will be sadly missed.

OCEAN LIMITED TO BE KEPT ON ROUTE

Daily Service Will Continue Without Change of Time—Step Made Necessary By Increased Traffic

Special to The Standard.

Moncton, Oct. 17.—It has been decided that the Ocean Limited express on the Intercolonial Railway will be kept on the route between Montreal and Halifax as a daily train and that there will be no general change in the time as is usual in October. The increasing traffic has made this step necessary.

The Maritime Express will also be continued, thus making a double through-train service. The Maritime will leave Montreal daily except Saturday, for points east of Campbellton, and daily for points between Campbellton and Montreal.

So far no changes have been announced that affect local trains.

PROVINCIAL PERSONALS.

St. John men in Halifax yesterday, according to the Herald were: J. S. Thomas, at the King Edward; A. Munro, at the Carleton; E. L. Corbett, W. L. Baker, at the Halifax; C. P. Humphrey, at the Queen.

(Albert Journal.)

Hon. A. R. McClelan and Mrs. McClelan, of Riverside, are spending a week in St. John.

(Sackville Post, Oct. 15.)

Mrs. Abbott, of Sackville, expects to leave in a few days to visit her old home in England.

James A. Keiver, of Albert, Albert county, is the guest of his daughter, Mrs. Knapp.

aJmes Smith, Foundry street, who recently underwent a successful operation for appendicitis, returned from Moncton Saturday.

(Woodstock Press, Oct. 15.)

Mrs. Peter Sharkey after an enjoyable visit to her daughter, Mrs. Thompson, has returned to her home in St. John.

Mrs. N. D. Lister went to St. John Thursday night for a month's visit to relatives.

Mrs. G. F. Thompson, of St. John; Mrs. H. H. Blair, of Fredericton, and Walter F. Blair, of Calgary, are visiting Woodstock, the guests of Mrs. J. A. Doak.

Hedley Patterson, of Grand View and Miss Edna Fox, of Lower Southampton were married by Rev. F. S. Todd at his residence at 10 a. m., Sept. 25th. The bride was dressed in white silk. After the ceremony the happy couple left for St. John, and after a brief wedding trip they are now at home in Grand View, York county.

(Chatham Gazette, Oct. 16.)

Mr. and Mrs. Alexander MacKinnon returned last night after a very enjoyable trip through parts of Nova Scotia.

Judge McLatchey, of Campbellton, was in town Monday.

Mrs. G. H. Harrison and son George arrived on Monday from Woodstock to join Mr. Harrison, the new principal of the schools.

(Charlottetown Guardian, Oct. 17.)

W. F. Patterson, W. J. Perry, and R. McDonald, of St. John, registered at the Clifton House, Summerside, yesterday.

(Charlottetown Examiner, Oct. 16.)

Nelson Winchester returned last night from St. John.

(Amherst News, Oct. 16.)

H. L. Dickson, A. L. Harding and J. H. Farwell, of St. John, are registered at the Amherst Hotel.

(Sydney Record, Oct. 10.)

H. V. Vaughn, of St. John was among the commercial men in the city this week.

(Moncton Times, Oct. 17.)

Miss Laura Patriquin returned yesterday from a trip to St. John.

Geo. McCoy, of the I. C. R., returned yesterday from a trip to St. John and Fredericton.

Miss Kate McKinnon, of Hillsboro, is visiting in Moncton, the guest of Miss Greta Fryers.

Mr. Von Hagen, of New York, is in the city for a few days.

Harry Lawrence, of St. John, is in the city on a business trip.

DOUGLAS M'ARTHUR IS HOME FROM THE WEST

Says St. John Can Well Learn From Saskatoon in the Matter of Attracting New Industries

Douglas McArthur returned to the city this week after a trip of several weeks' duration in the west. Mr. McArthur spent several weeks in Saskatoon where he has extensive business connections and states that that enterprising western city is going ahead rapidly. The citizens, many of whom are former residents of the east, are highly optimistic and the great influx of new settlers annually assures a rapid growth and prosperity for Saskatoon.

Mr. McArthur as evidence of the interest taken by the people of Saskatoon in the city's welfare tells of one of the early meetings of the industrial league a few weeks ago, when a million dollars was raised by subscription for the purpose of aiding in the work of attracting new industries in the city.

"The readiness of the people of Saskatoon to come forward and contribute both in money and work to the city's development," said Mr. McArthur, "is a lesson that might well be learned by the people of St. John who have had opportunities as great, if not greater than can be found in any western city. When St. John becomes a really large and prosperous city, as I am sure it will, its people will be infinitely better off than those of the west, because combined with prosperity they will have the advantage of a beautiful country and climate with none of the hardships which many in the west find so disagreeable."

Mr. McArthur returns from the west more convinced than ever that the east has a future and that were the people but alive to their opportunities the growth of the Maritime Provinces would be as phenomenal as has been that of Western Canada.

NEWS IN SHORT METRE

LOCAL.

After New Steamer.

Jarvis Purdy, of the Crystal Stream Steamship Company, returned from Boston on Tuesday. He left for Boston and New York two weeks ago to purchase a new steamer for the St. John-Fredericton route. Arriving in Boston, however, he was taken ill and was unable to continue the journey. When he recovered he returned home. He has a steamer in view which he believes would be excellent for the purpose. It is of steel construction, 160 feet long, with accommodation for 600 passengers at a speed of 18 knots per hour. He expects to complete arrangements with the owners of the steamer and have her in St. John in time for the fall rush of freight.

Ask for Repeal of Tax Law.

The commissioners at their meeting yesterday morning considered a request from the Montreal shipping men asking that the tax of $7.50 on Montreal ship laborers working in St. John in the winter season should be repealed. It was pointed out that the Montreal council had refused to pass a retaliatory measure taxing the St. John ship laborers who find work in Montreal in summer. The commissioners have the matter under consideration.

Police Court.

Six drunks were fined in the police court yesterday morning and William Cushing, charged with raising a disturbance in the Salvation Army Metropole, was remanded.

No Inquest.

Coroner Berryman decided that no inquest would be necessary on the body of Miss Lillian Nicholson, who died so suddenly on Tuesday morning. Permission for the burial of the body has been granted.

PROVINCIAL.

Executors Fined.

Woodstock, Oct. 17.—An important case that rarely appears before the courts was decided by Judge Landry in the circuit court today. Agnes M. Rockwell sued Enoch O. Parsons and John C. Hall, executors of the last will and testament of Mary Jane Hall, for the penalty attached to the failure of the executors to probate the will of the deceased within the legal time. Judge Landry gave a verdict of $25 to the plaintiff, one of the creditors of the estate, and allowed county court costs.

Moncton Man in Trouble.

Moncton, Oct. 17.—Camille King (Roy) aged 21, formerly of Moncton, and recently of Shediac, was arrested here by Officer Gaw last night, under authority of a telegram from the Amherst chief of police, charged with stealing $10 and a rubber coat. The chief of police of Amherst is expected here this afternoon to take the prisoner back.

High Price for Fredericton Property.

Fredericton, Oct. 17.—A 33-foot front property on Queen street, is to be sold for $10,000, which will be a high-water mark for real estate in Fredericton. The Royal Bank of Canada is negotiating with the vestry of St. Ann's parish church for the purchase of a property at the corner of Carleton and Queen streets and if a sale is made $10,000 will be the price. The lot is that upon which the Crangle building stands and is one of the best business properties in the city. The bank's solicitors have been carrying on negotiations for the purchase but Ald. Wilkinson, vestry clerk of the parish church, said today that before a sale could be made, even if the price was met, the consent of the standing committee of the diocese would have to be obtained. In the meantime the Royal Bank has had an option for $15,000 on the Crangle building for some months but J. Howard Crangle, the present owner, said today that the option had not been closed, as it is contingent upon the bank being able to purchase the land. It is not unlikely that a meeting of the parish church vestry will be held in a short time to consider the proposition.

Ald. A. B. Kitchen has sold the property on University avenue, known as McKendrick or Steadman property to John G. Boyd. The price is said to have been $2,500, and Ald. Kitchen is also said to have disposed of the properties occupied by himself and Arthur Gibson on George street. The price is said to be somewhere over $10,000 and the purchaser is said to be Arthur M. Rowan.

Valley Railway Route.

Fredericton, Oct. 17.—Ross Thompson, Chief Engineer of the St. John and Quebec Railway Company, returned at noon today from Ottawa, where he had been taking up route matters with the Department of Railways and Canals. Mr. Thompson said that the company's survey for the Valley Railway below Fredericton had been approved. This route, he said, carried the railway back from the river, so that it would cross the Oromocto river at a point about half a mile above the village of Oromocto.

"The route matters are now all settled between Gagetown and Centreville," said Mr. Thompson. As to the sites of the bridges between Gagetown and St. John, Mr. Thompson said that until more soundings had been taken nothing could be determined.

GENERAL.

Bank of England Rate.

London, Oct. 17.—The official announcement today of a five per cent. Bank of England discount rate was the natural outcome of the refusal by the bank on Monday to discount bills below that level. Owing to the abnormal difference between the money market and the discount rate, as well as the Balkan war and the actual and prospective gold demands, India being the latest addition to the list of gold seekers, a rise had been already discounted by the stock market, but short loans wil probably stiffen as a result.

IN THE COURTS

In Chambers.

The case of Harris vs. Powers et al occupied the attention of Judge Jonah of the Kings-Albert county court yesterday, in chambers here. This is an action brought under the mechanics' lien act by the plaintiff, who claims under an agreement whereby he performed mason work on the defendants' house. The amount involved is $170. The re-examination and cross examination of the plaintiff took place yesterday and the case was concluded at 5 o'clock. Judgment reserved.

D. Mullin, K. C., appeared for the plaintiff and H. H. Pickett for the defendant.

PAINS OF RHEUMATISM
ARE ENDED BY ZAM-BUK.

When you have any deep-seated pain in the joints, the back, the wrists or elsewhere, place a liberal supply of Zam-Buk on the fingers or on the palm of the hand and rub it in. The penetrating power of this "embrocation-balm" is very great. It kills pain and removes stiffness.

Mrs. Frances Wyatt, of 25 Guy Avenue, Montreal, says: "I have found Zam-Buk most soothing and valuable in a very bad case of rheumatism, and also for stiffness of joints and muscles I suffered long and acutely from rheumatism, and tried one liniment after another in vain. I also took medicines internally, but it remained for Zam-Buk to effect a cure. I began applying this balm when I felt the aches and pains of rheumatism coming on, or felt any of the stiffness. The result was truly wonderful. Zam-Buk seemed to penetrate to the very seat of the pains, driving them completely out, and I am now quite cured."

If rubbed on to the chest and between the shoulders in cases of cold, Zam-Buk will give speedy relief.

Apart from its use as an embrocation, Zam-Buk is a cure for eczema, rashes, ringworm, cold sores, ulcers, abscesses, chapped hands, piles, varicose veins, cuts, burns, bruises, etc. All druggists and stores at 50c. or post free from Zam-Buk Co., Toronto, for price. Refuse harmful imitations.

PILES Do not suffer another day with Itching, Bleeding, or Protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as certainly cure you. 60c. a box; all dealers, or Edmanson, Bates & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 2c. stamp to pay postage.

Try GRITZ porridge and get satisfaction. It does not heat the blood. GRITZ comes in bags 5 lbs. each and costs 30c a bag. Always comes in 5 lb. sacks.
