FLIERS DEPEND UPON THEIR ENGINES

Rivals for Across Ocean Hon-
ors Believe Their Motive
Power is All to the Good.

St. John's, Nfld., April 28.—The hopes of Harry G. Hawker and Fred P. Rayham, the British fliers, for successful passage over the Atlantic, are centred on engines, which it was learned today in neither case, has been tested continuously for more than eight hours. With favorable conditions, for which the aviators are awaiting, the trip will require a minimum of twenty hours. A margin of five hours additional is allowed by each in their petrol, oil and motor supplies. Finally, the ability of their motors to stand up under this almost unprecedented test is based on the fact that engines built from the same specifications have had bench trials exceeding thirty hours.

Hawker's 250 horse-power Eagle engine had an original bench test of between two and three hours, which was considered sufficient because engines of similar type had propelled planes from London to Constantinople and to India with stops, but with proof of reliability over long stretches, in flight the motor's maximum of sustained operation was 7 1/2 hours.

Rayham's Falcon model motor, similar to engines used in scout machines for long periods of reconnaissance and pursuit work over the lines in France, was accepted after a two hour bench demonstration. It is rated at 285 horse-power. The Martinsyde pilot tried it out in flight for seven hours, found it worked smoothly and announced that he was ready to bring it here for the long flight overseas.

Except for short warm-ups it has had only thirty minutes run since Rayham's arrival.

MALE CHRISTIANS WERE MASSACRED

Seoul, Korea, April 27.—By The Associated Press. Governor-General Hasagawa, Sunday received a delegation of missionaries who had visited the burned villages in Korea, including the hamlet, 45 miles southeast of Seoul, where it was stated recently that the male Christians of the village were summoned and shot or bayoneted.

Governor Hasagawa said he regretted that the facts of the massacre were as stated, but that those responsible for them would be punished. He added that foreigners might be assured there would be no repetition of such incidents.

PUBLIC OWNERSHIP HERE TO STAY

Sir Thos. White is Credited
With Having Pledged His
Gov't to That Course.

Montreal, April 28.—The Montreal Star says editorially today under the caption of "Why the Rush."

"Sir Thomas White, the acting premier of Canada, (by the way, when is Sir Robert coming home?) declares that the government is pledged unalterably to public ownership of railways, and that public ownership has come to stay."

"We shall not dispute Sir Thomas' first statement, just now, but it would seem that his second statement depends somewhat upon whether or not this government so pledged has come to stay."

"Sir Thomas White and Mr. Rowell (both from Toronto) broadly insinuate that the C. P. R.'s fear of public ownership is the mainpring behind all movements in opposition to its socialistic policy."

"Per contra, many men are beginning to wonder what is the pressure behind this anxious haste to involve the country in new railway obligations at this time of financial and industrial crisis. Once it was 'Cox can't wait.' Who is it in such a hurry now?"

"Some members of parliament point with questioning fingers at the C. N. R. trade mark on the operation of the present national system; in the construction of the new charter for the National Railway Corporation; on the proposed extension of myriad branch lines through prairie lands not owned by the government."

WM. STILES OF C. G. R. KILLED; WM. COOK SERIOUSLY INJURED

Moncton, April 28.—William Stiles was killed and William Cook injured this morning while trains were crossing at Evans' siding. The men were in the employ of the track department of the C. G. R. Cook was foreman. A way-freight car bound had taken the siding to let a west-bound train pass. The men stepped over to the siding to get out of the way of the passing train and before they noticed what was happening the way freight backed up, running over Stiles and killing him instantly and seriously injuring Cook.

Stiles was 35 years of age and lived in Dorchester, each about sixty years of age and in the service of the railway many years.

YORK COUNTY COURT CONVENES TODAY

Civil Cases Are to be Heard
and All Are Non-Jury Ones
—Nurses Resign.

Special to The Standard.
Fredericton, April 28.—The York County court will meet tomorrow morning at 11 o'clock, when the cases on the civil docket, which were entered at the March term of the court, will be taken up for consideration. These cases were all postponed from the March sittings in order to try the criminal case of King vs. King. It is expected that a number of cases will be tried at the session that opens tomorrow. They are as follows: Misses Vail and Hanson have resigned from the nursing staff of Victoria Hospital. Miss Hanson was in charge of the nursing staff and received her training at the Victoria Hospital and remained on the staff after graduation. Miss Vail came here from the United States. Both young ladies have been prominent in their profession.

Gunner Wilfrid Hand, of Woodstock, is in the local news as a result of the Barker House. Gunner Hand went overseas with the 24th Battery of Artillery from this city in February, 1915, and was taken prisoner by the Germans. He spent over two years in the prison camps before being repatriated. He is here to appear before a medical board.

STRIKERS AND POLICE EXCHANGE SHOTS

Trouble Occurs Among Sym-
pathizers With Textile Op-
eratives.

Lawrence, Mass., April 28.—Shots were exchanged between the police and strike sympathizers during disturbances early today in connection with the strike of textile operatives. None of the shots took effect, but three policemen were stoned. The most seriously injured was Dan Lynch of Lowell, a mounted officer, who was struck in the head, and was unconscious when other policemen reached him. Two arrests were made.

Reports that many of the strikers planned to return to work today brought out unusually large number of police to the scene. There was trouble in the immediate vicinity of the mills.

Watchers said there appeared to be no noticeable increase in the number of operatives who went to work. The strikers, who are seeking \$4 hours pay for 48 hours' work, have been out since February 3.

ESTATE OF LATE ERNEST HUTCHINSON

Son, Richard, to Contest Will
—Value of Estate \$750,000

Fredericton, April 28.—Richard Hutchinson, of Boston, is in the city today, en route home after spending some time taking the first step in what promises to be a sensational contest for the breaking of the will and testament of his father, the late Ernest Hutchinson. He wants the will, which has been offered for probate at Newmarket, declared void and replaced by a will that was made by the deceased some years ago. The estate is valued at \$750,000.

APRIL LOSSES IN C. G. R. RELIEF ASSN.

Special to The Standard.
Moncton, April 27.—There were twelve deaths in the C. G. R. employees' Relief Association during the month ended April 25th, one being reported killed in action August 22nd, 1918. Members of the association who died during the month were David Loudon, Lewis, killed in action August 22; Richard Lafrance, Lewis; Joseph E. D'Amore, Lewis; Fred H. Brown, Halifax; Angus McNeilson, New Glasgow; Alex. McDonald, New Glasgow; Abraham L. Trides, New Glasgow; William McAllister, Moncton; Wilbert Doherty, Truro; P. H. Probert, St. John; Hugh H. Mann, Campbellton; John Hunter, Truro.

BOMB SENT TO MAYOR OLE HANSON

Seattle, Wash., April 28.—Police headquarters announced the office of Mayor Ole Hanson in the Seattle city and county building, today received a broken and dented mail. Mr. Hanson is at present in Colorado on a Victory loan speaking tour.

WHITE'S COVE.

White's Cove, April 26.—A reception was held at the residence of Wm. N. Durost on Friday evening, in honor of his son, Evelyn Durost, who came home on Thursday evening from overseas. Quite a number of his friends were present to welcome him home. He was presented with a substantial purse of money, also an address by W. A. Farris. Private Durost made a suitable reply. He is looking well after doing his duty in the trenches. He spent some time in Germany before sailing for home.

Mr. and Mrs. L. P. Farris, who spent this winter in the West, are home again.

The ice is all out of Grand Lake, and we are expecting the steamer "Premier" for her last voyage. There is somewhat earlier than usual. Owing to so much rain and cold weather very little farming is done yet.

Sinclair Corbitt, who has been farming for D. P. Farris for the last five years, has moved his family to Hampstead.

Rafting operations in the Little Lake are about finished.

A fiction writer speaks of the promenade at the opera house, where the audience "walk and chatter between the acts."

The Jabber Walk, huh?

AMERICA'S GREATEST SUCCESS NOW COMES TO ST. JOHN

FACTS ABOUT TANLAC

Twelve million bottles sold in four years.
At present rate of sales grand total will reach 15,000,000 bottles by end of present year.

Large and modern laboratories at Dayton, Ohio, occupy 60,000 square feet of floor space.

Capacity of plant recently doubled to take care of rapidly increasing business. Present capacity 30,000 bottles daily.

Branch plant recently established in Canada, with a capacity of 8,000 bottles daily.

Demand for preparation has broken all world's records for same length of time, and is constantly increasing.

Publicly endorsed through the daily press by men of prominence throughout the United States and Canada, including supreme court judges, mayors of leading cities, lawyers, doctors, bankers, state and government officials, prominent educators and well-known ministers of the Gospel.

New sold from coast to coast and from Gulf to Great Lakes, throughout the United States and Canada.

Tanlac is purely vegetable and is composed of the most beneficial roots and herbs known to science. Formula complies with all national and state pure food and health laws of United States and Canada. Absolute merit responsible for unprecedented success.

BIG TORONTO DRUG FIRM HAS SOLD 143,280 BOTTLES

Other Leading Retail and Wholesale Druggists All Over the
United States and Canada Tell of the Unprecedented
Success of Tanlac.

The following are extracts from letters and telegrams from prominent dealers all over the United States and Canada, telling in plain, cold figures of the remarkable growth and development of Tanlac throughout America:

143,280 BOTTLES SOLD BY TAMBLYN'S STORES

Further evidence of the growth and popularity of Tanlac in Canada is found in the following letter from G. Tamblin, Limited:

Toronto, Ont., Canada, Feb. 15, 1919.

Mr. G. F. Willis, International Distributor, Fourth National Bank Building, Atlanta, Ga.

Dear Sir:—We are glad to inform you that since we accepted the wholesale distributing agency for Tanlac in this territory, March 19, 1918, we have sold and distributed 65,169 bottles of the medicine, and with the car that is now enroute to us from the factory, have purchased over 80,000 bottles of your preparation.

It will no doubt be of interest to you to know that the widespread popularity of Tanlac has been a big surprise to us, even in spite of the fact that we have been in the wholesale drug business in this territory for so many years. Tanlac has taken the front rank of all our proprietaries and is the undisputed leader with our trade.

Our salesmen report that Tanlac agents are experiencing a gratifying and constantly increasing demand for Tanlac.

STEWART-HOLMES DRUG CO.

TANLAC HOLDS FRONT RANK IN CALIFORNIA

Los Angeles, Cal., Feb. 15, 1919.

Mr. G. F. Willis, International Distributor, Fourth National Bank Building, Atlanta, Ga.

Dear Sir:—We are glad to inform you that since we accepted the wholesale distributing agency for Tanlac in this territory, March 19, 1918, we have sold and distributed 18,000 bottles and have a car consisting of 42,000 bottles now enroute to us.

We have been agreeably surprised at the success with Tanlac and our best wishes for continued success.

Sincerely yours,
WESTERN WHOLESALE DRUG CO.
By L. Schiff, Vice-President.

SALE 700 BOTTLES OF TANLAC IN ONE DAY

Atlanta, Ga., Oct. 15, 1918.

G. F. Willis, International Distributor, Fourth National Bank Building, City.

Dear Sir:—In reply to your enquiry, we are pleased to advise that we are now selling Tanlac at a rate of considerably more than 2,000 bottles per week.

On one Saturday alone we sold through our over-the-counter department approximately 700 bottles at retail, direct to customers.

We have the exclusive agency since September, 1916, and have sold 175,000 bottles.

JACOBS PHARMACY CO.

45,000 BOTTLES AT RETAIL IN 7 MONTHS

Seattle, Wash., Oct. 15, 1918.

Mr. G. F. Willis, International Distributor, Tanlac, Atlanta, Ga.

Dear Sir:—I have been closely identified with the drug trade in this city for the past twenty years, and in all my experience we have never handled anything in the way of a proprietary medicine that even approaches Tanlac as a seller.

In less than seven months' time we have sold and distributed, through our five stores, forty-five thousand (45,000) bottles, and I believe I will be entirely safe in saying that this amount of business in so short a time establishes a new sales record, not only for Seattle, but for the entire Pacific Coast States.

On Saturday last alone we sold through our five stores over four hundred bottles of Tanlac. The sales are now averaging over two hundred bottles each and every day and the demand is increasing rapidly.

G. H. DAKETELL,
HARTELL DRUG CO.

SPURLOCK-NEAL CO. S. C. MARTIN, Vice-President and General Manager.

Knoxville, Tenn., April 19, 1919.

National Drug and Chemical Co., St. John, N. B., Canada:

Our books show that we have bought and disposed of over 40,000 carloads of Tanlac (180,000 bottles) in this immediate territory, setting a record as the largest sale by us in a given time of any proprietary medicine in the history of our business.

These sales, were made with no effort on our part and without a single complaint from any of our patrons or sub-agencies.

SPURLOCK-NEAL CO.,
S. C. MARTIN,
Vice-President and General Manager.

Calgary, Alta., Feb. 13, 1919.

G. F. Willis, Esq., Atlanta, Ga.:

Dear Sir:—Replying to your recent inquiry regarding Tanlac, we must say that we have been greatly pleased with sales in our territory since your advertising campaign started here two months ago. We have shipped out 20,160 bottles, and sales are steadily increasing. Practically all our customers who have secured agencies are delighted with the line, and say that they never saw its equal for quick sales and repeat orders.

We are, yours truly,
NATIONAL DRUG AND CHEMICAL CO., LTD., R. A.
(Advertisement.)

Calgary, Alta., Feb. 13, 1919.

G. F. Willis, International Distributor, Tanlac, Atlanta, Ga.:

Dear Sir:—Less than two months ago we secured the Tanlac agency for Calgary and to date have sold 3,760 bottles. The sale of this remedy is increasing so rapidly we will be compelled to place our order for another gross before the weekend.

In view of the scores of voluntary testimonials from those who have used Tanlac we are convinced that it has genuine medical merit. The Tanlac agency is sure a live wire proposition.

Yours very truly,
LIGGETT-TIMLAY DRUG CO.
By H. R. Livingston.

Tanlac, the Celebrated Medicine Which Has Been Accomplishing Remarkable Results in the United States and Canada, Will Now Be Sold in St. John and Throughout the Province of New Brunswick—Remarkable Sales Record of Twelve Million Bottles Phenomenal and Unprecedented.

Tanlac, the celebrated medicine which has been accomplishing such remarkable results throughout the United States and Canada, and which has been having a phenomenal sale in leading cities of the East and South will now be sold in St. John and throughout the Province of New Brunswick. The amazing success achieved by this medicine in only three years' time is not only phenomenal, but unprecedented.

The discovery of Tanlac, the beginning of its manufacture, the establishment of the large and modern laboratories at Dayton, O., occupying more than 60,000 square feet of floor space, reads more like fiction than facts from latter-day commercial history.

TWELVE MILLION BOTTLES SOLD IN FOUR YEARS.

Although placed on the market but little more than four years ago, over twelve million bottles have been sold, and its sales record probably has never been equaled in the history of the drug trade in America. From coast to coast and from the Gulf to the Great Lakes, Tanlac is known and honored. Millions have taken it and have pronounced it the greatest medicine of all time. No matter where you go throughout the United States, whether East, West, North or South, Tanlac is a household word and is now unquestionably the most widely talked of medicine in the world today.

Now, this is the record of the truly marvelous medicine which will now be placed within the reach of everyone in only a few minutes' time it will be placed on sale in practically every large city, town, village and hamlet throughout the Maritime Provinces.

To use the words of L. T. Cooper, noted health expert and millionaire manufacturer of Tanlac, there is only one explanation of the nation-wide popularity and record-breaking demand, and that is very simple. The inherent purity and wholesomeness of the medicine has confirmed it in the minds of the people and made it a household word. That, and that alone, is the secret of the marvelous expansion of the Tanlac business.

Mr. Cooper's unique theories on health and right living have attracted attention all over the country and have been the cause of considerable scientific discussion. It is conceded by all well-informed persons that he is a man of extraordinary ability and wonderful insight into the fundamental principles of hygiene. This preparation which promises to mark a new era in medical science, was perfected only after years of study and experimenting in the Cooper laboratories.

Prominent Men Out For Tanlac President State Board Endorses It

Mayors, Judges, Lawyers,
Doctors, Ministers and Edu-
cators Endorse It.

Dr. Wm. E. Bingham of Ala-
bama Says Tanlac is Pro-
ducing Splendid Results.

The following letter from Dr. Wm. E. Bingham, president of the State Board of Pharmacy of Alabama, is probably the first endorsement ever given a proprietary medicine by an official of this department of a state government, and the same is sufficient answer to anyone who doubts the high esteem in which Tanlac is held by leading druggists everywhere. Dr. Bingham's letter follows:

Tuscaloosa, Ala., Jan. 21, 1916.

Mr. G. F. Willis, Atlanta, Ga.

Dear Sir:—In reply to your enquiry of recent date, I am pleased to advise that the Bingham Drug Company has never handled anything that even approaches Tanlac in popularity. We have sold 1,100 bottles since securing the agency, and it is going here at the rate of 300 bottles per month.

Everyone here who has used Tanlac speaks of it in the very highest terms, and the repeat orders from those who have used it are remarkably numerous and show conclusively that it is giving great satisfaction. It is the talk of the town, and everybody seems anxious to recommend it to his neighbors.

I have been interested in it as a medicine and have observed the satisfactory use of Tanlac in a number of cases of chronic disorders. You could get some excellent testimonials here, for it has produced remarkable results in a number of cases.

Our sales are increasing continually, and I desire to thank you for the splendid co-operation you have accorded us.

Very truly yours,
W. E. BINGHAM DRUG CO.,
Per Wm. E. Bingham.

WORLD RECORD IS BROKEN BY TANLAC

Tanlac has brought a new romance to the commercial world. It is the story of an acceptance and appreciation of merit never before attained by a proprietary medicine. Stud business men, to whom the actual figures of the production of Tanlac have been presented, have exclaimed until the proof was shown. The production of Tanlac now stands at the rate of almost four million bottles per year. The exact figures are 3,982,800. The sale of a million bottles in the first nine months which far exceeded any record ever made by a proprietary medicine, now seems insignificant.

"One firm alone," said Mr. G. F. Willis, the international distributor of Tanlac, "has given orders for a total of 165,000 bottles within eighteen months' time. The first I refer to is the Spurlock-Neal Co. of Nashville, Tenn. Mr. C. S. Martin, president of this great firm, who is also president of the Southern Drug Jobbers' Association, will verify this statement."

"Tanlac is the result of many years of arduous study by Mr. Cooper and his principal chemist. In fact the two of them have carefully watched its development from the beginning of the experimental stage to its present state of efficiency. So remarkable have been the results obtained from this medicine that I doubt seriously if either of these men realize the immensity of its success. Like many other great discoveries, it has required time to prove its far-reaching effects."

Denver Jobber Sells 75,648 BOTTLES IN EIGHT MONTHS

Denver, Colo., April 19, 1919.

National Drug and Chemical Co., St. John, N. B., Canada:

I find upon reference to our records that since we became distributors for Tanlac in this territory, we have sold to the agents 75,648 bottles of Tanlac, and this in a section long on territory and short on population.

I must confess that the story of the success of Tanlac in other fields when it first came to us, would have sounded something like a fairy tale, but for the fact that we had some advance information about what had been done in other territory, and we otherwise would have been exceedingly skeptical.

Mr. Willis has made good on all he promised to do in this territory, and then some. At all times he has been reasonable and fair in his methods and can be depended on to carry out any verbal or written contract he may make.

I consider that no dealer will make a mistake in taking on the Tanlac agency in his territory.

Yours very sincerely,
W. A. HOVER & CO.
Per W. A. Hover.

As Old as his Arteries

The doctor can't help it.
He knows that the man has hard arteries, high blood pressure, and beginning kidney and heart disease, due to long neglected chronic constipation.

It isn't the other man's fault—directly. He's only 45—but he never realized that his constipation was a serious thing. He never knew how to treat it. He has taken bushels of pills, gallons of castor oil, mineral waters and salts, which have battered and tortured his alimentary canal from one end to the other; and he wonders why his health keeps getting worse. He doesn't know that his food waste has poisoned him, and has bred disease that is going to "get him" before his time.

Nujol is for just such a man—for every person whose bowels do not move easily and thoroughly at regular intervals—especially for those in advancing years whose body machinery will not stand rough treatment.

Nujol softens the accumulated food waste in the large intestine, and moves it gently out of the system, carrying those poisons with it, which, if allowed to remain, cause over 90% of human illness. Nujol supplies the lubrication that Nature can't supply as age begins to make itself felt.

This man might have known in time—but Nujol is new—the accepted modern treatment for constipation.

You can avoid such a misfortune as his. Get a bottle of Nujol from your druggist today and send for free booklet "Thirty Feet of Danger" expressing clearly the soundest medical authority on constipation and self-poisoning.

Warning: Nujol is sold only in sealed bottles bearing the Nujol Trade Mark. At all druggists. Insist on Nujol. You may suffer from substitutes.

Nujol Laboratories STANDARD OIL CO. (NEW JERSEY) 50 Broadway, New York

Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York. Please send me free booklet "Thirty Feet of Danger"—constipation and auto-intoxication in adults.
