Everett Robinson, who spends his nights pounding telegraph keys for the C. N. R. at Sussex and his days in holding down first base for the Penobscus Alerts, got a scare early Sunday morning as he was returning home in his "Lizzie." On making the turn just below the Penobscus station and within a short distance of his home, he was suddenly held up by two large moose. Neither "Lizzie" lights nor her horn had any terror for these bold creatures and the auto and it was not until "Ev" had got out and opened up a bombardment with stones that they were persuaded to move on.

Aroostook Jct.

Aroostook Junction, July 13.—The annual meeting of School District No. 4, took place at Aroostook Jct. on Monday July 12th.

The meeting opened at 10 a. m. J. F. Fleming was elected chairman on motion by D. S. Boone, seconded by T. H. Manzer.

The trustees report on Educational conditions was read, and Mr. L. Rivers, trustee, said the teachers had done as well as possible, and that School Inspector had reported favorably on progress made by children.

Report of Secretary, T. H. Manzer was passed, also report of Mr. Langley, auditor. Report showed that about \$60.00 in excess of assessment had been spent during the year.

Moved by D. S. Boone, seconded by D. B. Hopkins, that the sum of \$4,000 be assessed for school purposes for 1920-1921.

Mr. D. S. Boone, retiring trustee, declined re-election, and J. F. Fleming was unanimously chosen as Trustee for ensuing three years.

Mr. Langley, who has been auditor since 1915, also declined re-election as auditor, and D. S. Boone and R. Kelly were nominated, result of voting showed Kelly 5, Boone 5; R. Kelly was therefore declared elected auditor for coming year.

The trustees were authorized to sell some stands which had been in use for the trainmen.

A rather warm discussion took place as to the desirability of engaging a Superior teacher for grades 9, 10, and 11, some of the ratepayers arguing that the great expense involved was not warranted as there were not enough children for these grades, on the other hand it was said that the great increase in the number of children of late made it impossible for the two teachers to handle the school efficiently, a motion was made to employ a Superior teacher, which resulted in a tie, and after some rather acrimonious discussion the chairman gave his casting vote in favor of a Superior teacher being employed, and a further vote moved by G. S. Gains, seconded by Ray Grant, that a 3rd teacher be employed and upper room of school be equipped, was carried, and on motion by R. Grant, seconded by H. Waite, the trustees were empowered to hire money up to \$2,000 for equipping the extra room for school purposes.

The matter of a Trust Officer was brought up but no appointment was made.

Lawrence Grant, C. P. R. brakeman, who has been ill for some time, has been taken to the Hospital at Presque Isle, Me., to undergo an operation.

C. Ralston, C. P. R. Conductor, who has been seriously ill at St. Stephen, was welcomed home on Saturday on Saturday, Mr. Ralston is very thin, and much altered, but seems to be much better.

The First Aid Class, which made such a good showing at St. John during the war, is being revived at the request of the C. P. R. authorities, and Mr. A. E. Stewart, Asst. Sup. is trying to organize the same team, and one or two men are already being held, chiefly for technical instruction, and getting the team in shape. Mr. Langley has been requested to act as secretary, and the names of the team will be published as soon as it has been formed.

The election on Saturday last passed off very quietly, the voting at Aroostook was, For Prohibition 66, Against 47, For Wines and Spirits 61, Against 60, total 126 for Prohibition, 121 for Wines and Spirits.

Mr. D. B. Jewett, C. P. R. Operator, is relieving at Fort Fairfield.

Grover Le Tarte, C. P. R. Operator, has been appointed to the office at Carleton Place, permanently.

"Proffiter" and "Extortioner."

(The Villager.)

It is strange that we invented the word "proffiter" when we already had a far better one, "Extortioner" says all that "proffiter" wants to say, it conveys the intended emphasis and conveys it as forcefully as any word could. For proffiter tells only what the money-grabber does, and it is not that which concerns us; what causes our resentment is what he does to us, and "extortioner" is a word in terms of the victim. A proffiter might be merely the man who makes prodigious profits out of men's foolishness, and an extortioner is the man who makes his money out of their necessities; he takes a cruel advantage of their helplessness; he is unscrupulous and merciless, and a word that connects him with the Spanish Inquisition and the turning on of screws is just the word to describe him. Beside "extortioner" mere "proffiter" is a pale generic term.
