

CHARGE HE GOT TOO MUCH CASH FROM THE BANK

Bank Claims He Was Paid \$1,000 Too Much by Mistake.

North Sydney, N. S., Sept. 20.—J. R. Horwood, charged with stealing one thousand dollars from the Royal Bank here through alleged over-payment of a cheque, was formally committed to the Supreme Court for trial by Stipendiary Magistrate, today. He was admitted to bail in the sum of \$2,000.

Giving evidence at the preliminary examination of Horwood, Miss F. W. MacLean, teller at the Royal Bank, and plaintiff in the case, testified that she cashed a cheque for \$1,800 for Horwood, giving him \$400 in fee and twenty dollar bills and a package which she thought at the time contained \$1,000. Horwood, she said, commenced to count the money before the wicket, but in a few moments left the office. Half an hour later the plaintiff discovered her cash \$1,000 short, having given, she declared, a \$2,000 package to Horwood instead of a \$1,000.

emphasized by King George in a cable message read at the congress this morning, in a commission of the loyal greetings expressed by the congress, in a cable sent on Saturday. Lord Stamfordham, the King's secretary, cabled as follows:

"The King fully recognizes that these meetings are constructive not only to the commercial interests, but to the very unity of the Empire, and His Majesty wishes that all possible success may result from your deliberations."

Information on Colonies

The congress discussed this morning the creation of a permanent bureau of standardized information on all colonial methods of valuing imports and decided on its establishment. Mark Sheldon, of Australia, commenting on the formation of the Imperial Shipping Committee, expressed disapproval of the exclusion of the Dominions and dependencies from membership in the committee.

NEEDS MORE MEN FOR FARM LANDS

Ottawa, Sept. 20.—J. W. MacMillan, Professor of Sociology in Victoria University, Toronto, in an address before the American Association of Public Employment offices here this morning urged that great efforts should be exerted by the Government officials to have immigrants go on the land. A special department should be established to look after the newly arrived immigrants. He referred to their tendency to locate in the cities.

IS GULF STREAM CHANGING COURSE?

Liverpool, Sept. 20.—Scientists are busy arguing if the Panama Canal has changed the course of the Gulf Stream, or if there have been volcanic upheavals in the bed of the ocean which have deflected it. At any rate it is reported missing, and argument as to the probable influence of the canal on it, which stirred the scientific world before the canal opening, is being re-hashed. Captains of Atlantic steamers report the absence of the usual eastward course of the Gulf Stream. The water in the usual path is warm but stationary. Whether sharks have settled on this as the cause of Britain's cold summer, and are speculating on the future climate of England. If it is permanent they

say England will have a much colder climate with a change in the system of living and methods of agriculture, and even possibly in the nature of the crops.

A DANGER SIGNAL—TENDER AND BLEEDING GUMS

Healthy teeth cannot live in diseased tissue. Gums tainted with Pyorrhea are dangerously diseased. For not only the teeth are affected, but Pyorrhea germs seep into the body, lower its vitality and cause many ills.

Pyorrhea begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of the poisonous germs that breed in pockets about them.

Four out of five people over forty have this disease. But you need not have it. Visit your dentist often for tooth and gum inspection. And keep Pyorrhea away by using Forhan's For the Gums.

Forhan's For the Gums will prevent Pyorrhea—or check its progress—if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums hard and healthy, the teeth white and clean. If you have tender or bleeding gums, start using it today. If gum-shrinkage has already set in, use Forhan's according to directions, and consult a dentist immediately for special treatment.

35c and 60c tubes in Canada and U.S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid.
