## Two Million Chinese Eggs Reach Vancouver

Millions of Starving Lie Along Roads in China, Passenger Declares.

Vancouver, B. C., Feb. 1.—With 110 saloon passengers and over 500 Chinese, the Canadian Pacific Service steamer Empress of Asia docked here last night from Oriental ports. In the steamer's cargo were 600 tons of silk and over two million Chinese eggs for Atlantic provinces and states.

Among the passengers was Dr. J. C. Ferguson, financial adviser to the president of China. Referring to famine conditions in China, Dr. Ferguson said that if the people of America could only see those millions of people lying by the roadside, too weak to walk, and in such a condition that unconsciousness was a God-send, there could be no hesitancy on the part of the people here to share a little of the bountiful harvest given to America.

A genius is a man who knows when to keep his mouth shut.

Are you naturally attractive?

WHERE can you find a more pleasing picture than a group of young, healthy, vigorous girls playing tennis?

Alert, quick to think, and quick to act, their faces aglow with enthusiasm and radiant with health.

How many there are, however, among our growing girls of whom this cannot be said. You see them sitting on the side benches looking on, or loitering around in a listless, careless manner, and, as a rule, irritable and nervous.

Nature intended women to be strong, and healthy and happy as the day is long. MILBURN'S HEART AND NERVE PILLS have proved so beneficial in such a multitude of cases, that they can be recommended without hesitation.

They give sound, restful sleep, tone up the nerves, make the heart beat regular and strong, create new red blood corpuscles, and impart that sense of buoyancy to the spirits that is only possible when enjoying mental and physical vigor.

Mrs. Fred Lee, Almonte, Ont., writes:—"My oldest daughter was so bad for over a year, with her heart and nerves, that she was compelled to give up her work. I was very discouraged about her, as I had her to two doctors, but they did not seem to do her much good. She could not sleep at night, would have to walk the floor, and felt as if she would go out of her mind. One day a friend told me to use Milburn's Heart and Nerve Pills, and I cannot speak too highly of them. She used three boxes and is feeling fine, and started back to work again two months ago."

## BOARD SUGGESTS HANNA ORDER TO BE REMOVED NOW

Majority Reports in Famous Dispute Declares Situation Due to Misunderstanding.

MINORITY FINDING BY RY. REPRESENTATIVE

Claim Gov't Never Intended to Carry Non-Political Policy to Exclusion Extent.

Ottawa, Feb. 1.—A majority report of the board of conciliation which investigated the dispute between the employees and management of the Canadian National Railways, now in the hands of the minister of labor, recommends the withdrawal of the "Hanna order," which was the main cause of the dispute. This report is signed by John M. Godfrey, chairman and D. Campbell, representative of the men.

Mountain of Mole-hill.

"It appeared early in the proceedings," states the report, "that in reality there was little difference between the position taken by the management and the employees." It goes on to say that Mr. Hanna based his position on a prominent statement made by Sir Robert Borden in parliament at the time the railroads were taken over by the government. This was to the effect that the roads would be run by a reconstructed board of directors and that political patronage and political interference would be eliminated. Mr. Hanna, it goes on, "stated that at the time he and his associates took office, it was understood that this was to be the policy of the management, and it was only on this condition that they accepted office."

Agreed to Plan.

The employees stated that they agreed absolutely with this policy and are prepared to co-operate to the utmost with the management to effect political interference on the exploitation of the railroads for political purposes. "But," the report continues, "the employees maintain that this policy does not involve the prohibition of any employee under any circumstances of offering himself as a candidate in parliamentary elections. They further maintain that the government and parliament could not have intended any such prohibition inasmuch as, when the matter was considered by parliament in the session of 1919, they were

## PROFICIENT NEW YORK MAN PRAISES TANLAC

John F. Hyatt, of Albany, N. Y., Is Relieved of Severe Attack of Rheumatism of Many Years' Standing.

JOHN F. HYATT  
227 Pearl St., Albany, N. Y.

"I am now seventy-two years old and am just getting rid of fifteen years' attack of rheumatism that had me so crippled up I could not walk," said John F. Hyatt, 227 Pearl St., Albany, N. Y., in relating his remarkable experience with Tanlac, recently. Mr. Hyatt is chairman of the committee in charge of building the Albany County Courthouse and was four times elected a member of the County Board of Supervisors. At present Mr. Hyatt is assistant superintendent of the Albany County Courthouse, with offices in the building.

"I don't believe," he continued, "anybody could have rheumatism any longer than I did, and my case was of such long standing I didn't expect to ever get over it. I was unable to walk except for a short distance, supported with a cane, and even then the pains were so severe I took a step, my legs, hips and ankles hurt something awful and my joints were stiff and ached. I couldn't cross my leg without having to lift it up with my hands, to turn over in bed, why, the pains nearly killed me."

"My appetite was gone and the sight of food nauseated me. My stomach was out of order, and I had a sluggish, heavy feeling all the time. I was weak, off in weight, and discouraged so that it looked like I might as well quit trying to ever get well."

"I had no idea Tanlac would relieve my rheumatism when I began taking it last Spring. I took a step, because I saw where it would give a fellow an appetite. Well, sir, I was the most surprised I ever was in my life when the rheumatic pains began to ease up."

Specialty excluded from the disabilities of the civil service.

Question of Leave. Dealing with the question of leave of absence, the report states that the employees claim that leave of absence might be granted to many employees who would in any way interfering with the efficiency of the railways. The instance of the cases of Messrs. Palmer, Moore and Higgins, all of whom, they maintain, might have been granted leave of absence, their positions being filled by others during the absence.

"The employees do not believe," says the report, "that any civil results have been occasioned to the C. P. R. because four of its employees have been permitted to engage in parliamentary elections. Of these two have attained cabinet rank, the Minister of Labor in the Federal Government and the Minister of Mines in the Ontario Government." The report states that, notwithstanding the fact that the employees finally made a proposal which seemed to the two signatories a just one. This proposal conceded without reserve the absolute independence of the railway employees and continuous loyalty by the employees to the Canadian National Railways. Therefore, the report concludes, the railway service while undertaking to exploit for political purposes the operation of the railways, but to accept nomination in the ordinary way or to be elected to a public office should not be regarded as prima facie evidence of disloyalty.

## Quebec's Liquor Law Sends Prices Down

Montreal, Feb. 1.—With the announcement that the provincial government would take complete control of the liquor traffic, handling it through retail stores and importing it directly from distilleries, a noticeable decrease in wholesale prices has resulted. On December 4, the very best brands of brandy were advertised at \$35 and \$40 a case. Yesterday some brands were advertised at \$28 and \$30 a case. Scotch whiskey, gins, Canadian whiskey, in fact every kind of "hard" drinks, has been reduced in price by the wholesalers shipping to Ontario and other provinces. One brand of Scotch whiskey has dropped from \$44 per case to \$32 per case. Canadian whiskey also shows a sharp decline.
