

The Faculty also take great pleasure in announcing that, with a view of giving the students increased facilities for obtaining a practical knowledge of Obstetrics, an Extern Maternity Department is about to be established. By this means it is hoped that the students will receive such advantages as have never heretofore been placed at their disposal in Canada.

The course in Pathology and Microscopy has been arranged in conformity with the recent advanced requirements of the Medical Council of Ontario.

Forestalling the new Regulations of the College of Physicians and Surgeons, the Faculty have deemed it wise to afford its students the benefits of a course of Lectures in Practical Pharmacy which, will be delivered by Dr. Smith.

One Summer Session being now compulsory upon every student in Medicine proceeding to a degree in Ontario, the Faculty have arranged for a thoroughly practical course, full particulars of which will be found on a succeeding page.

That the students of the College still make good use of the advantages placed at their disposal will be readily seen by reference to the record of their successes at the various examinations of 1891. (See pages 36, 37.)

Students of the Woman's Medical College may proceed to their degree before the Universities of Trinity College, Toronto, or Victoria. Intending students should determine, early in the session, to which degree they will proceed, so that they may be enabled to conform with the special regulations of the various Universities.

To encourage women to enter the Foreign Mission Field in connection with the various religious bodies, the Faculty admit such students to lectures for two-thirds of the regular fees, with the exception of those for registration and examination; but each applicant for this reduction must furnish a certificate from the Foreign Mission Society under whose auspices she is, and also give a personal engagement to prosecute medical work abroad.

The Faculty of Knox College have cordially agreed to provide a special course of lectures in Theology to any Presbyterian students preparing for the mission field, and the Faculty of McMaster Hall
