## IMPERIAL STOCK FARM HOLSTEINS

A prizewinning herd of imported, officially tested stock. Bulls of all ages for sale, also a few cows.

**W. H. SIMMONS, New Durham, Ontario.**

### GOSSIP.

Mr. A. M. Shaver, Ancaster, Ont., writes: "As I have purchased the Village Blossom bull, Trout Creek Sailor, I will sell Christopher (imp.) 22859, as a number of his heifers are of breeding age. He is grandly bred, and a grand good stock-getter, in nice breeding condition, and has proved himself all that his former owner, Mr. James Douglas, Caledonia, recommended him to be. His calves seem to come better every year, and as he is very active and sure, he should prove a valuable sire in any herd. Our sales, this year, have been very encouraging. We still have one choice, thick eight-months-old bull calf, sired by Christopher, and some choice young cows and heifers."

Mr. R. H. Reid, Pine River, Ont., writes: "I have sold to Mr. Thos. Blair, Lurgan, Ont., the young Short-horn bull, Pride of Lurgan, one of the low-down, blocky sort, with a model head and horn, and carrying one of the greatest coats of hair we have sent out yet. This bull is of excellent breeding, his grandsires being such noted bulls as Royal Sailor (imp.) and Indian Chief (imp.), besides having a decided milking strain on the dam's side. Mr. Blair is a young man, with a liking for good cattle, and is to be congratulated on his enterprising spirit. Have had a good demand for bulls this winter. Have also had an excellent home trade, where our herd is well known, which is very encouraging indeed."

### POST OFFICE AND TELEGRAPHS.

Mr. Henniker Heaton, M. P., writes in the Grand Magazine, a very interesting paper about the post office. One of the marvels of that institution to which he calls attention is the ever-growing surplus. It yearly causes the British Postmaster-General, he says, to "stare and gasp, like a hen that has unwarily sat on and hatched an emu's egg. It suggests the fabled mill which kept on grinding because the owner had forgotten the formula to be uttered in order to stop it." There is a steady growth of some £250,000 a year in the postal surplus, which is now £3,981,000. Twenty million pounds—that is to say, a seventh part of the British Revenue—is raised by means of the post office. It seems to Mr. Henniker Heaton "scandalous" that with an annual profit of £3,981,000 the department cannot, for instance, set its way to register a letter for a penny instead of exacting twopenny, or to sell post cards at the face (stamp) value.

The telegraphic business of the British post office is, however, "a dismal failure." The average payment received on a telegram is 7d., and the average expenditure on it is 1s.; in other words, there is a loss of 4d. on each message. Last year there was a deficiency of £1,215,000 in the telegraphs account. The postal telegraphs branch, Mr. Henniker Heaton contends, is sadly in need of a process of "reconstruction," as the company promoter terms it. It is still burdened with £278,000 a year of the sum borrowed to buy up the old telegraph companies in 1870; and with £55,000, the value of the messages transmitted free for the railway administrations. If an experienced city man were called in he would, perhaps, say to those responsible for this wastage: "Why not try fourpenny (as in India), threepenny, or even twopenny messages—it would not hurt the wires."

Cables, Mr. Henniker Heaton further points out, are as vital to the Imperial existence of Britain as warships, cannon, or magazine rifles.

It is the more remarkable that our Government is content to leave the Imperial nervous system in the hands of private companies, instead of forming a syndicate with the colonial governments to acquire all British-owned lines for the State. If that were done, not only would the cables be strategically rearranged and extended, but the present exorbitant charges would be instantly cut down. No message to any part of the world should cost more than 1s. a word and under the zone system we might "wire" for 1d. a word to India and North America, 2d. a word to Europe and South Africa, and 3d. to Australia. Our commerce is bound hand and foot with these copper bonds, our power cut off from their friends who emigrate. Social messages only amount to three per cent. of the traffic of the World Wide.

## A WOMAN'S BACK IS THE MAINSPRING OF HER PHYSICAL SYSTEM.

The Slightest Back-ache, if Neglected, is Liable to Cause Years of Terrible Suffering.

No woman can be strong and healthy unless the kidneys are well, and regular in their action. When the kidneys are ill, the whole body is ill, for the poisons which the kidneys ought to have filtered out of the blood are left in the system.

The female constitution is naturally more subject to kidney disease than a man's; and what is more, a woman's work is never done—her whole life is one continuous strain.

How many women have you heard say: "My, how my back aches!" Do you know that backache is one of the first signs of kidney trouble? It is, and should be attended to immediately. Other symptoms are frequent thirst, scanty, thick, cloudy or highly colored urine, burning sensation when urinating, frequent urination, puffing under the eyes, swelling of the feet and ankles, floating specks before the eyes, etc.

These symptoms if not taken in time and cured at once, will cause years of terrible kidney suffering. All these symptoms, and in fact, these diseases may be cured by the use of

## DOAN'S KIDNEY PILLS

They act directly on the kidneys, and make them strong and healthy.

Mrs. Mary Galley, Auburn, N.S., writes: "For over four months I was troubled with a lame back and was unable to turn in bed without help. I was induced by a friend to try Doan's Kidney Pills. After using two-thirds of a box my back was as well as ever." Price 60 cents per box or three boxes for \$1.25 at all dealers, or sent direct on receipt of price. The Doan Kidney Pill Co., Toronto, Ont.

## ANNANDALE HOLSTEIN HERD

Have won during the past show season at Ottawa first and sweepstakes on cow, first on 3-year-old, first on 2-year-old class. At Guelph (dairy test) first and sweepstakes on cow, first and second in heifers.
