TEMPERANCE.

DARE TO SAY "NO."

Dare to say "No," when you're tempted to drink.

Pause for a moment, my boy, and think.—Think of the wrecks on life's ocean tossed For answering "Yes" without counting the cost!

Think of the mother who bore you in pain, Think of the tears that will fall like the rain.

Think of her heart, ah! how cruel the blow, Think of her love, and at once answer "No."

Think of the hopes that are drowned in the bowl, Think of the sad lives once as pure as the snow.

Look at them now and at once answer "No!"

Think of a manhood with rum-tainted breath, Think how the glass leads to sorrow and death,

Think of the homes that, now shadowed with woe, Might have been heaven had the answer been "No."

Think of the lone graves both unwept and unknown, Hiding fair hopes that were fair as your own;

Think of proud forms now forever laid low, That still might be here had they learned to say "No."

Think of the demon that lurks in the bowl, Driving to ruin both body and soul;—

Think of all this as life's journey you go, And when you're assailed by the tempter say "No!"

ACTION OF TOBACCO ON THE SYSTEM.

—Some years ago the French Govern-... ment directed the Academy of Medicine... to inquire into the influence of tobacco... on the human system. The report of... the commission appointed by the Aca-... demy, states that a large number of the... diseases of the nervous system and of... the heart, noticed in the cases of those... affected with paralysis or insanity, are... to be regarded as the sequence of ex-... cessive indulgence in the use of this... article, and it is remarked, that tobacco... seems primarily to act upon the organic... nervous system, depressing the faculties... and influencing the nutrition of the... body, the circulation of the blood, and... the number of red corpuscles in the... blood. Attention is also called to the... bad digestion, benumbed intelligence... and clouded memory of those who use... tobacco to excess.

DRUNKENNESS A CRIME.

Attention has been turned so much... of late to drunkard makers, the manu-... facturers and sellers of intoxicating... drinks, that the drinker's crime has... come to be dealt with in undue tend-... erness.

Sometimes a speaker or a writer on... the subject of temperance puts the... drunkard in his true light, but the gen-... eral tone of him is one of pity of him... rather than of blame. There is point... and justice in the following language of... the *Inter-Ocean* Chicago.

People have made many mistakes in... speaking of the "poor drunkard," and... placing all the responsibility of his... drunkenness on the saloon keeper, when... we place the responsibility upon the... drinker, and let him know that it is a... crime against his family and society... for which he will be held accountable... we will begin to check the vice. A great... many young men have come to the con-... clusion that it is a good thing "to sow... a few wild oats," and a few drinks more... or less will not militate against their... respectability, and their entering into the... best society. Drunkenness is a crime... and the drunkard is a criminal. If he... fails to murder or run through the cal-... endar of crime, it is because the circum-... stances do not favour it, and not be-... cause he has not fitted himself for... work. Young man, you yourself are... responsible if you become a drunkard... an outcast. You sow in the saloon as... reap in the prison yard and upon the... scaffold the harvest of your ruined life.

"IT DON'T HURT ME."

"It don't hurt me," is the rejoinder... most frequently made when individuals... are remonstrated with regarding the... use of tea, tobacco, or liquor, or respec-... ting the continuance of any other hu-... ful practice. The drunkard says, "Liquor... does not hurt me." Says the tobacco... user, "Tobacco does me no... harm." Says the young lady who es-... mince pie and pickles, mustard and... per sauce, rich pastry, and confection-... ery, visits theatres, attends fashionable... parties, and indulges in fashionable... suppers, when remonstrated with... the reckless manner in which she squan-... ders her health, "Oh, it's so charming... and it doesn't hurt me."

It is easy enough for all these peo-... ple to see that the things they do... are fatally injurious to other people, though... they will not admit any such influence... in their own cases. The drunkard... every day of his life the ruin of his... and soul, for both this world and the... next, which liquor works; and he call... his chum a fool for getting drunk and... wasting his time as well as his health... The young lady sees many of her yo-

Made of Good American Cotton with great care.  
Correctly numbered and Warranted Full... Length and Weight.  
We would ask the purchasers of Cotton Warp... to remember that our Yarn is spun on Throats... Frames, which make a stronger Yarn than the... Ring Frames, used in making American Yarn.  
It is also better twisted and more carefully... reeled; each hank being tied up in 7 less of 120... yards each. This makes it much more easy to... wind than when it is put up without less—as the... American is—and also saves a great deal of waste  
Those acquainted with weaving will under-... stand the great advantage it is to them to use... yarn put up in this manner.
